

Illinois Council on Long Term Care
The 2013 Seminar Series for Nursing Home Professionals

Are You Ready for Medicaid RUG 48?

Seminar Purpose

A new Medicaid reimbursement system goes into effect on January 1, 2014. The facility's January 2014 Medicaid rate will be based on MDS data from the third quarter of 2013, i.e. July 1 to September 30, 2013.

The new system is based on RUG 48. Facilities must understand this new RUGs system, MDS coding and RUGs methodology.

The seminar will provide a comprehensive overview of RUG 48 methodology and coding from two of the leading experts in Illinois.

At the conclusion of this seminar, participants should be able to:

- Understand the difference from Medicare RUG 66 PPS;
- Understand which items on the MDS affect your RUG 48 rate;
- Know the most current information regarding requirements in Illinois;
- Accurately code RUG 48 services for your Medicaid residents; and
- Understand additional HFS documentation requirements.

This seminar will be crucial for any administrators, owners, nursing directors, admissions coordinators, MDS coordinators, department heads, and anyone who works with Medicare and Medicaid.

We strongly recommend that **ALL PERSONS** who are directly involved in coding the facility's MDS attend this information-packed seminar to truly understand how coding and reimbursement will change under the new Medicaid reimbursement system. This seminar will offer most up-to-date information, including an intense clinical focus on these coding requirements.
