Knowledge Is The Key To Survival

By Tomeros Korton, 9/13/99

Korton present in service unto Holy God—He who walks forever with us. May hope and instructions be gleaned from the writings, in that you have the courage to take back your nation and world from Satan's armies. AHO!

TODAY'S WATCH, YEAR 13, DAY 028

The Khazar Elitists have started their version of this new year (you are 28 days and 13 years into it) with a bang. The Jewish Community Center STAGED SHOOTING, and the subsequent deployment of Mossad agents, and the Jewish owned-and-operated Los Angeles Sheriff's Department (courtesy of the late Sheriff, Chief Sherman Block) at the center, amounts to the self-protection infrastructure the Khazar Jews have in place when they come for your guns—**AND THEY ARE COMING FOR THEM!**

They have all their synagogues and temples on very

high alert, as they plan the response to any terrorist activity—but they themselves are the terrorists!! This gives them the excuses to bring in the heavy artillery and bring down the heaviest laws **AGAINST YOUR SOVEREIGNTY** that your nation has ever seen. All the while, you have no clue as to what they are really doing. The Khazars mean to bring about massive chaos worldwide, while you think they are just being overly protective of their heritage; which isn't theirs to begin with, but as long as it fools you, their plans can continue without a hitch.

What do you do? Do you resist and fight them with those meager assault weapons and pistols? Only if you want to hasten your passing to your next experience. Armed confrontations are neither God's way, nor that of His team members. You will reclaim what is yours only through exposure of the crimes and a firm stand on your *Constitution*.

The rallying cry that is now being heard across the land, for more and greater restrictions—**WHERE THE GUN ISSUE IS ONLY A SURFACE FOCUS**—is the direct result of long planning (and an orchestrated event).

Did you ever notice that whenever there is a mass shooting involving

Jews, there are never any deaths? Also, when the Jewish-controlled media first breaks the story, there are always the gravest of circumstances surrounding the incident, but later—within hours, or a day or so—all "victims" are safely out of harm's way and back home with family. The same coverage that was so all-pervasive evaporates most quickly, and the focus is taken off the people who were supposedly shot by a vicious killer with years of pent-up anger—yet, such "individuals" (always there are ones behind the scenes to make sure operations of this sort are carried out smoothly—usually the OTHER unseen ones are the trigger men or bomb planters) **ARE CONVENIENTLY PORTRAYED WITH THEIR ARSENALS AND MILITARY WARFARE LITERATURE, YET ARE UNABLE TO ACTUALLY KILL MEMBERS OF THE VERY GROUP WHICH THEY HAVE THE MOST HATRED FOR.**

You are going to have to learn to look past what is being shown to you in your media and come into realization of how things really are. This doesn't mean you have to live a life of fear and trepidation at what is happening around you, **BUT YOU WILL HAVE TO HAVE AN**

UNDERSTANDING OF HOW THE SECRET GOVERNMENT OPERATES.

GEORGE BUSH'S CIA

The George Bush Center of Intelligence (formerly the CIA) is a fitting legacy for the day when your presidency became a full-fledged, spy-run government. Before the master spy himself was placed in your nation's highest office as president, you still had a government run by secret committees and Luciferian Orders; HOWEVER, WITH THE INSTALLATION OF A KNOWN OPERATIVE/AGENT IN PUBLIC OFFICE, THE MASSES OF SECRET LAWS—ALREADY ON THE BOOKS WAITING TO BE ENACTED WHEN THE TIME WAS RIGHT—ALLOWED FOR A “COMPANY MAN” TO HOLD THE REINS OF THE “NEW GOVERNMENT”.

This new government is to be run in accordance with the secret doctrines of the New World Order/Global Government. For legal purposes, your adversary can tell you that ones such as Bush—AND RUSSIA'S SOON-TO-BE NEW PRESIDENT, WHO IS ACTUALLY BUSH'S COUNTERPART IN CLANDESTINE POLITICS; VLADIMIR PUTIN WAS FORMERLY HEAD OF THE KGB, AND HE, TOO—WILL HAVE THE SAME BROAD, SWEEPING POWERS AFFORDED TO THOSE IN CLANDESTINE SERVICE.

This is not some coveted military honor that serves no purpose in life, beyond the service tour of the individuals involved—WE ARE TALKING ABOUT A FRATERNAL ORDER THAT IS CENTURIES OLD, THAT IS FRAGMENTED INTO SEEMINGLY DIFFERENT GROUPS ALL OVER YOUR WORLD!! And if you think Governor Bush is far removed from the spy business—guess again. Remember, it is the Texas Republican's job to oversee the infiltration of the U.S. by Mexican and South American CIA operatives; after all, your own troops can't very well shoot your own people in the streets (without hesitation), now can they?

This is not to bring gloom-and-doom but merely to point out some of the things that are in place that the public should know about. By having intelligence people in your positions of power, the Elitists believe they can insure themselves of having ones willing to carry out their directives but still under their COMPLETE AND TOTAL CONTROL. These spy cults are laws unto themselves and, when a brother crosses them, there are ways to deal with the “traitors”.

In the case of a John Coleman or a Richard Tomlinson, where publicity and exposure makes that impossible without drawing the kind of attention that an MI-6 would rather avoid, these daring truth-bringers have a new lease on life—AS LONG AS YOU-THE-PEOPLE SUPPORT THESE INDIVIDUALS. **THEY ARE YOUR LIFELINE INTO UNDERSTANDING WHAT YOUR NEW-MILLENNIUM SOCIETY STRUCTURE IS GOING TO BE LIKE, IF THE ADVERSARY HAS HIS WAY UNHINDERED BY A CONCERNED POPULACE.**

Can we work with these ones who commit murder, extortion, blackmail, terrorism, drug-running and every other evil thing that occurs in your world? Yes! You have for all this time and you knew it not. To play chess, let us say, with a master crook, is different than joining him in crime sprees or murder. This is not a game you initiated, but you are at the playing board whether or not you know it. What is also not so obvious is the outcome of the game.

In the minds of the uninitiated, the victor will always be the cunning elitist. This is not the case in the actual playing of the game. You see, Satan's people are going up

against God's workers (by their own actions—God Aton does not see confrontation and “going against” anything as being a worthy activity for His people; remember you are all ONE), who have the omniscience (all-knowingness) and omnipotence (all-powerfulness) of the Creation-Creator for their use. Evil is no match against this; however, **if you can be fooled into thinking it is the other way around— THAT YOU ARE NO MATCH FOR THEM—then the psychological “chess game” called global-domination is already won by the adversary. IF YOU GO INTO THE GAME THINKING YOU CAN'T WIN, THEN THAT IS THE PRECISE CONDITION YOU WILL CREATE.**

MAN MANIFESTS WHAT HE THINKS ABOUT. IF YOU ARE FOCUSED ON FAILURE AND DEFEAT—TO THE POINT THAT YOUR PERVASIVE THINKING CONSISTS OF PREDOMINANTLY THOSE THOUGHTS—ALL THE OUTCOMES IN YOUR EXPERIENCE WILL REFLECT THOSE PREDOMINANT, UNDESIRABLE THOUGHTS.

ONE AMONG YOU

Dr. Wayne W. Dyer is one among you who has mastered this process of thought manifestation and is living and walking the path of enlightenment. He works with the Hosts and has maintained contact with his spiritual guides throughout his evolvment in this experience and now endeavors to show you how he did it. In 1988, he was given the opportunity to leave a message to future generations of humans, through the establishment magazine, *TIME*. He and six others—considered highly influential in shaping the ending of your millennium—were given the opportunity to speak to you again, in 2088. In the October 16, 1988 issue, on the inside cover, Dyer wrote:

“This will be appearing: A Letter To The Next Generation—Toward A Higher Human Being.”

He continues:

“As I prepare this message for people living in 2088, I find my thoughts are not about futuristic or scientific wonders you may or may not enjoy. My curiosity is not about your ability to travel to outer space, my curiosity has to do with this: Have you evolved, yet, into a higher human-being than those of us on earth here in 1988? My message centers to you on the hope that you are more humane than we are now. I wonder if you are practicing the vital lessons a few of us in 1988 believe humanity will some day master. I wonder if you have been able to move beyond distrust and fear and hostility. My message of hope is addressed to you in the form of four questions. Your answers will describe where you are in the evolution of this higher human-being now stirring to life here in 1988.

“1. Have you learned that your humanity lies beyond the boundaries of your body? Do you know and live the idea that a person is much more than a pile of bones and blood and gristle and skin? Do you recognize that within all form is an invisible intelligence? Is there general acceptance and delight in knowing that persons are much more than their packaging? Is it socially acceptable yet to develop the invisible aspect of yourself, as we do today by choosing aerobics or jogging for physical development? Can you see yourselves as spiritual beings having a human experience, rather than human beings having a spiritual experience? This is what I mean: My three-year-old daughter presented me with a make-believe meal on her plastic toy dishes. On that level it was a physical form-only interaction that could have been considered unimportant. On another level, the invisible, the formless part of her was expressing: ‘Daddy wants to eat something warm and I

want him to have a special dinner, I love my daddy and I want to take good care of him.’ My awareness of that invisible part of her—her thoughts and feelings, which are pure love—transform the plastic toys and make-believe food; I could almost touch those beautiful caring thoughts in back of her actions.

“2. Have you learned and adopted the understanding that we are all connected? Here on earth in 1988, we seem to know intellectually that we are all living in the same house, and that when you live on a round planet that you can't afford to choose sides; but we continue to choose sides. Do you live with the awareness that each human being is a me that is we? Do the majority of people see that one cell within an organism, which has no reference to the whole, will destroy adjacent cells, eventually killing the entire being, while destroying itself in the process? Are you guiding your young people to develop serenity and ease within themselves so they will cooperate with the cells adjacent to them? Are your nations at ease within or are they still acting out their aggressive images on their neighbors? Are you in 2088 seeing and experiencing the belief that each human being on our planet is just as interconnected as geographic neighbors, and that the total being called human being cannot function harmoniously when the components are in conflict?

“3. Do the majority of you see that what you think about expands? As I write, some of us are nurturing these ideas like seedlings, such as: The power of thought is enormous. We can create thought. Out of thought comes the entire direction of our lives. We act on our thoughts. We become what we think about all day long. In the dimension-less world of thought, everything we think is already here. We have the ability to turn any thought into form with the power of mind. Thought is a formless energy, which comprises our essential humanity. Our lives are what our thoughts create. We are just beginning to recognize the importance of thought as the most powerful force in the universe. There is a new awareness and application of these ideas. Instead of being against terrorism and war, we are shifting our thoughts to being for peace and cooperation. We are beginning to recognize that a war on drugs, and poverty, and hunger and crime is not nearly as effective as being for an enlightened, educated youth, a higher standard of living for all and respect for each others' rights and possessions. Do you understand that what we think about expands into action, and, therefore, cultivating thoughts of what you are for results in a healthier happier and more peaceful society? Do you recognize that being against anything weakens you, while being for something empowers you?

