# MEET YOUR DISTINGUISHED FACULTY

## PROGRAM CO-CHAIRS

**John J. Fumero** has over 25 years of experience practicing exclusively in the areas of water, environmental, land use and governmental law. Mr. Fumero, formerly General Counsel of the South Florida Water Management District, now represents and provides strategic counsel to landowners, developers, industry, agriculture, utilities and local governments throughout Florida. He represents clients before local, state and federal agencies and courts on a variety of matters, including state and federal regulation, permitting, enforcement and rulemaking.

**Honey Rand** is President of her firm, which deals with the public side of environmental conflict, advocacy, marketing, advertising and promotion. Her firm promotes sustainable development, renewable energy technologies, conservation devices and services, waste management and a variety of other projects, products and policies that provide economic vitality and environmental sustainability. Her clients represent the businesses, nonprofits, governments and people that demonstrate investment in innovation. She is author of the book *Water Wars: A Story of People, Politics and Power* and she is a native Floridian.

9th Annual Conference

# FLORIDA WATER LAW & POLICY

**Now in Orlando!**  
February 6-7, 2014 • Hyatt Regency • Orlando

**Keynote Presentation**  
**Florida Department of Environmental Protection: Pushing Boulders**

**Drew Bartlett, Deputy Secretary**  
**Water Policy & Ecosystem Restoration**  
Florida Department of Environmental Protection, Tallahassee

**Drew Bartlett** exercises general oversight over the State's Water Management Districts, and manages the Offices of Water Policy, Ecosystem Projects, and Coastal and Aquatic Managed Areas, and the Division of Environmental Assessment and Restoration (DEAR). Mr. Bartlett is responsible for carrying out the Department's role in implementing the Everglades Forever Act and in restoring America's Everglades, managing over 4 million acres of Florida's most valuable submerged lands, and implementing the Florida Watershed Restoration Act and the Clean Water Act for Florida. Mr. Bartlett previously served as Director of the Division of Environmental Assessment and Restoration. Under Mr. Bartlett's leadership in this position, the state implemented the most comprehensive nutrient water quality standards in the nation.
