WHEN FASHION MEETS THE ENVIROMENT

New Zealand's unique native forest is under attack. Throughout the country 80 million Possums destroy 22,000 tonnes of our indigenous flora every night. Possum Merino is an environmentally conscious choice – wearing one of these items allows you to contribute towards a sustainable future for New Zealand's flora and fauna.

SILK SCARF

Designs that reflect New Zealand

These scarves are made from Paj Silk, which is a smooth finish woven silk fabric that lends itself to dying in a wide variety of colours. The silk artists who design and create our scarves have been "in the silk scarf and accessory business" for almost two decades and are some of the most experienced people in the designing and cross dyeing of silk in New Zealand.

All our silk scarves are designed and handmade in New Zealand.

SILK CRINKLE CHIFFON WRAP

Silk chiffon is still regarded as the premium type of chiffon. It is a lightweight sheer material that creates an elegant and floating appearance when draped such as you do when wearing a scarf or wrap.

Under a magnifying glass it resembles a fine net or mesh which allows chiffon to have its see-through property. Chiffon can be dyed to almost any shade desired.

FAUX FUR BAGS

These ideas for these bags originated from the Korowai (Maori Cloak) which is worn as a mantle and signifies a person's prestige, honour and respect. The cloak is a symbol of great value to the Maori people and always worn with great pride.

They are made from Faux Fur and are fully lined with a zip closing pocket on the inside. All feathers have been treated so they are safe to take overseas.
