SAINT LOUIS UNIVERSITY

Occupational Health Program for Laboratory and Animal Research

Medical History Questionnaire

The Medical Component of the Occupational Health Program (OHP) centers around three things:

1. Medical History Evaluation
    a. The purpose of the OHP Medical History Questionnaire (MQ) is to obtain information about personal health as it relates to potential work exposure to biological pathogens, recombinant DNA, and/or laboratory animals.
    b. The MQ should be completed by each participant. Personnel should follow the instructions on page two of this document. The completed medical questionnaire is reviewed by Employee Health with attention to animal allergies, ergonomics, and immune suppression issues.
    c. Personnel may decline the medical services portion of the program by filling out the declination form (last page) in addition to the MQ. In order to decline medical service BOTH the MQ and the declination form must be signed and returned to Employee Health.

        Please Note: Declining the medical services of the Occupational Health Program may prevent a worker from participating in certain research that is part of their job or project. Workers should discuss declination with supervisor prior to completing the form.

    d. Instructions for returning documentation to Employee Health are listed on page two.

2. Tetanus immunization every 10 years
    a. Employee Health will advise each participant if an update is needed.

3. Evaluation of work related injuries and illnesses
    a. Should a work-related injury or illness occur related to work in laboratory and/or animal research facilities, the involved employee must report it immediately to their supervisor, and an Employee Report of Injury Form must be completed.
    b. The supervisor should phone ahead to advise either Employee Health or SLU Hospital Emergency Room of the incident and incoming exposed patient.
    c. The injured employee should be referred to:
        Employee Health
        SLU Hospital West Pavilion (enter off Rutger Street)
        Hours: 7:30 am to 4:00 pm Monday-Friday (excluding holidays)
    d. If the work related injury or illness occurs outside business hours or if the work related injury is severe, the injured employee should report to the Emergency Room at SLU Hospital.
        i. If the initial treatment occurs in the ER, the injured employee MUST follow up with Employee Health on the next working day. An original Employee Report of Injury Form must be provided to Employee Health at the time of evaluation.

Occupational Health Program for Laboratory and Animal Research

MEDICAL HISTORY QUESTIONNAIRE

INSTRUCTIONS

You are being asked to complete this questionnaire to obtain information about your personal health as it relates to potential work exposure to biological pathogens, recombinant DNA, and/or laboratory animals. Various regulatory and oversight agencies require that all research institutions (including SLU) have such an occupational health program. This questionnaire may be completed at the time of hire, if you start working on a new protocol, or at intervals while working on an existing protocol.

- **The information you provide in this form will become part of your Employee Health record.** This information will NOT become part of your SLU personnel record, a SLUCare medical record, or a hospital medical record.
- After completing the questionnaire, please submit it to Employee Health (EH). To ensure confidentiality, it is best to use the EH secure, confidential fax line: 314-268-5490. You can keep the original for your own records after you check the fax confirmation from your machine. Alternatively, the form can be interoffice mailed to EH. If mailed, it is recommended that you keep a copy for your own records.
    - Employee Health (Confidential)
    - 3655 Vista Avenue, West Pavilion Suite 116

- After reviewing your responses, Employee Health may contact you to discuss the need for further medical evaluation. If you would like further medical evaluation at any time related to potential work exposures, contact Employee Health.
- Even if you decline medical services, complete the Medical History sections prior to signing the medical services declination form and returning it to Employee Health.
- For any questions about the Occupational Health Program, contact:

    Employee Health at 314-268-5499

Sheep	☐	☐	☐	_____	_____	_____
Goats	☐	☐	☐	_____	_____	_____
Swine	☐	☐	☐	_____	_____	_____
Other	☐	☐	☐	_____	_____	_____

If other, please specify: _____

5. ☐Yes ☐No **Do you think that you are allergic to any of these animals?**
   If yes, please check all that apply:
   ☐ Rats ☐ Mice ☐ Rabbits ☐ Guinea Pigs ☐ Monkeys ☐ Cattle
   ☐ Dogs ☐ Cats ☐ Hamsters ☐ Gerbils ☐ Prairie Dogs ☐ Dogs
   ☐ Sheep ☐Goats ☐ Swine ☐ Other (specify) _____
6. ☐Yes ☐No **Have you ever had any problems working around animals?**
   If yes, please explain: _____
7. ☐Yes ☐No **Do you currently experience problems working around animals?**
   If yes, please explain: _____
8. ☐Yes ☐No **Do you have any of the following symptoms when working with animals?**
   If yes, please check all that apply:
   ☐ Hand rash ☐ Other rash ☐Itchy eyes ☐ Watery eyes ☐ Runny nose ☐ Scratchy throat
   ☐ Cough ☐ Wheezing ☐ Trouble breathing ☐ Other (specify) _____
9. **Do you use or wear any of the following items when working with animals?**

Protective Eye Glasses	☐ Yes	☐ Sometimes	☐ No
Mask/Respirator	☐ Yes	☐ Sometimes	☐ No
Lab Coat	☐ Yes	☐ Sometimes	☐ No
Gloves	☐ Yes	☐ Sometimes	☐ No