“And finally, 4. Have you discovered the other side of *I'll believe that when I see it*? In 1988 there is an awakening to the idea that the development of a higher human being is a process involving the understanding that you see what you believe, rather than that you believe what you see. Has this belief system led to the development of a higher human being? In 1983, I wrote a parable in which a higher human being named Eykis visits our world. She brings gifts, in the form of thoughts, to assist us in transforming ourselves and our planet. Her message proclaims, ‘You'll See It When You Believe It’. Did these beliefs, which Eykis describes, move you toward the kind of thinking in 2088, such as quality, rather than appearance thinking? Such as ethics, rather than rules thinking? Such as knowledge, rather than achievement thinking? Such as integrity, rather than domination thinking? Such as serenity, rather than acquisitions thinking? If the answer is yes, then, indeed, a higher human being is in process, and the trend toward destroying this being, called human,

has been reversed. My connection to you in 2088 is pure formless, dimension-less thought, as too is your link back to me in 1988, and forward to infinity.”

In order to ensure that you keep your negative outlook on your own lives at the forefront of your activities, the clandestine services are always knee-deep in the social activities of the public—albeit QUIETLY manipulating behind the scenes, so as to keep up the appearance that “the will of the people” is being heard—instead of just one more tentacle of the octopus stirring the cauldron discreetly below the surface. The goal of your enemy is to continually keep you off-balance and chasing your tails, while they move ever more diligently toward global conquest. Utilizing the messages of living examples of humanity, such as Dr. Dyer, who have found “the path” and refuse to be caught in Satan’s traps ever again, is how you can change your world.

THE U.S. GOVERNMENT IS THE COVER FOR THE MAFIA

The mounting unrest and human conflict that are reigniting in so many places are the results of a criminal empire you are all familiar with. Yet, so many are taken-in by media downplaying of its growth and importance in your daily lives, that its existence is almost negligible to most Americans.

What better cover for organized crime than the very highest level of power available? The Italian Mafia and the Israeli Mishpucka crime organizations run your world. What is touched upon in the gangster films, created **from their studios**, has always stopped short of telling it like it is. *The Godfather*, by Mario Puzo, and its sequels allowed a view of the origins of contemporary crime-family infiltration into your political and religious groups. **BUT IT DIDN’T EVEN SCRATCH THE SURFACE AS TO ITS TOTAL INVOLVEMENT THROUGHOUT YOUR HISTORY!** They want you to know how it is, so they can better rule you—not so you can bring them down.

The basic operational structure of government—THAT IS NOT TAUGHT IN SCHOOLS AND INTRODUCTORY COURSES ABOUT POLITICS—is one of a tyrannical and ruthless criminal empire that has **ZERO** regard for the masses.

There is no way to emphasize how true that statement is, other than to bring you into the understanding by outlining their past and present deeds and currently-planned actions against you-the-people. It is not enough to tell you and then hope you see through the lines and lies thrust forth daily—you will need to pick up the trail and follow it, so that you are no longer fooled into accepting the fate meted out by those who have been tasked with seeing to your demise.

It may come as a shock to many that the riots and demonstrations that occur throughout your world are well-planned assaults—not unlike the tactical tornado assaults. A particularly pointed example is the one that scored a direct hit in the middle of Salt Lake City, Utah, the first one ever of F2 magnitude to hit the state. “IT CAME OUT OF NOWHERE,” said shoppers and busy downtown office workers. The tornado was timed to strike as thousands of people were gathering for a massive Outdoor Retailer Show. The funnel touched down just after 12:40 P.M. so as to catch people in the streets during the lunch-hour break. The death toll was planned to be the largest on record; however, God is known, from time to time, to briefly participate in (alter) the affairs of man. Coincidences in nature, or those involving masses of people (no one knew about it until they were front-page stories) who suddenly threaten the stability of a government, or whatever, are the

coincidences that are not.

Groups of highly-motivated and disciplined people—under the control of one or ones behind-the-scenes—don’t come out of thin air, and suddenly they are of one mind and goal and are unafraid of even Communist China’s “heavy-handed” approach to restoring order. The Marxist (or communist or Leninist—it doesn’t matter, for they are all controlled by the same bunch at the top—the differing labels are to further the confusion factor) guerrillas south of your border—**AGAINST WHOM YOU ARE WAGING ANOTHER VIETNAM OVER DRUG FLOW AND MORE MASS-MANIPULATION EXPERIMENTS THAT WILL ALSO BE USED AGAINST YOU LAW-ABIDING CITIZENS—ARE BEING TRAINED BY BRITISH AND U.S. “ADVISORS”**. Of course, this is **nothing new, but the scale of what is planned is why this is so important.**

LESSENING OR PREVENTING EVIL’S CARNAGE

It is not foreseeable that the plans are going to come to pass as the Elitists envision; however, it is the preparation and LIGHTED PARTICIPATION of those in service to God that causes a lessening of evil’s carnage. If these words would reach every corner of your Earth—and all ones in the receiving of God’s WORD would act according to their own DIVINE MISSION—balance and harmony would again come back into the world. This is why we say these writings are not meant to “preach” terror and fear; **IT IS IN THE KNOWING THAT A PLANET IS SAVED—OR YOUR OWN DEMISE, IF YOU DON’T LEARN ABOUT YOUR ENEMY AND WHAT HE IS TRYING TO DO TO YOU.**

Knowing the difference between a poisonous coral snake, with its orange, black and yellow rings, and the multitude of natural mimics, which try to pose as the dangerous coral—and look almost exactly like it, except for a different-color snout (coral snakes have a black snout)—is not fear mongering; it’s common sense! By knowing what will kill you or intends to do you harm, you can simply AVOID the problem, instead of blindly walking into the trap. As with the working with the Elitists—**YOU ALREADY HAVE A LONG-STANDING RELATIONSHIP WITH THEM—YOU JUST HAVEN’T KNOWN ABOUT IT!**

They see you as a massive, unmovable competitor, whereby their only means of making it a fair fight is to keep you unaware that you are in mortal combat. How can you be a threat to anyone if you don’t know there is anything to watch out for? By keeping everything hidden behind veils of secrecy and covert agendas, the Elitists have managed to control an entire planet while keeping its inhabitants in the dark.

Well, we are about to add a bit more “light” to the behind-the-scenes structure of “wars and rumors of wars” that threaten to bring down your “free world”.

HOW TO START A WAR

The following is a tactical manual for the “revolutionary”, published by the George Bush Center For Intelligence (Central Intelligence Agency). This is primarily directed toward the Sandinista regime, **but it is a blueprint for how ALL your little “hot spots” get hot in the first place.** When you witness the unfolding of yet another violent demonstration, anti-government uprising or political and military coups where you have constant (and ever-worsening) shifts of power, know that they have their origins in such as you are about to read.

[QUOTING:]

PSYCHOLOGICAL OPERATIONS IN GUERRILLA WARFARE

Guerrilla War: PREFACE

Guerrilla warfare is essentially a political war. Therefore, its area of operations exceeds the territorial limits of conventional warfare, to penetrate the political entity itself: the “political animal” that Aristotle defined. **[K: This lays it all out there for you; “political” means it is controlled and manipulated from inception. Keep in mind, this refers to controlling the masses of citizens and is only thinly disguised to appear to mean various political ideologies.]**

In effect, the human being should be considered the priority objective in a political war. And conceived as the military target of guerrilla war, the human being has his most critical point in his mind. Once his mind has been reached, the “political animal” has been defeated, without necessarily receiving bullets. **[K: Another reference to Lenin’s “...we will take them without firing a shot.” The CIA is a Soviet/Mossad agency; they know very well all the socialist, communist, Marxist, etc. mandates.]**

Guerrilla warfare is born and grows in the political environment; in the constant combat to dominate that area of political mentality that is inherent to all human beings and which collectively constitutes the “environment” in which guerrilla warfare moves, and which is where precisely its victory or failure is defined.

This conception of guerrilla warfare—as political war—turns Psychological Operations into the decisive factors of the results. **[K: Would your media not make the prime tool in such “Psychological Operations”?] The target, then, is the minds of the population, all the population: our troops, the enemy troops and the civilian population. [K: “Our troops” and “civilian population” are where the real research and development resources of your defense department are spent. You must come into the understanding that behind the scenes YOU ONES are seen as the enemy, and the Elitists are always efforting to find new and better ways of keeping you in line.]**

This manual is for the training of guerrillas in psychological operations, and its application to the concrete case of the Christian and democratic crusade being waged in Nicaragua by the Freedom Commandos. **[K: Good-sounding words like “Christian”, “democratic” and “Freedom” make the message of war more palatable to those who are unaware of what controls these movements.]**

Guerrilla War: INTRODUCTION

1. Generalities

The purpose of this book is to introduce the guerrilla student to the psychological-operations techniques that will be of immediate and practical value to him in guerrilla warfare. This section is introductory and general; subsequent sections will cover each point set forth here in more detail.

The nature of the environment of guerrilla warfare does not permit sophisticated psychological operations, and it becomes necessary for the chiefs of groups, chiefs of detachments and squadron leaders to have the ability to carry out, with minimal instructions from the higher levels, psychological action operations with the contacts that are thoroughly aware of the situation, i.e. the foundations.

2. Combatant-Propagandist Guerrillas

In order to obtain the maximum results from the psychological operations in guerrilla warfare, every

combatant should be as highly-motivated to carry out propaganda face-to-face as he is a combatant. This means that the individual political awareness of the guerrilla—the reason for his struggle—will be as acute as his ability to fight.

Such a political awareness and motivation is obtained through the dynamic of groups and self-criticism, as a standard method of instruction for the guerrilla training and operations. Group discussions raise the spirit and improve the unity of thought of the guerrilla training and operations. Group discussions raise the spirit and improve the unity of thought of the guerrilla squads and exercise social pressure on the weak members to carry out a better role in future training or in combative action. Self-criticism is in terms of one's contribution—or defects in his contribution—to the cause, to the movement, the struggle, etc.; and give a positive individual commitment to the mission of the group.

The desired result is a guerrilla who can persuasively justify his actions when he comes into contact with any member of the People of Nicaragua, and especially with himself and his fellow guerrillas, in dealing with the vicissitudes of guerrilla warfare. This means that every guerrilla will be persuasive in his face-to-face communication—propagandist-combatant—in his contact with the people; he should be able to give 5 or 10 logical reasons why, for example, a peasant should give him cloth, needle and thread to mend his clothes. When the guerrilla behaves in this manner, enemy propaganda will never succeed in making him an enemy in the eyes of the people. It also means that hunger, cold, fatigue and insecurity will have a meaning, psychologically, in the cause of the struggle, due to his constant orientation.

