Purpose

The purpose of this document is to provide the requirements and conditions for electronically filing Suspicious Activity Reports by the Securities and Futures Industry (SAR-SF), FinCEN Form 101. For the purpose of these requirements, electronic filing of this report will be through the BSA E-Filing System operated by the Financial Crimes Enforcement Network (FinCEN). For more information on the BSA E-Filing System and to register, please go to <http://bsaefiling.fincen.treas.gov>. This document should be used in conjunction with the “General Specifications for Electronic Filing of Bank Secrecy Act (BSA) Reports” (General Specifications) available at http://www.fincen.gov/forms/files/e-filing_GENspecs.pdf. It is recommended that you refer to the General Specifications first, and then the specific information contained in this document. This document should also be used in conjunction with the paper form instructions and other published FinCEN guidance.

Electronic Filing

The BSA E-Filing System Batch File Testing Procedures are detailed in a separate document that can be accessed on the BSA E-Filing System web site at <http://bsaefiling.fincen.treas.gov> under Quick Links.

For the purpose of this document, the filer is the organization responsible for filing the SAR-SF.

Filers are required to retain a copy of the SAR-SF data and all original supporting documentation or business record equivalent for five years from the date of the suspicious activity report. All supporting documentation must be made available to appropriate authorities upon request.

File Organization

The following data controls must be followed or the SAR-SF electronic file will be rejected. The data records must be in the following sequence:

Transmitter (1A) Record - Required

There can only be one of this record type and it must be the first record on the file.

Parent Financial Institution (2A) Record - Required

There can be more than one of this record type depending on the number of different parent financial institutions which are included on the file. This record type will immediately precede all records which relate to the parent financial institution.

Financial Institution Branch (2B) Record - Required

There can be more than one of this record type depending on the number of financial institution branches which are being reported. One of these records will immediately precede all SAR-SF records for the branch. At least one 2B record--with a "Branch Code" number at field positions 3-7 and the remaining field positions space filled--is required even if there are no branches involved in the suspicious activity. Multiple 2B records that apply to a single SAR-SF in the file are not permitted.

Suspicious Activity (3A) Record - Required

There can be more than one of this record type on the file depending on the number of suspicious activities being reported for a broker-dealer branch.

Subject Information (4A) Record - Required

There can be more than one of this record type depending on the number of persons involved in this suspicious activity. There can be no more than 99 records of this type for the same Suspicious Activity (3A) Record.

Information Explanation/Description (5A) Record - Required

There can be more than one of this record type depending on the length of the explanation given for the suspicious activity. There can be no more than 99 records of this type for the same Suspicious Activity (3A) Record.

Branch Summary (9A) Record - Required

There must be one of these records for each Financial Institution Branch (2B) Record of a broker-dealer being reported. It is to be the last record associated with the branch.

Parent Financial Institution Summary (9B) Record - Required

There must be one of these records for each broker-dealer being reported. It is to be the last record associated with the financial institution and will follow the Branch Summary (9A) Record for the last branch reported.

File Summary (9Z) Record - Required

There must be one of these records on the file and it must be the last record on the file.

Record Layouts

Transmitter (1A) Record - Required

The first record on each file is to be the transmitter record that will contain information identifying the transmitter (person or organization handling the data accumulation and formatting). Attachment C - Field Editing

Instructions

These instructions apply to all SAR-SF text fields except the Part VI Suspicious Activity Information – Narrative.

- A. Delete any titles, prefixes, suffixes or other descriptive information such as Mr., Mrs., Dr., Reverend, Partner, or Trustee. Do not delete suffixes which distinguish family members such as Jr., Sr., III or IV. Suffixes should be edited to follow the middle initial separated by a space (e.g. DOE/JOHN/L JR).
- B. Delete all punctuation (e.g. “JR.” or “INC.” would be submitted as “JR” or “INC”).
- C. Do not use the following words or variations of these words in fields:
 - a. COMPUTER GENERATED
 - b. CUSTOMER
 - c. N/A
 - d. NON CUSTOMER
 - e. NONE
 - f. NOT APPLICABLE
 - g. OTHER
 - h. SAME
 - i. SAME AS ABOVE
 - j. SEE ABOVE
 - k. SEE NARRATIVE
 - l. SIGNATURE CARD
 - m. T/A
 - n. UNKNOWN
 - o. VARIOUS
- D. Foreign surnames. Care must be taken in formatting multiple foreign surnames. Multiple surnames must be entered without punctuation in the name field’s last name field positions. Some Spanish surnames consist of three names (e.g. father’s last name, mother’s last name, and husband’s first last name.) For example, Spanish names are usually written in the order of first name, father’s last name, and mother’s last name, e.g., Juan Vega Santiago. The father and mother last names would be entered in the last name field positions followed by a slash bar and the first name in the first name field positions, e.g. as VEGA SANTIAGO/JUAN.

- E. Name separators. Place a slash ("/") before each name except the surname (e.g., WHITE/ELIZABETH/A or JOHNSON/JAMES/R III) but not between compound names or multiple surnames such as VAN GOGH or VEGA SANTIAGO. If only the surname of an individual is present, then place a slash after it (e.g. JONES/). If a non-individual is listed, do not enter slashes between names. Enter a slash bar following the name (e.g. WILSON ELECTRONICS LLC/).
