Who Are We?

Up until now we have been a successful online community where members offer their merchandise and or services, via our website and we use a currency called Barter Bucks (BB's) to purchase these items and services.

In turn, those BB's become available to the seller and they use them on things they would like to purchase.

With our store opening we are excited to carry our members merchandise and services available at a central location. Everything in the store will be sold for BB's. For non-members, we will accept cash. (See website for details)

Currently, we have a nice variety of health products, gifts, jewelry, books, hunting knives, vintage items and access to a variety of services such as, housecleaning, accounting, massage, acupuncture, reiki and much more.

The variety is constantly changing, so there is something for everyone....and a great reason to keep returning!

Do your B.E.S.T. with us!