3. Armed Propaganda

Armed propaganda includes every act carried out, and the good impression that this armed force causes, will result in positive attitudes in the population toward that force; and it does not include forced indoctrination [K: **Oh, indeed it does; this is like your “read the fine print” version of GOTCHA!**]. Armed propaganda improves the behavior of the population toward them, and it is not achieved by force. [K: **Knowing that your adversary rules everything by force, you can see that this is merely added so as to not scare off potential enforcers—or cannon fodder.**]

This means that a guerrilla, armed unit in a rural town, will not give the impression that arms are their strength over the peasants, but rather that they are the strength of the peasant against the Sandinista government of repression. This is achieved through a close identification with the people, as follows: hanging up weapons and working together with them on their crops, in construction, in the harvesting of grains, in fishing, etc.; [K: **And after all the goodly-seeming gestures, guess who ends up owning all those resources?**] explanations to young men about basic weapons, e.g. giving them an unloaded weapon and letting them touch it, see it, etc.; describing in a rudimentary manner its operation; describing with simple slogans how weapons will serve the people to win their freedom [K: **This is not just Third World indoctrination to learn how to be killers—THE INNER CITIES OF AMERICA WERE ARMED IN THE VERY SAME MANNER. The Black and Mexican gangs in places like Los Angeles and elsewhere did not acquire M-16s, AK-47s, MAC-10s, UZI sub-machine guns and all the “Saturday Night Specials” they could want without a most sophisticated and WELL-CONNECTED supplier, now did they?**]; demanding the requests by the people for hospitals and education, reducing taxes, etc.

All these acts have as their goal the creation of an identification of the people with the weapons and the

guerrillas who carry them, so that the population feels that the weapons are, indirectly, their weapons, to protect them and help them in the struggle against a regime of oppression. Implicit terror always accompanies weapons [K: **A focus not to be minimized—the ones with the guns see terror as the ultimate means to control the masses, and whether it is the terror of violence and bloodshed or terror of other-worldly visitors, your adversary intends to use it to the fullest extent.**], since the people are internally “aware” that they can be used against them, but as long as explicit coercion is avoided, positive attitudes can be achieved with respect to the presence of armed guerrillas within the population.

4. Armed Propaganda Teams

Armed Propaganda Teams (EPA) are formed through a careful selection of persuasive and highly-motivated guerrillas who move about within the population, encouraging the people to support the guerrillas and put up resistance against the enemy. [K: **It is these ones who are causing the killings and unrest in places like Kosovo, Dagastan, Indonesia, Africa, Turkey, Northern Ireland, Kashmir and all your other hot spots. When you realize that the outbreaks of violence are the result of plans like these, you will see that the forces of evil, which we have been endeavoring to bring to your attention over the past 13 years—and much longer through other resources—are very much alive-and-kicking. When it comes to the centuries-old plan to conquer a world, no stones are left unturned; it is only the ordinary citizenry that does not see the criminal infrastructure pulling the very fine, nearly-invisible strings that support modern society.**] It combines a high degree of political awareness and the “armed” propaganda ability of the guerrillas toward a planned, programmed and controlled effort.

The careful selection of the staff, based on their persuasiveness in informal discussions and their ability in combat, is more important than their degree of education or the training program. [K: **Education and training programs are most important to the “guerrilla” teams of the high-level Elitists—Clinton, Bush, Kissinger, and every notable, political personality and media talking head has been preselected and is well-trained—programmed—in the “politics” of the New World Order. The Global Government of Satanic beings and their puppet (take that as a literal translation) front men and women have entire social ORDERS completely dedicated to their cause. Cecil Rhodes’ Elitist training school and scholarship program was set up to breed the soulless leaders to carry on his dream of world conquest by a “chosen” race—AND IT IS NOT CHOSEN OF, BY OR FOR GOD OF HOLY LIGHT. Take another look at past and present Rhodes graduates and compare them to the musical chairs of your elected-by-the-people governments; afterwards, free elections will have an entirely different meaning to you.**] The tactics of the Armed Propaganda Teams are carried out covertly and should be parallel to the tactical effort in guerrilla warfare. The knowledge of the psychology of the population is primary for the Armed Propaganda Teams, but much more intelligence data will be obtained from an EPA program in the area of operations. [K: **Keep in mind, the area of operations IS GLOBAL, and this should give you a good idea of the scope of the controlled major-media’s use of journalists (state-sponsored journalism as former MI-6 agent Tomlinson calls it—and it is) and the massive, secret-intelligence apparatus that has “souled” you down the tubes to the real vampires—AND THERE ARE SUCH BEINGS RUNNING ABOUT—THEY JUST DON’T WEAR CAPES. THEIR STYLE OF**

CLOTHING IS BLACK ROBES IN SECRET AND GREY SUITS AND TIES IN PUBLIC. EVERY TIME YOU SEE ONES SUCH AS BRITAIN’S FOREIGN MINISTER, COOK, OR, NOW, AUSTRALIA’S PRIME MINISTER GETTING YOU, AMERICA (?!?!), INTO YET ANOTHER “PEACEKEEPING” MISSION (INDONESIA), THEY PUT ON THEIR GREY TIES TO SIGNAL THE CALL-TO-ARMS AND MORE BLOODLETTING.]

5. Development and Control of the “Front” Organizations

The development and control of “front” (or facade) organizations [K: **The CIA and your intelligence community have a “front” for every major business, from pharmaceutical houses and airlines to hospitals and military installations. IF YOU RECOGNIZE THE NAME AND IT IS CONSIDERED A “MOVER-AND-SHAKER” IN THE WORLD OF COMMERCE, YOU CAN BE SURE IT IS A FRONT FOR THE ELITE CARTEL.**] is carried out through subjective, internal control at group meetings of “inside cadres”, and the calculations of the time for the fusion of these combined efforts to be applied to the masses. [K: **These “inside cadres” are the representatives of the Committee of 300, who report directly and only to the Committee members themselves. It isn’t hard to see that your world is run by these secret groups, and that decisions made by them concerning the great masses of humanity are firmly in their hands.**]

Established citizens—doctors, lawyers, businessmen, teachers, etc.—will be recruited initially as “Social Crusaders” in typically “innocuous” movements in the area of operations. When their “involvement” with the clandestine organization is revealed to them, this supplies the psychological pressure to use them as “inside cadres”, in groups to which they already belong or of which they can be members. [K: **The Mossad calls this use of an “agent” (different than the normal usage of the term associated with clandestine services), using a “sayan”. Sayanim, derived from the Hebrew word *lesayeah*, meaning “to help”, is the way the Mossad uses the fewest case-officers of all the world’s intelligence services, AND THE LARGEST “STAFF” OF SAYANIM IN THE FIELD THAT DO NOT HAVE TO BE PAID. Blackmail makes a very effective tool, and the Khazar Zionists are masters at it and they have a great deal of experience with its use—IN YOUR NATION AND CONGRESS—to draw upon.**]

Then they will receive instruction in techniques of persuasion over control of target groups to support our democratic revolution, through a gradual and skillful process. A cell control-system isolates individuals from one another, and at the appropriate moment, their influence is used for the fusion of groups in a united national front. [K: **This is how your adversary was able to amass so much seeming opposition to Milosevic, when all “his” people are for him and a united Serbia. The second phase of the Kosovo war—what was declared to you ones as “peace” and ending to the bombing “campaign”—is what is now being waged, while the world, more accurately, the U.S., has moved on to other distractions. There are many who are not fooled by these lies—they just don’t have the freedom or resources that you have. However, they pray day-and-night that you ones do wake up in time, and help them in the struggle to save humanity and be FOR peace and true equality.**]

6. Control of Meetings and Mass Assemblies

The control of mass meetings in support of guerrilla warfare is carried out internally through a covert commando

element, bodyguards, messengers, shock forces (initiators of incidents), placard carriers (also used for making signals), shouters of slogans, everything under the control of the outside commando element. [K: Richard Tomlinson's elusive list of MI-6 agents would shed much light on the involvement of ones holding such positions as bodyguards, messengers, journalists and embassy doormen, etc. Though these are merely token positions, they give a glimpse of the octopus' reach and control, in all aspects of your daily lives. When you know the major media's role in keeping the conspiracy intact, you can see what damage he is capable of causing the British-Israel organization. They have operatives ready-and-poised to carry out clandestine directives at a moment's notice, to keep chaos an almost-daily event in your non-news broadcasts. This is not an exaggerated claim, dear ones; YOUR BIBLE TOLD YOU EVIL WILL RULE IN THE PERIOD OF TIME CONSIDERED "ENDING TIMES". THIS IS WHERE YOU ARE, AND EVIL MOST CERTAINLY IS IN CONTROL OF YOUR SOCIETY. The point is not to elaborate on that FACT but so that "YE SHALL KNOW THE TRUTH AND FIX IT!"]

When the cadres are placed or recruited in organizations, such as labor unions, youth groups, agrarian organizations or professional associations, they will begin to manipulate the objectives of the groups. [K: You can surmise here that BY NOW you have no groups that have not been infiltrated by your enemy. The so-called UFO groups have all been infiltrated and taken over by the Elitists, so you know that when the time is right, much of the evil thrust is coming from those sources, for it is your only "sanctioned" outlet for information regarding extraterrestrial topics. When your information services are under control of a single entity—such as CNN-Turner news and cable services—you are in dangerous circumstances; you are first sucked in with a little bit of real news, and then, when it is accepted and recognized as a possible "source", the adversary removes all worthy reporting and feeds you nothing but lies and mass-manipulation programs.] The psychological apparatus of our movement—through inside cadres—prepares a mental attitude, which at the crucial moment can be turned into a fury of justified violence. [K: Are the Lights coming on yet?]

Through a small group of guerrillas [K: Do not let the word "guerrilla" fool you; in these instances, a guerrilla is any trained or untrained person "handled" by skilled intelligence-agency, so-called masterminds, who have the overall picture—for their particular cell—programmed into his head. This allows their unwitting participation in the massively long and played-out scheme of manipulating entire countries along a given agenda thought up by the few Grand Masters in-the-know.] infiltrated within the masses, this can be carried out; they will have the mission of agitating, by giving the impression that there are many of them, and that they have a large popular backing. Using the tactics of a force of 200-300 agitators, a demonstration can be created in which 10,000-20,000 persons take part.

7. Support of Contacts with Their Roots in Reality

The support of local contacts, who are familiar with the deep reality, is achieved through the exploitation of the social and political weaknesses of the target society, with propagandist-combatant guerrillas, armed propaganda, armed propaganda team, cover organizations and mass meetings. [K: The Mossad shines in this area too, and it is their key mode of operation when dealing with any country—friend or foe. If you are not of Israel (new

Khazaria), you are considered an enemy-of-the-state. And, believe me, they have many individuals in all the right places to cause nearly any action—AND ORCHESTRATED RESPONSE—to elicit political and public change, anywhere and anytime they desire. By knowing these capabilities that human beings can have over their brothers, you can severely limit the effects; just knowing about mind manipulation or synthetic humans programmed to rule over you, greatly negates the effectiveness of manipulation. Call upon the Light Shield for protection—CONTINUALLY—it really is your only protection against what is now being readied to use on you. The actual state of technology will never be revealed to you but you, however, ARE the target of these heinous, and terribly-destructive frequencies, and pulsed prana beams and waves.]

