THE CARE AND CLEANING OF PREMIUM VINYL SIDING & SOFFIT

Like any other exterior siding surface, Premium Vinyl Siding and Soffit will have dirt exposure from atmospheric conditions. Ordinarily, the cleaning action of rainfall will be adequate to wash the siding. However, siding and soffit should be washed periodically by rinsing with a garden hose and clear water, particularly in those areas not exposed directly to rain. If you desire to do a more thorough cleaning, or where high soil collection conditions occur, follow these simple instructions.

1. Use a soft-bristled, long-handled washing brush. It attaches to your garden hose and makes washing your siding easier. Do not rub vigorously, as this may create glossy areas over the siding finish.
2. For hard-to-remove dirt, such as soot and grime found in industrial areas, wipe the siding down with a solution consisting of the following ingredients:
1/3 cup powdered detergent (Tide® Fab® or equivalent powder detergent)
2/3 cup household cleaner (SoilMax®, Spic & Span® or equivalent)
1 gallon water
3. If mildew is a problem in your area, prepare the solution above but add 1 quart of laundry bleach for 1 quart of water.
4. If you wash down the entire house, start at the bottom and work up to the top, as less streaking will result.

5. It is important that immediately following all washing operations, the entire surface be thoroughly rinsed with fresh water from a garden hose. Avoid prolonged or high pressure rinsing of open, ventilated areas.
6. For best results when using a cleaning solution, select an overcast cool day (55°-75°) and wash only small areas at a time. This should allow the wet cleaning solution to remain in contact with the finish for a period of not less than 3 minutes; then rinse with clear water before it has a chance to dry.

CAUTION: GREATER CONCENTRATIONS MAY CAUSE DAMAGE TO THE SIDING FINISH. DO NOT USE CLEANERS CONTAINING ABRASIVE PARTICLES, SOLVENT OR AMMONIATED-TYPE CLEANERS OR PAINT REMOVER FOR CLEANING THE SIDING. WHEN USING ANY OF THE ABOVE CHEMICAL CLEANING AGENTS, OBSERVE THE CHEMICAL MANUFACTURER'S RECOMMENDED SAFETY PRECAUTIONS. PROTECT AGAINST CONTACT OF THE SOLUTION WITH EYES OR SKIN.

This cleaning and maintenance information is suggested in an effort to be of assistance; however, AMI can assume no responsibility for results obtained which are dependent on the solution chemicals as prepared and method of application.

Premium Vinyl Siding LIFETIME LIMITED WARRANTY

Transferable

Preservation® Premium Vinyl Siding and Soffit are warranted by AMI against blistering, corroding, flaking, peeling, and cracking as a direct result of defects occurring in the manufacturing process, under normal use and service, subject to the terms and conditions contained in this Warranty.

If AMI determines that a claim is valid in accordance with the terms of this Warranty, AMI agrees, at its sole option, to repair, refinish or replace only the defective siding panels and assume 100% of the cost of material and labor.

In the event that the building upon which the warranted siding and/or soffit has been installed comprises multiple residential or commercial units, including condominiums, then each individually addressed unit shall be deemed to be a separate property owner unit for all applicability purposes of this Limited Warranty. For an entity other than living persons, the warranty period shall be for fifty (50) years from the original date of installation, under this Limited Warranty.

TRANSFERABILITY PROVISIONS

This limited lifetime warranty (this "Warranty") remains in effect for as long as the owner(s) of the property to which the Products were originally applied [the "Original Property Owner(s)"] continues to live in and to own the property. In the event that there is more than one Original Property Owner, this Warranty will remain in effect as long as one of the Original Property Owners is living and owns an interest in the property. Upon change in ownership, this warranty may be transferred to the first subsequent owner(s) ["Subsequent Transferee(s)"] as a fifty (50) year, limited non-prorated warranty beginning from the date of original installation of Products.

EXCLUSIONS

AMI does not warrant installation nor defects caused by installation. This Warranty covers only the specific manufacturing defects as specified herein.

