

ATTN: FIREARMS TRAINING DIVISION

AUSTIN POLICE DEPARTMENT / MARCH 29, 2011

ATTEND AN ACTION TARGET® FIREARMS INSTRUCTOR TRAINING SEMINAR

**“Modern
Firearms
Training”**

Because up-to-date training and education are vital to your success, we invite you to an intensive one-day training event titled **“Modern Firearms Training.”**

This course will examine the challenges of today’s firearms training requirements and shooting range management issues. The first part of the morning will show how modern, shooting range equipment can help you meet those challenges safely and effectively. We will then move to the range for the live-fire training designed to demonstrate and reinforce the concepts discussed in the classroom.

Your training experience will include:

- **SHOOTING RANGE DESIGN:** We will discuss critical issues relating to the planning and construction of indoor and outdoor shooting ranges. This discussion is applicable to not only new range projects but to current range upgrades and expansion as well.
- **SHOOTING RANGE EQUIPMENT:** We will discuss how proper range equipment can help you meet the standards and goals presented throughout the day.
- **THE REALITIES OF TODAY’S GUNFIGHTS:** We will review and analyze current law enforcement gunfight statistics, plus the physical and mental responses to combat stress. We will then determine how the results should shape your firearms training standards, practices, and policies.
- **QUALIFICATION VS. TRAINING:** What are the differences? Learn why an understanding of these issues is so important and why you do not have to settle for one or the other
- **PUTTING IT ALL TOGETHER:** Action Target Academy trainers will reinforce the classroom material through live-fire exercises designed for real life application and success.

REGISTRATION

You will need to complete and return the registration form below for each individual that will be attending. Upon receipt of your registration form(s), we will send you a confirmation packet containing a detailed agenda, hotel information, necessary maps and directions, and other important details.