The combatant-propagandist guerrilla is the result of a continuous program of indoctrination and motivation. They will have the mission of showing the people how great and fair our movement is in the eyes of all Nicaraguans and the world. Identifying themselves with our people, they will increase the sympathy towards our movement, which will result in greater support of the population for the freedom commandos, taking away support for the regime in power. [K: This should give you a bird's-eye view into the war-torn Third World's long legacy of military coups and constant power shifting of their tattered regimes. Before the efficiency of the clandestine services in this area—in these nations where the people were in harmony with their lands and their neighbors—you had no such widespread unrest. Indeed, there were petty squabbles and tribal issues that caused wars, but they were nothing like the wholesale slaughter of human beings initiated by the mercenary-wannabes-in-training, who are the hopefuls for positions as enforcers for the global, Criminal Cartel.]

Armed propaganda will extend this identification process of the people with the Christian guerrillas, providing converging points against the Sandinista regime.

The Armed Propaganda Teams provide a several-stage program of persuasive planning in guerrilla warfare in all areas of the country. Also, these teams are the "eyes and ears" [K: spies] of our movement.

The development and control of the cover organizations in guerrilla warfare will give our movement the ability to create a "whiplash" effect within the population, when the order for fusion is given. When the infiltration and internal, subjective control have been developed in a manner parallel to other guerrilla activities, a *commandante* of ours will literally be able to shake up the Sandinista structure, and replace it. [K: When we say that your adversary can bring the world to its knees in mere seconds (in less than 5 minutes to be exact—along with the entire electrical functioning of all your machines, vehicles, aircraft and appliances—everything can be rendered without power. Perhaps it is time to watch *The Day The Earth Stood Still* again, "such power does exist", and it isn't just extraterrestrials who are capable of doing it!), this is the foundation on which it is based. Instead of looking at things as a basically "good" planet that is infected by evil, it might be easier to grasp the concept by looking at it as an evil-run world that pretends to be just. This is not pessimism—if your automobile is broken, you do not sit in it and pretend it is functional; acknowledge that there is a problem AND GET ON WITH APPLYING (OR FINDING) A SOLUTION.]

The mass assemblies and meetings are the culmination of a wide base of support among the population, and it

comes about in the later phases of the operation. This is the moment in which the overthrow can be achieved and our revolution can become an open one, requiring the close collaboration of the entire population of the country, and of contacts with their roots in reality. [K: THIS IS YOUR PREMIER, CLANDESTINE SERVICE DETAILING SUCH THINGS AS "OVERTHROW", AND SECRET AND OPEN "REVOLUTION"! SOUNDS MORE LIKE THAT WHICH IS *PORTRAYED* AS HABITS FOUND ONLY IN THE "UNCIVILIZED" BANANA REPUBLICS, ETC. MIGHTN'T IT BE MORE FITTING TO REVERSE THE PROCESS AND SEE THAT IT COULD BE THE "CIVILIZED" NATIONS WHO INFECTED THE SO-CALLED UNCIVILIZED? WHAT IS HAPPENING IN EAST TIMOR THIS DAY IS NOT ONLY A STEP-BY-STEP, TEXTBOOK OPERATION OF WHAT WE ARE OUTLAYING—BUT THIS TINY LITTLE ISLAND NEAR AUSTRALIA WAS SELECTED BY THE ADVERSARY TO DIRECTLY COUNTER WHAT OUR TEAM HAS BEEN PUTTING IN MOTION, QUIETLY BUT WITH GREAT DEDICATION, IN RESTORING A GOLD-BASED MONETARY SYSTEM TO HEAD OFF THE ABSOLUTE CHAOS OF A NEW MILLENNIUM WITHOUT "CASH". YOU THINK YOU ARE IN DIRE STRAITS NOW? HOW DO YOU IMAGINE IT TO BE WHEN ALL THAT YOU HOLD IN YOUR BANKS, AND BURIED IN YOUR BASEMENTS AND BACKYARDS (OR TIED UP IN YOUR ELECTRONIC "E-TRADING"???), SUDDENLY BECOMES WORTHLESS? PEOPLE WONDER WHAT APEC IS DOING MEDDLING IN YOUR AFFAIRS AND WHY CLINTON IS ITS OVERSEER (IN INNER CIRCLES). THIS IS A ROCKEFELLER-ROTHSCHILD BRANCH OF THE TRILATERAL COMMISSION. THE ASIAN-PACIFIC THEATER IS THE ONE THAT CONTROLS THE ECONOMY OF THE WORLD'S SO-CALLED "ORDINARY PEOPLE", AND IT IS THE ONE THAT DETERMINES HOW YOU WILL BARTER IN THE ERA OF THE NEW (NONE OF IT IS "NEW"; THIS ENTIRE ECONOMIC DRAMA HAS BEEN THE SECRET BACKGROUND TO THE RISES AND FALLS OF EVERY SINGLE CIVILIZATION OF MAN SINCE YOU BEGAN REPLACING REAL, SPIRITUAL WEALTH WITH PERCEIVED MATERIAL WORTH—GOLD, DIAMONDS, AND OTHER PRETTY OR USEFUL *MINERALS* HAVE NO VALUE TO THE YOU THAT IS ETERNAL) BABYLONIAN MONEY SYSTEM. THERE IS METHOD TO THEIR MADNESS, PEOPLE, AND IT IS UP TO US—AND YOU WHO ARE AWAKENING—TO MAKE IT CLEAR AND UNRAVEL THE TANGLED WEBS. FOR IT IS IN SIMPLICITY THAT YOU FIND GOD—NOT UNDER PILES OF DRIVEL, LIES AND HALF-TRUTHS. THIS IS NOT TO SAY GOD IS NOT IN THE GUTTER WITH YOU—BECAUSE HE GOES WHEREVER YOU TAKE HIM—HOWEVER, YOU HAVE ASKED TO BE LED OUT OF YOUR AFFLICTION—SO THE CALL COMPELS THE ANSWER. IT DOES NOT HAVE TO BE COMPLICATED—THAT IS OF MAN; IT TAKES LESS THAN A MOMENT TO FIND GOD ATON—PONDER IT.]

The tactical effort in guerrilla warfare is directed at the weaknesses of the enemy and at destroying their military resistance capacity [K: In your particular circumstance it is your homegrown militia and armed populace that are

targeted.], and should be parallel to a psychological effort to weaken and destroy their sociopolitical capacity at the same time. [K: Looking at the state of your Christian religion—especially since the introduction of the ridiculous and ILLOGICAL term, Judeo-Christian—and the association of terrorism and extremism with the Muslim religion, you can see the Khazar Jews have succeeded quite nicely. Why has it become nearly a *crime* for you to express yourselves in public, but no one questions the Stars of David, and all the mounting holidays and special observances of Israel that are popping up all over your nation like weeds? The proportion of their (Khazar Jews’) numbers to the visibility of THEIR RELIGION/RACE/NATIONHOOD (???) is so unbalanced as to cause the casual observer (or visitor from afar) to think he or she is in a land owned by Jews.] In guerrilla warfare, more than in any other type of military effort, the psychological activities should be simultaneous with the military ones, in order to achieve the objectives desired. [END QUOTING]

Don’t you see? As the above sentence states, by blending the psychological assault with covert and overt military action against the sleeping masses, the small group of Satan’s guerrilla troops have outmaneuvered an entire planet. While they have you “shooting” at each other with words, gold, rocks and bullets, the “Indians” (this is not to offend your brothers of Native and Aboriginal heritage—they called themselves WHAT GOD CALLED THEM: HUMANS—YOU MISLABELED THEM AND CALLED THEM “INDIANS”) have surrounded you. Let us hope it is not YOUR “last stand”.

Open your eyes and ears and allow God’s messages of hope and divine direction to guide you. We will continue with “How To Start A War” and move right on into details about the CIA’s role in the worldwide, illegal drug-poisoning of your planet, while Soltec updates you on the current weather war Russia is waging against the U.S., and Germain brings you information about who you are and the true nature of reality. This has all been brought to you before—by us—in various stages of lessons, but like your Earth-based education system of learning, you must graduate from one grade before proceeding to the lessons prepared for your developing minds. Saying the same thing—IF THAT THING BE GOD’S UNIVERSAL TRUTH—in *different* ways has a marvelous assimilating effect on the human mind. It is like the repetitive, positive reinforcement of hypnosis, in that it can greatly enhance and shorten the time it takes your established methods of acquiring and processing information.

Since the Elitists have set up the system that you are currently learning under, you are not going to find a great deal of positive examples or presentations on methods such as hypnosis, because the thrust is to dumb you down, not allow full use of one of God’s gifts for the mind. The Hosts of God Aton are lining up to bring you that which you have been looking for, and the Masters have a voice in The WORD, and you have access to that WORD in this newspaper called CONTACT. During all the struggles of man’s experience on Shan, there has always been a “CONTACT” for the people to turn to, to find Truth. Aton promises that whenever societies fall to the level of decadence where you currently find yourselves, “the WORD will go to the four corners”, and you will have the opportunity to acquire Knowledge; for that is how His people are saved.

Korton to move aside, please. Salu.

Elitists’ Guerrilla Tactics To Bring Down America

By Tomeros Korton—9/14/99

Tomeros Korton here in service unto God Aton. May insight into the inner sanctum of the secret government motivate you to take back that which was given to you in love from that which created you.

TODAY’S WATCH, YEAR 13, DAY 29

There is a new book that says the KGB is making trouble in the U.S. This book, *The Sword and The Shield*, by Christopher Andrew and Vasili Mitrokhin, is based on information smuggled out by Mitrokhin, who was a KGB officer who defected to Britain in 1992. This information has been released in such timely fashion because of what we are making available to you regarding the clandestine services and their control over your world.

Mitrokhin says that the KGB was responsible for some very serious meddling in your nation during the 60s, 70s, and 80s. The mammoth Kremlin intelligence agency (which is supposed to be disbanded—this would make it the fifth or sixth incarnation since it was created—the names of these intelligence cults change with differing political climates BUT CALLING A ROSE A TULIP OR A WEED DOES NOT CHANGE WHAT IT IS) is accused of fueling conspiracy theories about the Kennedy assassination, the assassination of Martin Luther King Jr. and the connection between CIA officer E. Howard Hunt (the man who fired the first of the two fatal shots that killed Kennedy; the second—longtime CONTACT readers will remember—came from the shaped-charge weapon built into the back of Connally’s seat, that was remotely triggered by MJ-12-Secret Service agent William Greer, from the driver’s seat.) and Lee Harvey Oswald, via a “forged” letter supposedly written by the KGB and sent to Hunt two weeks before Kennedy was killed. Keep in mind, a forgery is a copy of something that already exists.

Was there Soviet, KGB involvement? Did the CIA really conspire to cause race conflicts in the U.S. and abroad? The answer is yes, but it is not as simple as that. The CIA, KGB, Mossad and MI-6 have all been merged into one group, and this gradual bringing-together of the world’s premiere spy agencies has been in the works for a long time. Any information you get through the establishment media is going to give you a controlled version of the truth. Don’t forget how fast Richard Tomlinson’s list was pulled from your “freedom of expression” Internet, by ORDER of the British crown. You don’t live in a world where human rights or truth come first. The lie will always be told to you above and beyond any bits of truthful stories that are allowed to be “leaked”.

