

## **Minnesota Accountable Government, Innovation and Collaboration (MAGIC) Act Sample County Board Resolution of Support**

**Date** \_\_\_\_\_

**WHEREAS**, Minnesota is consistently placed at or near the bottom of national measures that assess the capacity for local government innovation in all 50 states,

**WHEREAS**, Minnesota and its counties face significant demographic trends that will require innovative approaches to program delivery in order to adequately meet the growing and changing needs of citizens;

**WHEREAS**, counties with innovative ideas should be provided the requisite opportunity and flexibility to successfully implement those ideas so as to best serve their communities,

**WHEREAS**, counties across Minnesota boast significant geographic, demographic and economic diversity that thus requires maximum flexibility in programmatic implementation,

**WHEREAS**, counties are willing and able to identify, implement and methodically verify increased programmatic efficiencies through a process that will cultivate and sustain a strong and trusting state-local partnership, and

**WHEREAS**, transitioning to an outcomes-based system of program evaluation is in the best interest of every Minnesota citizen and government that desires to maximize public resources and enhance the quality of life in their community to the fullest extent possible,

**BE IT THEREFORE RESOLVED**, that \_\_\_\_\_ County recommends that the Legislature and governor work cooperatively with all 87 counties to swiftly pass the MAGIC Act into law during the 2011 legislative session, thus implementing a system that will enhance and incent local government efficiency and innovation throughout Minnesota by:

1. Allowing counties to take any action not prohibited by state law to provide for the health, safety and general welfare of the public; and
2. Creating a measured, outcomes-based waiver process whereby counties, in partnership with the legislative and executive branch of state government, can implement efficiency-based, time-limited pilot programs that are subject to final review by the Legislature and governor and will create a repository of best practices so as to improve long-term policy decisions across the state.
