

Montgomery Blair Summer Math Institute

The Montgomery Blair Summer Math Institute provides current and incoming Blair students with an opportunity for enrichment and accelerated learning through original credit courses. In addition, students who need to repeat a math course can do so through our program. Our goal is to offer a supportive academic environment through smaller class sizes and quality instruction. Below is a brief description of the program objectives.

- ❖ To offer accelerated learning through original credit mathematics courses for eligible students.
- ❖ To offer students an opportunity to repeat a math course and restore their credit in a smaller, more focused environment.
- ❖ To provide courses for rising 9th graders who need to restore their credit in Algebra 1B and Honors Geometry B.

Due to building renovations at Blair this summer, courses will be held at Eastern Middle School. There will be two sessions offered and the dates and times are outlined below. If you are interested in enrolling your child in one of these sessions, please fill out the registration form found on the Montgomery Blair Website. Specific course offerings are listed on the registration form. Registration forms may also be obtained in the Counseling Office and in the Mathematics Office. Space is limited and therefore enrollment will be granted on a first come-first serve basis.

<u>Session 1:</u>	Dates	June 22 nd through July 10 th
	Time	7:30 – 12:30 Daily
<u>Session 2:</u>	Dates	July 14 th through July 31 st
	Time	7:30 – 12:30 Daily

If you have any questions please contact Diane Norris or Maria Costello at (301) 649-2870 or at Maria_Costello@mcpsmd.org
Diane_H_Norris@mcpsmd.org