BACK TO “HOW TO START A WAR”

[QUOTING:]

COMBATANT-PROPAGANDIST GUERRILLA

1. Generalities

The objective of this section is to familiarize the guerrilla with the techniques of psychological operations, which maximizes the social-psychological effect of a guerrilla movement, converting the guerrilla into a propagandist [K: Propaganda is the main element in the Zionist agenda for world conquest. The media has always been chief among the assets to take when overthrowing and occupying a non-Jewish government. And it is the same propaganda machine that has literally buried you ones in America. The Khazar Zionists can tell you anything through the print ads, radio, TV and films, and you eat it up like cyanide-laced candy. Just as the Khazars have caused the entire world to be penalized for the lie that is the “Holocaust”—how many of you knew that the only two flags flown during that period in Germany were the Nazi flag AND THE ISRAELI flag? You didn’t know? Did you also miss the minted coin that had the swastika on one side and the Star of David on the reverse side? Does this not give the impression of some very deep and intimate connections between who you were taught were bitter enemies? The word “Nazi” comes from the Jewish Ashkenazi. Chelas, as long as you remain in the dark about your recent history, you have no hope of ever understanding the past thousand-years worth, when the present form of evil was conceived.] in addition to being a combatant. The nature of the environment in guerrilla warfare does not permit sophisticated facilities for psychological operations, so that use should be made of the effective face-to-face persuasion of each guerrilla.

2. Political Awareness

The individual political awareness of the guerrilla—the reason for his struggle—will be as important as his ability in combat. This political awareness and motivation will be achieved:

By improving the combat potential of the guerrilla by improving his motivation for fighting.

By the guerrilla recognizing himself as a vital tie between the democratic guerrillas and the people, whose support is essential for the subsistence of both.

By fostering the support of the population for the national insurrection through the support for the guerrillas of the locale, which provides a psychological basis in the population for politics after the victory has been achieved.

By developing trust in the guerrillas and in the population, for the reconstruction of a local and national government. [K: This is what you are looking at with Columbia and CBS—Columbia Broadcast System—the connection IS there. Keep in mind we are talking about Central Intelligence front companies and secret innuendoes that only the ones “in the know”, know about. The huge merger of CBS, making it the largest publicly-known media control group, and the demand for more PUBLIC funds to aid the war that is already going on there—is no coincidence as to

timing. Wars can only be global with your currently-developed electronic media. The reason you have not had the One World Government long ago is because you only now have the technology to pull it off like your Bible says. Rumors of wars don't travel as fast by word-of-mouth on foot, but they travel at the speed of light in the age of the information superhighway. So, as Indonesia, Dagastan, Northern Ireland and all the other hot spots seem to heat up simultaneously, know that the cause is a well-organized media/propaganda campaign planned well in advance and spoon-fed to you-the-people, until you believe it came about of its own accord.]

By promoting the value of participation by the guerrillas and the people in the civic affairs of the insurrection and the national programs.

By developing in each guerrilla the ability of persuasion face-to-face, at the local level, to win the support of the population, which is essential for success in guerrilla warfare.

3. Group dynamics

This political awareness-building and motivation are attained by the use of group dynamics at the level of small units. The group-discussion method and self-criticism are general guerrilla training and operations techniques.

Group discussions raise the spirit and increase the unity of thought in small guerrilla groups and exercise social pressure on the weakest members to better carry out their mission in training and future combat actions. These group discussions will give special emphasis to:

Creating a favorable opinion of our movement. Through local and national history, make it clear that the Sandinista regime is "foreignizing", "repressive" and "imperialistic", and that even though there are some Nicaraguans within the government, point out that they are "puppets" of the power of the Soviets and Cubans, i.e. of foreign power.

Always a local focus: Matters of an international nature will be explained only in support of local events in the guerrilla warfare.

The unification of the nation is our goal. This means that the defeat of the Sandinista armed forces is our priority. Our insurrectional movement is a pluralistic, political platform, from which we are determined to win freedom, equality, a better economy with work facilities, a higher standard of living and a true democracy for all Nicaraguans, without exception.

Providing to each guerrilla clear understanding about the struggle for national sovereignty against Soviet-Cuban imperialism: Discussion guides will lead the guerrillas so that they will see the injustices of the Sandinista system.

Showing each guerrilla the need for good behavior to win the support of the population: Discussion guides should convince the guerrillas that the attitude and opinion of the population play a decisive role, because victory is impossible without popular support.

Self-criticism will be in constructive terms that will contribute to the mission of the movement, and which will provide the guerrillas with the conviction that they have a constant, positive and individual responsibility in the mission of the group. The method of instruction will be:

a) Division of the guerrilla force into squads for group discussions, including command and support elements, whenever the tactical situation permits it. The makeup of the small units should be maintained when

these groups are designated.

b) Assignment of a political cadre in the guerrilla force to each group to guide the discussion. The squad leader should help the cadre to foster study and the expression of thoughts. If there are not enough political cadres for each squad or post, leaders should guide the discussions, and the available cadres visit alternate groups.

c) It is appropriate for the cadre (or the leader) to guide the discussion of a group to cover a number of points and to reach a correct conclusion. The guerrillas should feel that it was their free and own decision. The cadre should serve as a private teacher. The cadre or leader will not act as a lecturer, but will help the members of the group to study and express their own opinions.

d) The political cadre will, at the end of every discussion, make a summary of the principal points, leading them to the correct conclusions. Any serious difference with objectives of the movement should be noted by the cadre and reported to the commandante of the force. If necessary, a combined group meeting will be held and the team of political cadres will explain and rectify the misunderstanding.

e) Democratic conduct by the political cadres: living, eating and working with the guerrillas, and if possible, fighting at their side, sharing their living conditions: All of this will foster understanding and the spirit of cooperation that will help in the discussion and exchange of ideas.

f) Carry out group discussions in towns and areas of operations, whenever possible, with the civilian population, and not limit them to camps or bases. This is done to emphasize the revolutionary nature of the struggle and to demonstrate that the guerrillas identify with the objectives of the people [and] move about within the population.

The guerrilla projects himself toward the people, as the political cadre does toward the guerrilla, and they should live, eat and work together to realize a unity of revolutionary thought.

The principles for guerrilla and political-cadre group discussions are:

Organize discussion groups at the post or squad level. A cadre cannot be sure of the comprehension and acceptance of the concepts and conclusions by guerrillas in large groups. In a group of the size of a squad of 10 men, the judgement and control of the situation is greater. In this way, all students will participate in an exchange among them: the political leader, the group leader, and also the political cadre. Special attention will be given to the individual ability to discuss the objectives of the insurrectional struggle. **[K: In all instances, that insurrection is introduced. You must realize that the organized opposition to various forms of government—especially the type that leads to violent revolt or the threat of it—is from the same group calling all the shots and pulling the strings. Remember, Satan and his crew are the master manipulators, so if it seems too-elaborate a plan to be true, IT IS TRUE. His hope is that you will continue to take that position of disbelief all the way to the slaughterhouse.]** Whenever a guerrilla expresses his opinion, he will be interested in listening to the opinions of others, leading as a result to the unity of thought.

Combine the different points of view and reach an opinion, or common conclusion. This is the most difficult task of a political guerrilla cadre. After the

group discussions of the democratic objectives of the movement, the chief of the team of political cadres of the guerrilla force should combine the conclusions of individual groups in a general summary. At a meeting with all the discussion groups, the cadre shall provide the principal points, and the guerrillas will have the opportunity to clarify or modify their points of view. To carry this out, the conclusions will be summarized in the form of slogans, wherever possible.

Face with honesty, the national and local problems of our struggle. The political cadres should always be prepared to discuss solutions to the problems observed by the guerrillas. During the discussions, the guerrillas should be guided by the following three principles:

Freedom of thought.

Freedom of expression.

Concentration of thoughts on the objectives of the democratic struggle.

The result desired is a guerrilla who, in a persuasive manner, can justify all of his acts whenever he is in contact with any member of the town/people, and especially with himself and with his guerrilla companions, by facing the vicissitudes of guerrilla warfare.

This means that every guerrilla will come to have effective face-to-face persuasion as a combatant **[K: "Combatant" is a term used in the Khazar-Israeli Mossad organization and is generally in reference to its Kidon (kill or assassination) teams.]**-propagandist in his contact with the people, to the point of giving 5-10 logical reason why, e.g. a peasant should give him a piece of cloth, or a needle and thread to mend his clothes. When he behaves in this manner, no type of propaganda of the enemy will be able to make a "terrorist" of him in the eyes of the people. **[K: too late]**

In addition, hunger, cold, fatigue and insecurity in the existence of the guerrilla acquire meaning in the cause of the struggle, due to the constant, psychological orientation. **[K: That psychological orientation applies to the masses as well—when your government controls the food, water, money and power, you are in trouble. And that is exactly where you are today. Every day, more and more people lose their jobs, yet your unemployment rate never changes. That should tell you something about the intentions of those charged with overseeing your well-being—could it be they are setting you up for something that is for your own good?]**

4. Camp Procedures

Encamping the guerrilla units gives greater motivation, in addition to reducing distractions, and increases the spirit of cooperation of small units, relating the physical environment to the psychological one. **[K: Those boats coming illegally into U.S. and Canadian waters with Chinese and Cambodian "boat-people"—of which only a few have been caught OR revealed to the public—are to fortify the groups that are waiting to blow up bridges, and dams and whatever is important to cause chaos and isolation at the appointed hour. The Elitists leave nothing to chance in their plan to bring down America, and they have made a way to allow your most-ardent enemies to "camp" within your borders along major waterways and isolated locations strategically located for maximum coverage of your populace.]** The squad chief shall establish the regular camping procedure. Once they have divested themselves of their packs, the chief will choose the appropriate ground for camping.

He should select land that predominates over the zone, with two or three escape routes. He will choose among his men and give them responsibilities such as:

Clean the camp area.

Provide adequate drainage in case of rain. Also, build some trenches or holes for marksmen in case of emergency. In addition, he will build a stove, which will be done by making some small trenches and placing three rocks in place; in case the stove is built on a pedestal, it will be filled with clay and rocks.

Build a wind-breaking wall, which will be covered on the sides and on the top with branches and leaves of the same vegetation of the zones. This will serve for camouflaging and protecting it from aerial visibility or from enemy patrols around.

Construct a latrine and a hole where waste and garbage will be buried, which should be covered over at the time of abandoning the camp.

Once the camp has been set up, it is recommended that a watchman be positioned in the places of access at a prudent distance, where the shout of alarm can be heard. In the same moment the password will be established, which should be changed every 24 hours. The commander should establish ahead of time an alternate meeting point, in case of having to abandon the camp in a hurried manner, and they will be able to meet in the other already established point, and they should warn the patrol that if at a particular time they cannot meet at the established point, they should have a third meeting point.

