It is understood that all work or construction done under a permit issued pursuant to this application must be done in strict compliance with ordinances and codes of the City of Texas City.  It is further understood that the City is not responsible for the property being surveyed. This building is to be connected with the City sewer system by a direct separate connection for this building only, all sanitary facilities must be inside the building. The contractor agrees to clean up and remove all rubbish caused by the work done under this permit.  This permit does not cover any improvements done outside the property line. Separate permits are required for curbs, culverts and signs, etc. Once permit is issued construction must begin within 6 months or permit is invalid.
