Governor's Principles:
A = The basic educational needs of children must be met and adults should have opportunities to develop through training and education.

B = We must work to preserve Oregonians' basic health and daily needs.

C = Economic development and a positive business climate are key to creating sustainable businesses and jobs.

D = We value a balance between growth, infrastructure development and environmental protection.

E = Oregonians have a right to be safe.

F = State government should be stable, responsive and accountable to Oregonians.