These procedures contribute to the motivation of the guerrilla and improve the spirit of cooperation in the unit. The danger, sense of insecurity, anxiety and daily concern in the life of a guerrilla require tangible evidence of belonging in an order for him to keep up his spirit and morale. **[K: And what more tangible evidence of belonging to an established order than belonging to America's CIA? In the underworld it is known far more than in your goodly society that Central Intelligence is the instigator of generations of internal conflicts WORLDWIDE; and it is also known that, through the CIA-run, illegal-drug trade, poor families can be fed from participation in this particular "ORDER".]**

In addition to the good physical conditions in which the guerrilla should find himself, good psychological conditions are necessary, for which group discussions and becoming a self-critic are recommended, which will greatly benefit the spirit and morale of the same.

Having broken camp with the effort and cooperation of everyone, strengthens the spirit of the group. The guerrilla will be inclined then towards the unity of thought in democratic objectives.

5. Interaction with the People

In order to ensure popular support **[K: That "popular support", as pertains to you, comes from the organized-crime element, which has become the infrastructure of your so-called free societies. Do you think your congressmen and senators are not aware of the role played by the forces that placed them into office? Chelas, just as with intelligence and Mafia groups using blood relations—"because it is the best security in this business"—for their key job positions, it is the same with your lowly BUT POWERFUL public-servant positions. Secretary of Energy may seem like just another pencil-pushing, boring job, BUT IT IS THROUGH CONTROL OF THIS FUNNEL OF FUNDS AND TECHNOLOGY RESOURCES THAT YOUR NATION AND**

WORLD HAS SEALED YOUR FATE. The nuclear-spying issue is not that which is causing all the problems. Just like White Water-Gate that hounds the Clintons is only the tip of exposure of a murderous Bilderberger (Bill) and Mafia (Hillary) criminal merging, and all the dead bodies and massive corruption that come with it; Bill Richardson's position as energy czar is only the tip of something much more heinous. The infrastructure of electronic and microwave control of the masses is firmly in place and fully manned and staffed with persons who, like the operators of those Russian Cosmospheres, hold the lives of multiple millions in their hands. With the touch of a button, any number of effects—from subtle manipulation, to the transmitting of diseases through frequencies, to literally shutting bodies off like light switches—can be used to hold absolute and almost-instant control over the masses. And you think the whole mess is over one Chinese physicist?], essential for the good development of guerrilla warfare, the leaders should induce a positive interaction between the civilians and the guerrillas, through the principle of "live, eat, and work with the people", **[K: You don't have to read between the lines here.]** and maintain control of their activities. In group discussions, the leaders and political cadres should give emphasis to positively identifying themselves with the people.

It is not recommendable to speak of military tactical plans in discussions with civilians. **[K: What a surprise.]** The Communist foe should be pointed out as the number one enemy of the people, and as a secondary threat against our guerrilla forces. **[K: Keep in mind that so-called "communism" is a generic term and that "communists" make up the CIA, police training command centers, military/Pentagon strategists (and you think you won the Cold War) and now all your key social and political public-servant jobs are staffed with them. When your Holy Bible says evil will be in control in the "ending times", that is one passage from the Good Book that prophesied it like it is.]**

Whenever there is a chance, groups of members should be chosen who have a high political awareness and high disciplinary conduct in the work to be carried out, in order to be sent to the populous areas in order to direct the armed propaganda, where they should persuade the people through dialogue in face-to-face confrontations, where these principles should be followed:

Respect for human rights and others' property. **[K: Does the FBI, BATE, IRS or the BLM (Bureau of Land Management) respect those rights? Do you think it will get better under the banner of the UN's "communist"-Marxist charter for a global government?]**

Helping the people in community work.

Protecting the people from communist aggressions.

Teaching the people environmental hygiene, to read, etc., in order to win their trust, which will lead to a better democratic ideological preparation.

This attitude will foster the sympathy of the peasants for our movement, and they will immediately become one of us, through logistical support, coverage and intelligence information on the enemy or participation in combat. **[K: This should show you that, in the eyes of the Elitists, you ones are merely looked at as expendable pawns in their bigger picture.]** The guerrillas should be persuasive through the word and not dictatorial with weapons. **[K: Until AFTER they have all your weapons—then they are simply given orders**

to shoot you if you oppose them. This is called "rule by the gun"; the Israelis have lived this way since you, Britain and Germany stole Palestine and gave it to the false "Jews"; they have maintained control over that region this way, and they mean to control the rest of the world through similar methods—ONLY WITH BIGGER, MORE DESTRUCTIVE GUNS!] If they behave in this way, the people will feel respected, will be more inclined to accept our message and will consolidate into popular support.

In any place in which tactical, guerrilla operations are carried out in populous areas **[K: AGAIN—LOOK AT THE TROUBLE SPOTS, MAN-ASSISTED AS WELL AS NATURAL-SEEMING—THERE IS NO GENTLE WAY TO BRING THIS TO YOUR ATTENTION. YOUR ADVERSARY MEANS TO HAVE A WORKING, ONE WORLD GOVERNMENT BY DECEMBER 31, 1999—IN PLACE AND OPERATIONAL BEFORE THE CHANGEOVER TO YEAR 2000—A LOT HAS TO TAKE PLACE BETWEEN NOW AND THEN. YOU CAN EXPECT "INTENSIFYING" CONFLICTS AND NOT-SO-NATURAL (AS WELL AS NATURAL—MOTHER EARTH IS AS INTIMATELY CONNECTED TO WHAT MAN IS DOING AS THE BACTERIA AND MICRO-ORGANISMS THAT COEXIST ON AND WITHIN YOUR OWN BODIES, AND EARTH SHAN WILL REACT IN KIND) DISASTERS TO ACCOMPANY THE CHAOS PLANNED BY SATAN'S ELITE WORKERS FOR THESE VERY DAYS. WILL IT COME OFF AS FIRE AND BRIMSTONE AS PROPHESED? WILL YOU ALLOW IT TO HAPPEN THAT WAY? THAT'S A MORE FITTING QUESTION.],** the squad should undertake psychological actions parallel to these, and should proceed, accompany and consolidate the common objective and explain to all the people about our struggle, explaining that our presence is to give peace, liberty and democracy to all Nicaraguans without exception, and explaining that our struggle is not against the nationals but rather against Russian imperialism. This will serve to ensure greater psychological achievements, which will increase the operations of the future. **[K: This refers to the more than 900-year-long struggle between the Soviet Khazar-Zionists and the Czarist RUSSIANS—who are Christians, like you profess to be. These ones seem to know more about what true Christ-ness is all about than your top-line Christian ministers, WHO CALL THEMSELVES ZIONISTS, while helping the warring, terrorist organization (Zionism) with occupational governments set up in all the places you label Democratic and freedom-fighting. THE ZIONISTS DO NOT WANT PEACE AND HAVE NEVER WANTED PEACE—EVER! They are the hypocrites and liars you learned about in Sunday-school teachings; who did you think would represent the evil that is to challenge you goodly Christ followers? What face did you imagine the evil forces to ultimately reveal to you? Chelas, you are far behind in the history lessons and information about actual power bases in your current society—BUT YOU CAN CATCH UP. Desire to know TRUTH and to have God's ones prevail can work miracles, but it takes active participation from ALL of His fragments. Never forget, you outnumber the handful of evil magicians and that you have God Aton's omnipotence AT YOUR COMMAND. Your**

adversary would rather you remain ignorant of your individual and intimate connection to the Creator Source, SO THAT YOU WILL NOT ACT. That is why information and the spread of knowledge is the one resource that is kept firmly within the grip of the usurpers of freedom—IF YOU COME INTO KNOWING HOW IT IS, MOST OF WHAT THEY ARE DOING TO YOU CAN BE INSTANTLY NEGATED. JUST AS WITH THE UP-AND-RUNNING PLANETARY GRID SYSTEM AND PULSED SYSTEMS, SUCH AS YOUR AIR FORCE'S HAARP (High-altitude Active Auroral Research Project)—THERE ARE NUMEROUS SUCH ELECTRONIC PROJECTS FROM THE "BIG BOYS". The Elitists enjoy having fun with you, as the cat toys with the mouse; the spacecraft in the shape of the Big Boy—shown in the two Austin Powers films—is a reference to how we refer to the Big Boys making up the Committee of 300. If you haven't read John Coleman's book, *The Conspirators' Hierarchy: The Story of the Committee of 300*, I suggest you get a copy as quickly as possible; this man has done his homework and the work is an excellent place for all of you new ones to start. Always, we of the Hosts will utilize, whenever possible, material from Earth-based sources, so you have the confirmation you need of the things we bring you. Soon, we hope to have former (??) MI-6 agent, Richard Tomlinson to share his experiences of what he witnessed, as to British Intelligence having a rather big hand in stirring up trouble throughout your world. Ones such as Coleman, Tomlinson and many others, soon to join the ranks of "whistle blowers for humanity", need your prayers and support—YOU ARE NOT GOING TO GET THIS KIND OF INFORMATION FROM YOUR ELECTED LEADERS, WHO REMAIN SNUGLY IN THE POCKETS OF "THE COMMITTEE". If you don't stand together as human beings, Satan's robotic synthetics AND MANUFACTURED, alien replicas will certainly see to it that you are divided and fall as a race called humanity.]

