AS STUDENTS ENTER THE "ACADEMIC CENTER"

(1) They are to sign-in below indicating the requested information
(2) Receive assistance from one of the Teachers Present

It is the responsibility of every teacher to arrange for a "reasonable number" of their students to be present for an extended day session.

Teachers who are present for a given tutoring session must sign-in (no initials) next to their name as well as indicate the period they reported for tutoring on the given day.

Tutoring locations and assigned periods are not to be changed without prior administrative approval. Teachers who have been pre-approved to tutor at an alternate location within the building must complete and submit, to the principal's secretary (room 231), an individualized weekly tutoring report which can be obtained from Mr. Andrews, APO.

Your cooperation in this matter will be appreciated.
