# 24 Math Game

A simple yet challenging math exercise game for smart people! The 24 Math Game is a mathematical card game in which the object is to find a way to manipulate four integers so that the end result is 24. Addition, subtraction, multiplication, or division, and sometimes other operations, may be used to make four digits from one to nine equal 24. For an example card with the numbers 4,7,8,8, a possible solution is the following:  $(7-8/8)*4=24$ . Aces, Jack, Queen, and King, giving them the values 1, 11, 12, and 13.