6. Conclusions

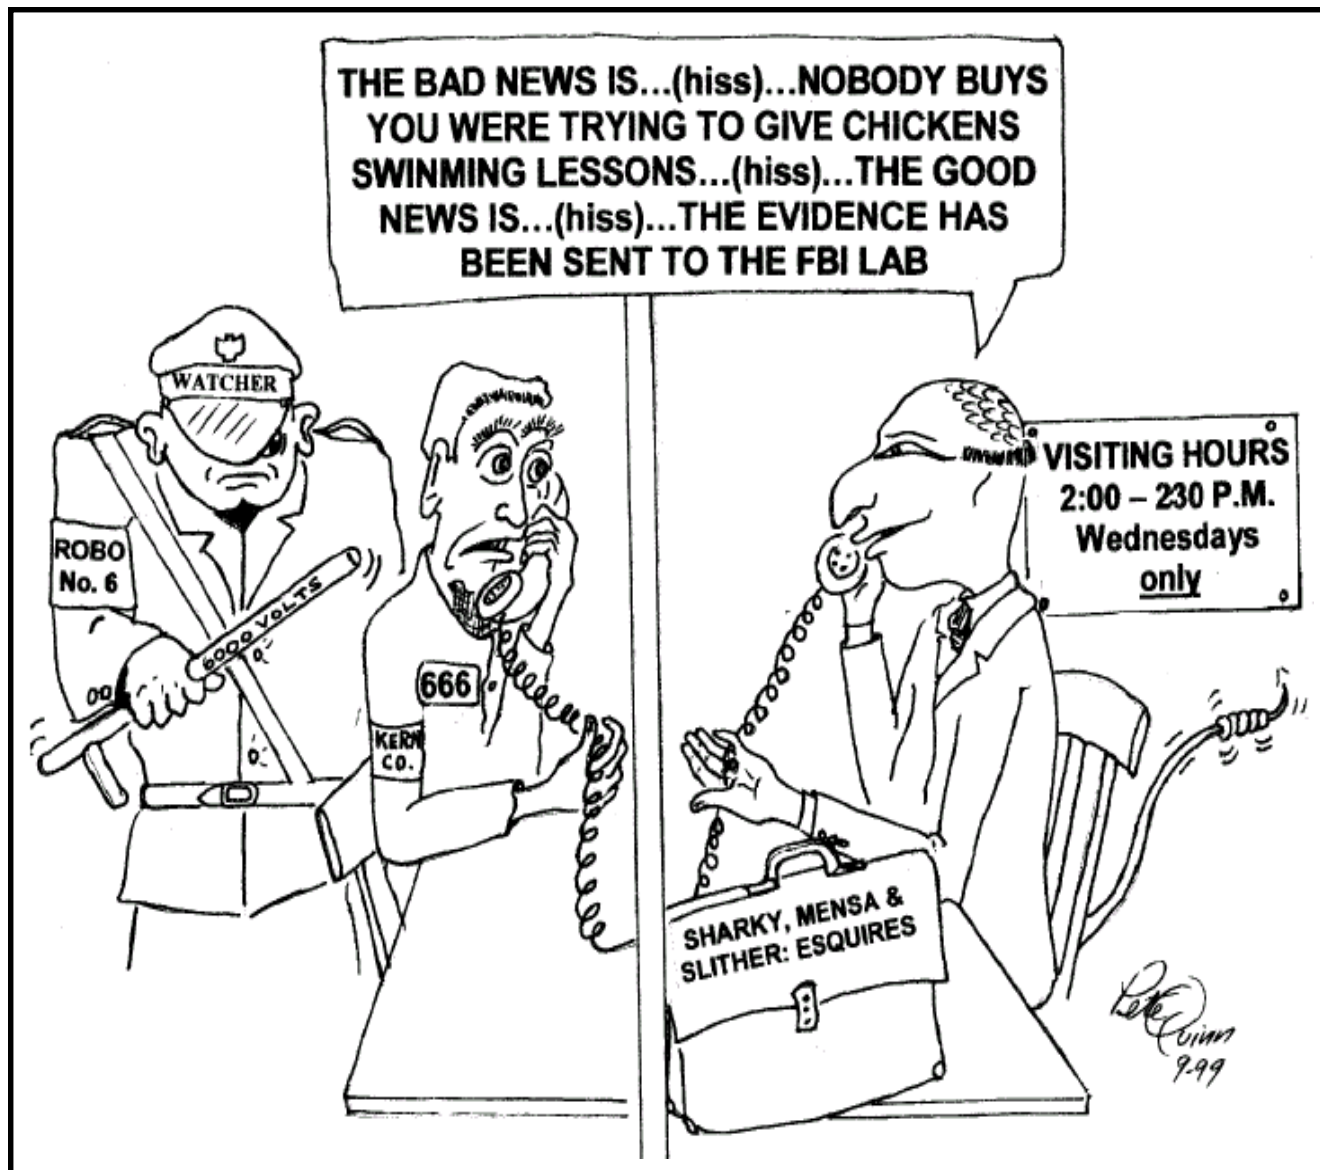

The nature of the environment in guerrilla warfare does not permit sophisticated facilities [K: This is how they getcha. Where do you think all those incredibly massive cost overruns and huge funds for secret defense and false space contracts—not to mention the even more massive REAL PROFITS from your world's most profitable business, the Elite, cartel-controlled legal and illegal drug trade—go to? Places like A-6 (Area 51) in Nevada and Pine Gap in Australia are the control centers for very sophisticated mind control and holographic, MILITARY operations. Pine Gap—a secret intelligence and space facility "owned" by the U.S. but controlled by England—is gearing up for a massive operation in Indonesia that is going to make Vietnam and your last war with Japan seem like a training exercise. Ever since World War I, your big wars and major conflicts have been NOTHING BUT ELITE-SPONSORED PROGRAMS TO TEST METHODS FOR MASS POPULATION CONTROL. WHEN YOU SEE VIETNAM VETS OR OUR ALMOST FORGOTTEN KOREAN WAR SOLDIERS—WHO DID FAR MORE FOR "FREEDOM" AND WHAT YOU PERCEIVED AS DEMOCRACY—AT MEMORIALS, SUCH AS THE WALL IN WASHINGTON, WEEP, THEY

ARE REMEMBERING WHAT REALLY HAPPENED TO THEM OVER THERE IN THOSE FOREIGN LANDS. EXPERIMENTS WERE DONE, USING HELICOPTERS AND ELECTRONIC TRANSMITTERS THAT CAUSED YOUR OWN SOLDIERS TO BECOME "CONFUSED", WHEREBY THE ENEMY SURROUNDED THEM AND SLAUGHTERED THEM. THIS IS YOUR GOVERNMENT!!! JUST AS MANY OF YOUR BRAVE MEN DIED AND WERE CAPTURED AS POWS FROM KOREA AS FROM VIETNAM—THOSE "FORGOTTEN" PATRIOTS ARE STILL BEING HELD, SO AS TO KEEP THE PUBLIC IGNORANT OF WHAT THEIR GOVERNMENTS ARE REALLY UP TO. IN VIETNAM, YOU FOUGHT FOR CONTROL AND EXPANSION OF THE DRUG TRADE THAT HAS RAVAGED YOUR PLANET. IN KOREA, THE EMPHASIS WAS MORE ON EXPERIMENTS WITH MIND-CONTROLLED ASSASSINS. This science has since been perfected, and you can witness it whenever there is a "lone gunman" accused—whether or not he actually shoots anyone—of killings that defy all reason as to why someone would really commit such an act (the White House guards or the recent Jewish Community Center shootings fall nicely into that category, though the Jewish shootings were nothing more than a Hollywood presentation). Those children were never in any danger, the point was to get you to turn in your guns in a hurry, and what better way to spur the Elite enforcement police-troops, who themselves are Khazarian Jews, than to stage a threat to their own children. Just as you come to their aid over in

Israel (Palestine), against the "terrible Arab extremists", you are expected to DO WHATEVER IS DEMANDED TO ENSURE NO "JEWISH" MAN, WOMAN OR CHILD IS EVER THREATENED AGAIN. If that means to take away your weapons so that you only have sticks and rocks to fight back—like you see has become the case nearly everywhere else the Khazars have had their way—and if that also means filling your jails to overflow because of the UNCONSTITUTIONAL hate-crimes measures being enacted, then so be it. After all, if the secret-coded Jewish "bible", the *Talmud* (not the Judean *Torah*), says that "every Jew will have 2000 goyim (non-Jew) slaves", then perhaps all the hoopla over guns and anti-Semitism (????!!) (whatever that means—since Jews are not Semites/Shemites, but a great many of you reading this are) has a hidden agenda that only Khazar Jews are aware of. You had better see what it is that YOU STAND FOR and rally behind that, because right now the gathering momentum of force—as represented by the common spirit of a group focused on a common dream or ideal—is Zionism, with Satanism at its core. Isn't God's "group" worthy of at least the same effort?] for psychological operations, and the face-to-face persuasion of the guerrilla combatant-propagandists with the people is an effective and available tool which we should use as much as possible during the process of the struggle.

A Straight Look At Crooked Thinking

9/15/99—#1

DELAYS ARE NOT DENIALS

SELF-SERVICE

LIFE IS FILLED WITH PARADOXES; PERHAPS IT IS DEFINED BEST AS "LIFE IS A PARADOX!"

What appears to one to be a solution to the ills of the world in general, is but a misery to another. What really happens is that one knows that interim help will solve his problems for the day, but the other only sees that help as a total waste of time, for if you delay a few days the whole of the picture clears. The assumption is that nothing can't wait "another couple of days—or weeks—or months—or years". However, if a man is to be executed at 6:00 a.m.—and you don't move for a stay BEFORE 6:00 a.m.—you are going to have a dead man. A stay for ever-so-long is nothing, AFTER the act is concluded and the man is dead.

What usually happens in any setting taking more than one within a solution—the slowest parties are the ones who determine outcome. Then you have a larger "paradox", in that the outcome may well be larger, better, bigger, but the involved parties are numbed by the inconsistencies through presentation, or whatever definition you would give the inconsistency of presentations.

Ah, but both parties are concerned for the "self", whether that "self" be one or a whole system or network. And each party must be and is duty-bound to serve his own responsibilities FIRST. Then, to be considered always: The larger the size of the group involved, the more complex and exasperating (usually) it is to accomplish anything.

This is truly a "paradox" because each is simply doing that which is relevant to self. The more unknowns there are in the circumstance, the more difficult all aspects of concluding culmination becomes.

THIS IS CALLED "LIFE"!

So, what do you do? You take that which you can conclude by your own input and, if there needs be adjustment, proving up or "fixing", do it. If the circumstances are out of your control, see what you might do as input to assist. If it be totally out of your control, then you may well need to patiently wait rather than intercede. The more you KNOW about any facet of that scenario, the outcome desired and the players involved—the more quickly you can impact, with your input, the circumstance. If nobody is working on the problem—while you assume them to be—you err, for you have not attended the conclusion desired properly and have allowed the ongoing activities to slow or stop. Always acting, however, within REASON: THE LARGER THE EXPECTED RETURN, THE LARGER THE PROBLEMS CAN BECOME. HOW YOU ACT IS A MEASURE OF YOUR MATURITY AND YOUR STANCE WITHIN GOODNESS OR EVIL.

"IMPULSIVENESS" IN ACTION CAN BE GOOD IN RARE CIRCUMSTANCES OF LIVING, BUT IT IS USUALLY EXACTLY THAT: IMPULSIVE AND

DETRIMENTAL TO YOUR REPUTATION AS A STABLE INDIVIDUAL. That, too, is a paradox, for if things work out well from such impulsive action, you are considered a hero; but, if things work out badly—you are considered a fool or an idiot.

At ALL TIMES, you must work with REASON, INTELLIGENCE, STABILITY, THOUGHT AND INTENT FOR PROPER CONCLUSION. THIS MEANS THAT YOU MUST CONSIDER THE BEST FOR ALL PARTIES INVOLVED, WHILE SHIFTING CIRCUMSTANCES ALWAYS TOWARD CONCLUSION INSTEAD OF IMPASSE.

If, for instance, you are trying to catch a bird, what do you do? If it is a pet, it will become hungry and come home to eat or sleep, if it be familiar with its home territory. If it is a really close pet, it will eventually come to you—or you will have to catch it in a net of some kind. If it really doesn't like you much—you have problems. If you are going to discipline it—it will not come to you until it finds it more comfortable to be near you than concern over its repercussions. But, if you stand forth with a bedsheet and flap it at the bird every time it comes near—it will NEVER COME NEAR. The MORAL? Don't flap bedsheets at birds you wish to catch! Think about it!

