

Balanced Literacy Lesson Plan: Presentation and self evaluation Form

Student's Name _____

It is expected that students submit a cooperative work. This means that by working cooperatively group members discussed and negotiated ideas until reaching a common product. An intellectual conflict is expected in the process. A collaborative effort consists on adding each member's contribution without intellectual conflict. Please follow the questions below as a guideline and attach it to your rubric:

Students' Name: _____

- ✓ I missed _____ out of _____ meetings
- ✓ I did not do _____ which was my responsibility in the group.
- ✓ How did you contribute to the project? _____

- ✓ Were your ideas respected by other group members?

- ✓ Were there group members who did not contribute as expected?

- ✓ Who? How did you solve this as a group?

- ✓ What was the most challenging task in this project? (Time constraint should not be included in this question) _____

- ✓ Describe what make this assignment a cooperative or a collaborative effort. What did you learn from the discussions?
