Donations & Bequests to the VKS-737 Radio Network

Donations

The VKS-737 Radio Network is a division of the Australian National 4WD Radio Network Inc. a national registered **Public Benevolent Institution** established "for the relief of sickness, suffering, helplessness, destitution and misfortune to a disadvantaged section of the community, being all 'outback' travellers who are in distress by providing them with emergency assistance and support in co-operation with other organisations".

Our Mission Statement is to provide emergency and general radio communications assistance service to travellers in rural and remote areas of Australia, and to be the pre-eminent provider of high frequency radio communications services throughout rural and remote area of Australia.

The VKS-737 Network provides services in conjunction with various emergency service organisations including the Royal Flying Doctor Service, State and Federal Police, State Emergency Services 24 hours a day, 7 days a week via 19 Base Stations strategically located around Australia.

Some of these services are provided on behalf of the Royal Flying Doctor Service on their frequencies in Queensland and Western Australia for travellers who are not subscribers to the VKS-737 Radio Network but who hold current ACMA Mobile Outpost licences. These services are provided at no charge to the RFDS.

We do NOT receive any government assistance for the emergency services we provide, nor are we permitted to request payment for emergency services we provide to travellers who are not VKS-737 subscribers therefore every cent we receive in licence authority subscription fees and donations are very important to the running of the VKS-737 Network.

One way subscribers and members of the public can assist the VKS-737 Network is by making donations towards our running costs, all donations over \$2.00 to the Network are fully Tax Deductible.

Please Note:

Donations should be made to the **Australian National 4WD Radio Network Inc.** which is the Public Benevolent Institution parent body of the Network not to the VKS-737 Network which is the business and operational arm.
