Requested Amount

Important: You can be reimbursed from your Health Care FSA for amounts you pay for transportation that is primarily for and essential to obtaining medical care. Transportation to receive care in a hospital is primarily for medical care and the amounts you pay for such transportation are eligible for reimbursement. Amounts that you incur for non-medical transportation are not eligible. For example, if you travel to Big Box Super Store and purchase groceries, a new shirt and a prescription, the mileage is not primarily for and essential to medical care. Therefore, the mileage is not eligible for reimbursement.

***Remember to claim this expense on your Employee Benefits Corporation claim form and attach this form along with supporting documentation (such as a receipt, Explanation of Benefits or other statement from the provider).**
