Welcome to Prague

We are proud to welcome you to Prague, Czech Republic for the 20th World Congress on Ultrasound in Obstetrics and Gynecology, October 10-14, 2010. Prague is associated with renowned scientists such as Albert Einstein, Christian Doppler, Tycho Brahe and Johannes Kepler. Music composers Mozart, Smetana and Dvorak also belong to the city as does writer Franz Kafka. An epic history has made Prague one of the most beautiful cities in the world, as well as a UNESCO World Heritage site. A magical city of bridges, cathedrals, gold-tipped towers and church domes, Prague is also a modern European metropolis full of energy, music, and art.

ISUOG will celebrate its 20th anniversary in Prague. The Society has proven its strength and vitality during the years and left its "teen" years in even better shape than before. We have become a real world community and the 2010 Congress in the heart of Europe will bring together researchers from all continents to share their best knowledge and expertise. We look forward to welcoming you to Prague in October 2010.

Terms and conditions of exhibiting

1. Definitions

In these Regulations the term "Exhibition" in all cases refers to the aforesaid Trade Exhibition, being held in conjunction with the aforesaid Congress. The term "Exhibitor" includes any person, firm, company or corporation and its employees and agents to whom space(s) has been allocated for the purpose of exhibiting at the Exhibition. The term "Organisers" means ISUOG_CCL on behalf of the Organising Committee. The term "Premises" refers to those portions of the stated venue licensed to the Organisers.

2. Installation and removal of exhibits

Exhibitors will be advised of when they may commence installation of exhibits. Exhibitors are prohibited from commencing such installation until the time nominated to them. The Organisers will use their best endeavours to adhere to the nominated date for the commencement of Exhibitor's work but will accept no responsibility for any costs, claims or expenses arising from any variation to such date. Exhibits which do not reasonably satisfy the Organisers or the Premises shall be modified forthwith by the Exhibitor in such manner and within such time as the Organisers may require and in default the Organisers may remove such exhibits at the expense of the Exhibitor who shall forfeit all sums paid by way of deposit, rental or otherwise. No Exhibitor shall erect any sign, stand, wall or obstruction, which, in the opinion of the Organisers, interferes with an adjoining Exhibitor, at the sole discretion of the Organisers. The Exhibitor is responsible for the safety of its products, display and stand. During breakdown period no material should be left unattended at anytime. It is the responsibility of the Exhibitor to leave the stand space clean and tidy during the Exhibition and after dismantling. All exhibits, displays, stand fittings and materials must be removed from the Premises by the time and date stated by the Organisers. Removal of exhibits and dismantling may not commence until after the official closing time. Any special arrangements for installation or removal of exhibits must be with the approval of the Organisers.

3. Stand construction and services

For insurance, security reasons and to adhere to regulations stipulated by the Premises, the Organisers will appoint official contractors for all stand construction, all electrical services (mains and fittings) and all ancillary services. Due to the necessity of co-ordinating all activities during installation and dismantling periods and for security purposes, no other contractors will be permitted to undertake any of this work without prior consent of the Organisers.

4. Application

The Organisers reserve the right to refuse any application or prohibit any exhibit without assigning any reason for such refusal or prohibition. An Exhibitor may not, except by express written permission of the Organisers display directly or indirectly, advertise or give credits to any products other than his own or those of his named principal. The display of acknowledgement or credit indicating membership of organisations or Trade Associations is not allowed except by express written permission of the Organisers. The Organisers reserve the right to have masked or removed from the Premises any product or sign violating this regulation and all costs will be charged to the Exhibitor. The Organisers reserve the right to postpone the Exhibition from the set dates and to hold the Exhibition on other dates as near to the original dates as possible, utilising the right only when circumstances necessitate such action and without any liability to the Organisers. The Organisers will not be responsible for costs of such changes. The Organisers reserve the right to change the exhibition floor layout if necessary. The Organisers reserve the right in unforeseen circumstances to amend or alter the exact site of the location of the stand and the Exhibitor undertakes to agree to any alteration to the site or the space re-allocated by the Organisers.

5. Cancellation

In exceptional circumstances the Organisers will be prepared to consider cancellation of their contract with Exhibitors, but only if the following conditions are complied with:

- That the request for cancellation is submitted in writing
- That the request is received at least three months prior to the opening of the Exhibition
- That the Organisers are able to re-let the cancelled space in its entirety
- That the reason given for the request of the cancellation is, in the opinion of the Organisers, well founded
- That the Exhibitor agrees that the Organisers shall retain 10% of the contract price if the cancellation is accepted at any stage; 30% of the contract price if the cancellation is accepted within 3 to 9 months prior; 100% of the contract price if the cancellation is accepted within 3 months prior to the Exhibition opening.