10. **Are any agents of the following hazardous groups used in these animals?**
    ☐ Infectious ☐ Teratogenic/Carcinogenic ☐ Radioactive ☐ Other: _____
    Please list if checked: _____

_____
(Print Name)

Allergy History

11. ☐Yes ☐No **Have you ever been skin tested for allergies?**
    If yes, what substances were you found to be allergic to or sensitized to?
    ☐ Ragweed ☐ Grass ☐ Trees ☐ Mold ☐ Mice
    ☐ Dust ☐ Cat ☐ Dog ☐ Other: _____

12. ☐Yes ☐No **Have you ever received allergy (desensitization/immunotherapy) shots?**

    If yes, what year did you receive the shots? _____

13. ☐Yes ☐No **Do any of your blood relatives (grandparents, parents, brothers/sisters) have allergies or asthma?**

14. ☐Yes ☐No **Are you allergic to latex?**

    If yes, please describe your symptoms. _____

15. ☐Yes ☐No **Do you have any indoor pets?**
    If yes, which animals and for how long?

Animal	1-2 Years	2-3 Years	3-4 Years	Over 4 Years
Dogs	☐	☐	☐	☐
Cats	☐	☐	☐	☐
Other (Type): _____	☐	☐	☐	☐

16. **What type of fuel do you use at home?**

    Cooking: ☐ Electricity ☐ Gas/propane ☐ Oil ☐ Wood ☐ Other _____

    Heating: ☐ Electricity ☐ Gas/propane ☐ Oil ☐ Wood ☐ Other _____

17. ☐Yes ☐No **Do you have roaches in your home?**

18. ☐Yes ☐No **Do you have non-pet mice or other animals in your home?**

Recombinant DNA

Certain medical conditions, such as immunosupression and pregnancy, increase your risk of potential health problems working with pathogens, recombinant DNA, and/or animals.

19. ☐Yes ☐No **Are you involved with recombinant DNA technology or microorganisms that contain recombinant DNA?**

20. ☐Yes ☐No **Does the research involve techniques in which viable, recombinant DNA-containing microorganisms are used to infect animals that require Bio-safety level 2 or 3 containment?**

    If yes, please explain: _____

21. ☐Yes ☐No **Do you have any diseases (lupus, cancer, etc.) that suppress your immune system?**

    If yes, please describe your symptoms. _____

22. ☐Yes ☐No **Do you currently take any mediations that may suppress your immune system?**

    If yes, please describe your symptoms. _____

23. ☐Yes ☐No **Do you have any other health conditions that you think could be adversely affected by your work?**

    If yes, please describe your symptoms. _____

Attestation and Signature

There may be increased occupational health risks associated with your job if situations change. At any time after completing this questionnaire,

if you become pregnant or if you start planning to become pregnant
or
if you become aware of a change in your health status
or
if the species of animal that you are exposed to at work changes

you are strongly encouraged to contact Employee Health to receive occupational health counseling, and/or evaluation.

☐Yes ☐No **I have been informed about the Saint Louis University Occupational Health Program**

☐Yes ☐No **I have had the opportunity to read the document "Safe Handling of Laboratory Animals."**

The above information is accurate and completed to the best of my knowledge.

Instructions to Submit

Return completed form to Employee Health. It is best to use our secure confidential fax: 314-268-5490. You can keep the original for your own records after you check the fax confirmation from your machine. Alternatively, the form can be interoffice mailed to Employee Health. It is still recommended that you keep a copy for your own records.

Saint Louis University
Occupational Health Program for Laboratory and Animal Research

MEDICAL SERVICES DECLINATION FORM

Only Complete and Sign This Form if You Are Declining Medical Services in the Saint Louis University Occupational Health Program for Laboratory and Animal Research

The University and applicable research compliance committees (IACUC, IBC; RSC) must be assured that you are aware of the potential hazards associated with having contact with pathogens, recombinant DNA, and/or laboratory animals. Per University policy (RC-006), University personnel exposed to these hazards are required to participate in the Occupational Health Program for Laboratory and Animal Research (OHP). Persons required to participate in the OHP may decline the medical services component of the program. If you choose to decline the medical services, you are required to agree to the following:

1. I have been informed about the real and potential hazards associated with working with pathogens, recombinant DNA, and/or laboratory animals.
2. I attest that: (Check one)
   - ☐ I work with laboratory animals under Animal Use Protocol # _____;
     AND I have been informed of the Saint Louis University Occupational Health Program;
     AND I have had the opportunity to read the document "Safe Handling of Laboratory Animals."
   - ☐ I do not work with laboratory animals.
3. I knowingly decline the medical services offered in the Saint Louis University Occupational Health Program for Laboratory and Animal Research. I understand declining medical services could lead to, among other things, increased risk for health complications, inability to receive reimbursable care, and the need to secure my own alternate care provider for occupational health services.
4. I realize that declining the medical services of the Occupational Health Program may preclude me from some positions that require evaluation and preventative medical care.

IN SIGNING THIS FORM, I ACKNOWLEDGE AND REPRESENT THAT I have read the above Agreement, that I understand all its provisions, and I sign it voluntarily as my own free act and deed. I warrant that no oral representations, statements, or inducements, apart from the foregoing written agreement, have been made.
