## COURSES OFFERED

Participants will choose 7 of the courses offered below. Please rank in order of preference. With 1-4 being your first choices and 5, 6 and 7 will serve only as alternates. Mail your completed form with payment to the address provided. You will receive a confirmation letter, agenda and directions to Wallum Lake Rod and Gun Club one week before the event.

### Archery 101

Learn about the fun sport of archery. You will learn the different parts of the bow and techniques on how to shoot in this hands-on class.

### Backyard Chickens

An introduction for anyone who's interested in raising backyard hens! The basics will be covered such as types of feed, space requirements, living conditions, care and health, and cost. Other topics include housing and fencing, types of chickens, all about eggs, maintenance, common practices and more!

### Beekeeping 101

Would you like to raise honeybees in your backyard? Our expert instructor will talk about how to get started raising bees, the clothing and equipment needed, building a hive, collecting honey, and common bee diseases. After this "taste" of honey making, you can decide if you're ready to enter the world of beekeeping!

### Canning with Kathy

Learn the basics of the waterbath method and pressure canning method of food preservation. We will discuss food safety, equipment, proper processing methods and demonstrate a simple canning project.

### Deer Hunting 101

If you've ever had an interest in deer hunting and wanted more information on the subject, this is the class for you. Participants will learn the basics of deer hunting and more with Gerry Lemire and staff!!

### Dream Catchers

Learn about Native American Culture while making a Dreamcatcher with Narragansett artist and educator, Lorén Spears, Director of Tomaquag Museum. She will connect you to the Native uses of the environment while gathering materials for making your Dreamcatcher. She will share the history and legend of the Dreamcatcher, while teaching participants the weaving technique. A short walk in the woods to gather some natural materials will be included.

### Dutch Oven Cooking

Food always tastes better when it's cooked outside. Don't go hungry in the outdoors! This session covers methods, equipment and recipes. Bring your appetite!

### Falconry

Learn about the 5000 year old sport of falconry. In this class you will learn about trapping the birds, housing, equipment, training, and exams. All things required to be a falconer.

### Fly Tying & Fly Casting

Have fun developing a new skill while working with a variety of mediums (hair, feathers, etc.) to create your own flies that attract a great variety of fish. Get pointers as you practice fly casting in our pond!

### Fur Handling for Beginners

Learn the basics of fur processing and marketing your furs from our expert. Learn from the catch to finished product!

### Geocaching 101

Geocaching is a hi-tech treasure hunt that challenges participants to find hidden treasures using a GPS, and has become the fastest growing sport in the world. This class will explain geocaching, how the game is played and go on a hunt or two.

### Rachyl's Goat Milk Soap & Lil' Soy Candles Workshop

Learn the art of hand crafted hot method soap making and soy candle making. Learn how to handle lye safely, how to cut, cure and store your soap plus more! Students will also learn hand poured soy candles and the benefits of soy wax. All students will take home a bar of soap and a candle! \*Additional \$5 materials fee

### Natural Beauty and Home Products

In this time of fast pace and families, it is time to take time for yourself. In this class, you will learn how to use items that nature provides and adding items from your kitchen to make beauty products and air fresheners for pennies. Some of the items that will be covered are lotions, body scrubs, lip balms, bath salts and air fresheners. If there is time, a few more surprises will be added. You will be taking home what is made along with the recipes!

### Orienteering/Map and Compass

This course is a fun and challenging outdoor activity in which participants navigate their way on foot, using only map and compass along trails. Learn about different types of maps and have fun while hiking through the woods using your new knowledge.

### Pistols/.22 Rifles (Sunday Class Only)

Participants will learn gun safety, proper handling of .22 rifles and pistols, shooting positions, and basic shooting techniques.

\*Additional \$5 class fee

**Ladies Night OUTdoors**  
Night time activities,  
Campfire & S'mores, and  
much more! Come and meet  
new friends, and learn new  
outdoor skills!

### Shotgunning-Clay shooting for all levels (Sunday class only)

Whether you are just learning to shoot or want to sharpen your shooting skills-In this class, you will be familiarized with different types of shotguns, ammunition, proper gun fit, and safety. Participants will have an opportunity to shoot clay targets on the range.

\*Additional \$5 class fee

### Trapping/ Furbearers

Learn the basics of trapping. Whether it is to address human wildlife conflict issues or to take furbearers during the statewide trapping season. This class will include identification, humane trapping standards and devices and equipment placement.

### Tree stand Setup & Safety

Learn how to properly set up your treestand, whether for hunting, photography or nature watching. Students will climb treestands with harnesses and learn how to avoid accidents. Learn how to be attached from the time you leave the ground until you return. Proper footwear required!

### DIY Taxidermy Projects-

Learn from a professional, tips and tools on how to create beautiful taxidermy projects from home. You will watch a step by step demonstration on how to create your own taxidermy and more!

### Walk in the Woods

Learn about Rhode Island's beautiful forest ecosystem with a RI DEM service forester while walking through the woods. Participants will learn about tree, plant, and animal identification while getting fresh air!

### Wilderness Cooking

What would you do if you were lost and needed to cook something you caught? You have no fire, no pot, and the water looks dirty... Whether you are backpacking or in a survival situation, having a knowledge of wilderness cooking techniques is important. This class covers different methods and recipes- everything you will need to "survive" off the food you might forage or catch.

**White Elephant Raffle: Bring in new, used or unwanted outdoor-themed items to donate for our annual white elephant raffle. Donate an item or two and receive a special raffle ticket for each item. We will also have various raffles, games and a silent auction. Cash, check and credit cards are all accepted.**

**Space is limited, so register early!**