6. Bankruptcy or liquidation

In the event of an Exhibitor becoming bankrupt or entering into liquidation (other than voluntary liquidation for the purpose of amalgamation or reconstruction) or having the Receiver appointed, the contract with such an Exhibitor will terminate forthwith, the allotment of stand space will be cancelled and all sums paid by the Exhibitor under contract shall be forfeited.

7. Occupation and payment of stand space

The Exhibitor, its servants, agents, employees and contractors may enter the building only at a time which will be nominated to them for the purpose of stand dressing and fitting. In the event of an Exhibitor failing to take possession of its stand the Organisers have the right to re-allocate the stand and all monies paid shall be forfeited. Exhibitors have seven (7) days in which to make their final payment when it falls due. After this time, and only when monies have not been paid, the stand will be available for sale to another Company. All deposits paid will automatically be forfeited and no refund will be made. No Exhibitor shall occupy its stand space in the Exhibition until all monies owing to the Organisers by the Exhibitor are paid in full. If the Exhibitor fails to comply in any respect with the terms of this agreement, the Organisers have the right to sell the space. The Exhibitor, however, will be liable for any loss suffered by the Organisers as a result and all monies paid by the Exhibitor shall be forfeited to the Organisers. If in the event of the Exhibitor failing to occupy the said space by the advertised opening of the Exhibition, the Organisers are authorised to occupy or cause the said space to be occupied in such manner as they may deem best for the interest of the Exhibition without refund to the said Exhibitor and without releasing the Exhibitor from any liability within these Exhibition terms and conditions.

8. Obstruction of gangways and open spaces

Exhibitors will not be allowed to display exhibits in such a manner as to obstruct the light or impede or project over gangways or affect the displays of neighbouring exhibitors. Gangways must at all times be kept clear and free for passage. All emergency exits and access to service areas are to be kept clear at all times. They must not be restricted or rendered unrecognisable. Public gangways shall remain the means of escape even during installation and dismantling periods. Any Exhibitor who continues to cause obstruction or nuisance after notice has been given will be liable to have its stand closed by the Organisers at the Exhibitor's expense and risk.

9. Conduct of Exhibitors and representatives

Annoyance: The Organisers reserve the right to stop any activity on the part of any Exhibitor that may cause annoyance to other Exhibitors or visitors. Business must be conducted only from the Exhibitor's own stand and under no circumstances may this be carried out from a gangway or elsewhere within the Exhibition.

permitted but the volume must not be such as to cause annoyance to other Exhibitors. The Organisers reserve the right to prohibit their use if in the Organisers' opinion any annoyance is being caused.

10. Trade Union labour

All stand fitting, construction or display work should be carried out by members of the appropriate Trade Unions recognised by the Exhibition industry at the rates of pay and overtime and conditions in accordance with the terms of the Working Rules Agreement currently in force.

11. Electrical requirements

Full lighting and power services will be available to the Exhibitor through the official electrical contractor. A schedule of these services and fees will be available once application has been made. Exhibitors may provide their own electrical fittings where such fittings are in the form of made up units, showcases and/or signs complete and ready for connection to the mains supply. Electrical devices which interfere with radio or television systems must be switched off immediately if requested by the Organisers. The use of electrical appliances such as coffee makers etc. shall only be permitted if they conform to the conditions concerning electrical appliances as laid down by the appropriate authority and other statutory bodies. Before such appliances are used, permission must be obtained from the Exhibition Organisers. The use of immersion heaters and electric heaters with unguarded elements are not permitted.

12. Dangerous materials and exhibits

Exhibitors will be responsible for all damage to property and for any loss or injury caused by them or their agents or employees and will indemnify the Organisers against all claims and expenses arising there from. In the event of it being necessary for any reason whatsoever for the Exhibition to be abandoned, postponed or altered in any way in whole or in part, or if the Organisers find it necessary to change the dates of the Exhibition or vary the hours the Exhibition is open, the Organisers shall not be liable for any expenditure, damage or loss incurred in connection with the Exhibition. The Organisers shall further not be liable for any loss, which the Exhibitor or Exhibition contractors may incur owing to the intervention of any authority, which prevents or restricts the use of the Premises or any part thereof in any manner whatsoever.
