School Accountability Report Card

Reported Using Data from the 2011–12 School Year

Published During 2012–13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011–12)

At Foskett Ranch Elementary School our focus is to promote and support academic, personal and social achievement.

Foskett Ranch opened its doors to 360 students in August 2005 and has grown to over 550 Pre-school through 5th grade students. In addition to quality instruction based on high standards for achievement, our focus has been to build positive school and community relations. Staff and parents organize family nights, festivals, and events to honor various achievements. During the 2008-2009 school year we continued our journey towards developing our school into a Professional Learning Community (PLC), a group that continually seeks answers to the questions- What do we want our students to know? How will we know they have achieved the objectives? What will we do when students do not achieve the objectives? What will we do when students advance beyond the objectives? This results-based, student-centered process focuses our instruction, intervention, professional development and plays a major role in our success. In 2010, we were established as a California Distinguished School. The positive energy, collaborative spirit and devotion of adults on campus towards student achievement make Foskett Ranch a wonderful place to learn and grow.

Opportunities for Parental Involvement (School Year 2011–12)

Foskett Ranch parents are actively involved. Parents assist teachers daily in the classroom with small group instruction, art presentations and projects, preparing lessons, chaperoning field trips and at class social events. Our Parent Teacher Organization (PTO) enhances the school's instructional program. Parents and staff on this committee organize and host activities and events such as fundraisers, family nights held each trimester, book fairs, after-school enrichment clubs and Santa Shop. Parent volunteers also play a vital role on our Site-Based Leadership Team, an advisory committee that helps with the school improvement plan. Our Watch D.O.G.S (Dads of Great Students) Program promotes that active participation of fathers and father figures in various activities on campus and in the classroom.

Types of Services Funded (Fiscal Year 2011–12)

Homework club is an afterschool program that allows students in grades 3-5 the opportunity to work with certificated staff to receive assistance with homework completion. After school tutoring, taught by teachers, allows identified students the opportunity to participate in additional direct instruction in English Language Arts. The Western Placer Enrichment Program (WPEP) provides an opportunity for students to participate in afterschool enrichment classes such as newspaper club, 3-D art, performing arts, science and chess. During grade level differentiation time, students at risk of retention receive intensive Language Arts intervention by certificated and classified staff. Students that qualify for Special Education receive services as outlined in their Individualized Education Plans (IEP).

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API* Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	Yes
Met Percent Proficient - English-Language Arts	No	No
Met Percent Proficient - Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate	N/A	Yes

Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations* Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the *UC Admissions Information* Web page at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Western Placer Unified School District generally provides three Staff Development Days each year to all teachers. However, for two of the last three years, one Staff Development Day was taken as a furlough day due to budget restrictions. Additionally, the district sponsors many opportunities for staff development credit, both during the school day and after hours for Staff Development Buyback and/or local units of credit.