This Warranty does not cover any other damages or material failure including, but not limited to, normal weathering, oxidation, Acts of God, fire, flood, wind, impact from foreign objects, chemical pollutants, mold, mildew, structural defects, negligent maintenance, abuse (intentional acts and unreasonable use), accidents, distortion or warping due to unusual heat sources (including but not limited to barbeque grills, fire, reflection from windows, doors or other objects). Normal weathering may cause any surface to oxidize, chalk or accumulate surface dirt or stains due to varying exposures to sunlight, weather and atmospheric conditions. The geographic location, the quality of the atmosphere and other local factors in the area, over which AMI has no control, contribute to the severity of these conditions. This Warranty is valid only if genuine Preservation Premium Vinyl Siding or Preservation Soffit are used, but shall be void if accessory Products incompatible with the siding or soffit are installed which cause defects to occur. This Warranty does not apply to siding that has been painted, varnished, or similarly coated over the manufacturer's original finish unless coating is authorized by AMI pursuant to this Warranty.

LIFETIME LIMITED FADE PROTECTION

AMI warrants that the Products will not excessively fade. Excess fade is defined as a change greater than 3 Hunter Units of Delta E. This limited lifetime Fade Protection remains in effect for as long as the owner(s) of the property to which the Products were originally installed [the "Original Property Owner(s)"] continues to live in and to own the property. For an entity other than living persons, the Fade Protection period shall be for fifty (50) years from the original date of installation under this Limited Warranty prorated under the following schedule.

AMI WILL COVER FADE ON THE FOLLOWING BASIS:

AMI upon notification and validation of the complaint, will, solely at its option, either repair, replace or refinish (providing materials and labor) Products that have faded, provided such fading is in excess of 3 Hunter units of Delta E.

PROTECTION SCHEDULE

<i>Number of Years from Installation Date to Claim Date</i>	<i>% of Purchase Price of Originally Installed Products Found to be Defective for which AMI will be Responsible</i>
During original purchaser's property ownership	100%
During first subsequent owner's property ownership	100%
Others covered by a 50-year prorated warranty: 0-5 years	100%
More than 5 but less than 7	90%
More than 7 but less than 8	80%
More than 8 but less than 9	70%
More than 9 but less than 10	60%
More than 10 but less than 11	50%
More than 11 but less than 12	40%
More than 12 but less than 13	30%
More than 13 but less than 14	20%
More than 14 but less than 50	10%

Due to normal weathering, replacement Products may differ in gloss and color from Products that were originally installed. Our obligations under this Warranty will in no event exceed the purchase price of the originally installed Products determined by AMI to be defective and the cost of the labor involved in the original installation of such defective Products. Any additional costs beyond these amounts are the property owner's responsibility.

HAIL

Preservation Premium Vinyl Siding and/or Soffit is also warranted against damage from hail. In such cases, upon authorization, the replacement materials only are covered. In the case of hail damage, the homeowner should first pursue their homeowners' insurance policy for coverage. In the event that coverage is denied by insurance carrier, homeowner will be entitled to the hail protection coverage hereunder. All other costs of replacement of hail-damaged Products, including the cost of labor, shall be the sole responsibility of the Original Property Owner(s) or Subsequent Owner(s) of the property.

CLAIM HANDLING

Any claims for defects under this Warranty must be reported to AMI, Consumer Services Group, 1-800-489-1144 within the Warranty period and promptly after discovery of the claimed defect, describing the defect claimed. Proof of product purchase and proof of property ownership is required for coverage under this Warranty. The homeowner may be asked to complete a questionnaire and submit photos and/or samples, or at AMI's option, a reasonable time shall be allowed for inspection purposes. The obligation of AMI, under this Warranty, shall be performed only by persons designated and compensated by AMI for that purpose and is subject to all other provisions of this Warranty.

The original Warranty shall not be extended by any such work performed, but the remaining Warranty time period shall continue in effect and be applicable under the terms and conditions of this Warranty to the Warranty work performed. A color variance may occur between any new replacement panel(s) in comparison to the originally installed panels due to weathering exposure and would not be indicative of defective siding or soffit. AMI reserves the right to discontinue or change any siding or soffit as manufactured. If the siding or soffit originally installed is not available and AMI determines to replace the defective siding, AMI shall have the right to substitute siding or soffit designated by AMI to be of equal quality. AMI may elect to refund the original purchase price for only the defective materials.

The provisions of this Warranty are the full and complete Warranty policy extended by AMI.

This Warranty shall remain in effect only if normal cleaning practices are performed for maintenance of the siding or soffit. (See Care and Cleaning.) This Warranty shall be null and void if harmful cleaning compounds are used.
