(fits over ¼" shaft of pot, ¾" long) - \$5.00

#VP-Spring – Spring for Volume Pedal

(1¼" x ¼") - \$1.00

To Order

Send an e-mail c/o steelcan@steelguitarcanada.com

-(or phone) with your requested items;
(Toll Free Order Line, 1-877-673-6394 Canada & USA)

-(or mail) using the Order Form on the last page;

(Remember...there is a \$40.00 product minimum on mail orders)

We need your address & phone # to obtain a shipping quote, then we can get back to you with the postal shipping options & any applicable taxes.

We will then need to determine method of payment...Visa, MasterCard, Money Order, Internet Bank Transfer, etc.

Regarding Postal Shipping

There is a \$40.00 product minimum on mail orders because it costs about as much to ship a \$20.00 order as it does a \$60.00 to \$80.00 order (depending upon items), & takes just as much paper, ink, & time to process.

It is more economical to ship items under 30 Kg (66 lb) via the post office. Courier shipments (UPS, FedEx, etc.) across international borders incur brokerage fees of app. \$30.00+ in addition to freight costs.

Applicable Canadian taxes are extra on sales within Canada.
No Canadian tax is charged on 'out of Canada' shipments.

Thanks, Al Brisco
