Is the waste ready for collection now? If 'No', when will it be ready? Or do you require a packing service?

Note unless you have selected the additional packing service it is your responsibility to ensure the WEEE is packed safely and robustly for transport. We reserve the right not to proceed with the collection if the WEEE is not suitably packaged and ready when the driver calls to pick up the collection.

Special intructions or additional details

If the WEEE relates to a ***Producer's*** obligation then please give their details (note: please use a new form for each individual producer):

Evidence

- [ ] B2B evidence (the WEEE arises from business customers)
- [ ] End-user weee (the WEEE arises from the producer's own business operations, and they have not sent it back to any other producers)
- [ ] B2C evidence (the products are HOUSEHOLD goods, and have been taken back in-store under regulation 32, or sent back directly householders to the producer's premises. If the producer is part of our scheme, this evidence will contribute to their B2C obligation. If they are part of another PCS, this evidence will be sent to that PCS).