And if you want to make points with proclaimed enemies—you don't go turn the water on full-blast in the birdhouse to drown the birds. Ducks simply swim—chickens drown. And if you, in your stupidity, drown the chickens, you are not apt to ever recover a good relationship with the chicken-keeper. Furthermore: "What you do to the least of mine, you have done it unto ME!" said the Master Teacher. Harm a feather of my chickens, little foxes, and you have bought yourselves a problem.

Why these lessons and reminders?

Because you seem to not have even the rationale, in some instances, of how to live in a positive manner. How stupid to do foolish things in impulsive reactions to anger or uncovered evil you have presented—for you can always be identified.

This is why our people have had to have guards on duty at all times around the clock—and yes, indeed, we already have sufficient evidence to bring several of our proclaimed "enemies" (watchers) to accounting.

As for "getting from here to there", team, "there" is so large that the "here" is a rather objectionable interference with the flow of the whole picture. God's delays are always for a purpose, as you ask, "In thy will, Father". Father will always choose the BETTER SOLUTION, and patience is such a virtue in so many ways as to astound you. Everything is on track and the runners are off and running. It simply now takes time to shift commodities, arrange locations for the termination of the race and do the accounting, to get distribution PROPERLY established. And, you must know this: YOU CAN HANDLE IT AND YOU "CAN" WAIT. Stop now and drop out, and the race is over—FOR YOU. Those who hold the baton and cross that finish line are going to WIN. If you cross FIRST, you will probably get a bigger prize—but in our races it is not to be the First—but the most honorable, for the first race is

but nothing compared to the whole of the racing.

Most people will not even bother to look at the race, don't give a hoot what or who is at stake and simply would never run a risk to accomplish anything.

There are ample reasons that some things seem delayed to the waiting crew—but they are mandatory to the accomplishment of the whole, in proper sequence and outcome of the finished picture. If you put a sealed glass and frame around an unfinished picture, you have done a very foolish thing—unless you wanted an unfinished picture worth nothing much of anything. LET US DO THINGS CORRECTLY, RIGHTEOUSLY, COMPREHENSIVELY AND WITH INTEGRITY, AND WE SHALL ENDURE THE AGES OF MAN, AND PERHAPS EVEN THE AGES OF GOD (WHICH ARE FUNDAMENTALLY THE SAME).

Surely, in every pending construction, the steps must be carefully chosen to produce the desired outcome. So too, with all things of life and living, there must be attention to every phase of experience. Note that you cannot build a building and leave out the middle floors. Neither can you build a stable 40-story building on a single-level foundation. But what does man want? He wants his building up and occupied in a couple of days to suit his growing impatience for quantity, instead of QUALITY. We do not want any of our construction falling down—becoming rubble in bad times or earthquakes—and we will NOT build on landfill that slips in the first rains. And, if you can't wait for us—go pitch in with the *Spectrum* Watchers, who DO NOTHING SAVE WATCH. THEY DON'T EVEN WATCH WITH TRUTH—THEY FABRICATE AND DO NEITHER SEE (WATCH) NOR HEAR (LISTEN). They drown chickens, destroy property and reputations, in reflection of their own evil presentments, and SOME OF YOU GOBBLE IT UP—WITHOUT EVEN ANY INTEREST IN FACT; JUST SOMETHING TO GOSSIP ABOUT IN YOUR BORED EXISTENCE. THIS IS BOTH IMMORAL AND CERTAINLY UNJUST BEHAVIOR.

Chelas, if you are working within moral and righteous actions, and it appears that the evil (even if in ignorance they be perpetrating evil [keep in mind my definitions]) is somehow hurting or damaging you—it can only be temporary. Have you ever tried to fly yourself with a dead albatross hanging on your neck? WELL, TRY A LIVE ALBATROSS, TRYING TO FLY IN THE OTHER DIRECTION FROM WHERE YOU ARE TRYING TO GO! THINK ABOUT IT. AN ALBATROSS IS MUCH LIKE A PHOENIX—VERY, VERY LARGE AND VERY, VERY POWERFUL AND ONCE AIRBORNE IS, INDEED, POWERFUL.

So, keep in mind when you are struggling, Little Pangaraps, to get airborne—YOU WILL. The wings are matured, the flight feathers trimmed and airworthy and the migration routes checked and flown for accuracy mapping, and the evil hunters can only shoot at you from their "blinds" because they don't dare even be seen, lest they be themselves shot for trespass or criminal actions. The global society is NOW PROTECTING OUR PHOENIX (BIRD AND PROJECT).

It is a fact that the stupid, immature idiots, who drown chickens and steal property of any kind, have now taken on the BIG BIRDS—and I don't mean the flying angels. Vampire bats also FLY.

When anyone hurts "my team", they are now hurting far worse the parasites and blood-suckers, so that our "enemies" have taken on a very serious and large bunch of enemies on their own side of the supposed "line". And some of you are still trying to stand on that line—however,

note that there is no room or ability to stand on an invisible LINE. Furthermore, if you have established your line-standing or dancing in the middle of a freeway with no barriers—you are going to get HIT by the first over-wide vehicle to come along. Know also: CRIMINAL ACTIONS DEMAND LEGAL RESPONSE! If YOU are not doing anything, then consider that your association with those who are doing wrong will be considered your own, as accomplice and co-conspirator. If Ray Watcher and Tricky Watcher do or say anything—it is also considered to be a *Spectrum* Watcher activity. Mankind doesn't seem to understand CIRCUMSTANTIAL EVIDENCE AND THINKS SOME ANONYMOUS HIDING IS WORTHY OF LEGAL COVER? COME NOW, EVEN CLOUSSEAU KNOWS BETTER THAN THAT—AND TO ATTEMPT TO DROWN CHICKENS IS A NO-GO, ESPECIALLY WHEN THE ANIMAL RIGHTS GROUPS GET AT YOU CHICKEN PLUCKERS. CAN YOU EVEN IMAGINE HOW STUPID AND INSIPIDLY SILLY YOU LOOK, PERPETRATORS?

Well, our people now have guards, AND WATCHERS and already watch where you go, what you do and even how fast you drive over the speed limit, and three times checked—you will be turned in—people of the *SPECTRUM* LIE. You are known every time you call the welfare office or collect your stipends. You see, irrational people, you don't have to do anything to KNOW JUST ABOUT EVERYTHING—and then it becomes the responsibility of the law-enforcers to attend you. In addition, your REPUTATIONS now follow you everywhere you go, and some of you have pretty bad reputations, and the LAW-enforcers NOW KNOW ON WHOM-ALL TO FOCUS IN YOUR STRANGE HABITS AND PRACTICES. So be it.

Nobody in our business relationships is doing anything to anyone. If it is a fiduciary responsibility to account for things at the conclusion of joint arrangements—he who steals the dishes might well consider that IT MUST, UNDER THE LAW, BE ACCOUNTED FOR AND RECOVERY ATTEMPTED—BEFORE EVEN THE LOSS CAN BE NOTED. THERE ARE NO “ACCUSATIONS”, EXCEPT THAT NOW WE FIND MISSING RECORDS, DENIALS, HIDING, THREATS AND ACCUSATIONS OF “HARASSMENT”, JUST BECAUSE AN EFFORT IS MADE AT ACCOUNTING AND ACCOUNTABILITY.

Now, if a set of, say, china, is missing—and you were responsible for it, wouldn't you want to know why it is now missing? Perhaps it was taken in error by packers or helpers—or perhaps it is remaining, packed, on the premises. It doesn't LOOK TOO GOOD to—instead of saying where it is—CLAIM HARASSMENT BECAUSE RESPONSIBLE PARTIES ASK ABOUT IT! I further doubt that any of the *Spectrum* Groupie would have dared take Judge Jason Brent's china, or anything else of his—especially after accusing him of having an arsenal in expectation of a “Waco” incident at the place the china was used! I suggest a lot of you start to think about what some of your groupie is doing to the rest of you, who claim to be trying to “just do what is right” in your “CONFUSION”. EVIL IS CONFUSION! TRUTH IS GOD AND IS EASILY DISCERNED AND JUDGED. AND IF ANY ONE OF YOU THINK DROWNING HELPLESS CHICKENS IS A GOOD THING—CONSIDER YOURSELF “SICK”!

So, you “watcher/doer” chicken-drowners might find wisdom in taking more care, for the authority “watchers” are getting irritated with your antics. You are without conscience, kiddies, and that bothers law-enforcers. So, may you drown in your own consequences.

Would a valid Commander write on such topics? What

other topics could be more important, if you are making an effort to heal a sick person or a sick world? YOU WHO DO THESE EVIL THINGS ARE THE CAUSE OF THE SICKNESS AND INFECT EVERYTHING YOU TOUCH!

If you wish a better definition of sinner and evil, just look around. Evil people are not characterized simply by their sins, rather it is the subtlety, and PERSISTENCE AND CONSISTENCY of their sins. Moreover, what distinguishes those who are evil is the extremes that they will go to in order to AVOID THE CONSCIOUSNESS OF THEIR OWN EVIL—EVEN WHILE DROWNING CHICKENS OR STEALING ANOTHER'S PROPERTY—LARGE OR SMALL.

How many chickens need die to be counted? None! If the water was turned on full-blast inside a container and you have a Mother Hen setting on one or a dozen eggs, you have murdered by drowning 13 chickens! If more die, then you can see the point is only worthy of counting in some “value” assignment—the intent to damage was there when the WATER WAS TURNED ON!

I would like to speak a bit on evil actions and evil people. The facts are that the evil ones are often highly intelligent people, who may be quite conscious in most respects but have a very specific unwillingness to acknowledge their Shadow. And what do I mean by “Shadow”? (Well, the Shadow KNOWS).

Carl Jung ascribed the root of human evil to “the refusal to meet the Shadow”. By “the Shadow”, Jung meant “the part of our mind containing those things that we would rather not own-up to, that we are continually trying to hide from ourselves, and others and sweep under the rug of our consciousness.” I feel this is an excellent portrayal of exactly what happens.

Most of you, when pushed up against the wall by evidence of your own sins, failures, or imperfections, will acknowledge your “Shadow”. By his use of the word “refusal”, it is implied that there is something present that is far more active. Those who have crossed over the line that separates sin from evil, are characterized mostly by their absolute refusal to tolerate a SENSE OF THEIR OWN SINFULNESS. This is because their central defect is not that they have no conscience, but that they refuse to bear its pain. In other words, it is not so much the sin itself, but the refusal to acknowledge it, that makes it evil. Perhaps a brief definition of “evil” is that it is “militant ignorance”. But evil is not general ignorance; more specifically, it is militant ignorance of that “Shadow”. Those who are evil refuse to bear the pain of guilt or to allow the Shadow into consciousness and “meet” it. INSTEAD, THEY WILL SET ABOUT—OFTEN AT GREAT EFFORT—MILITANTLY TRYING TO DESTROY THE EVIDENCE OF THEIR SIN, OR ANYONE WHO SPEAKS OF IT OR REPRESENTS IT. AND, IN THIS ACT OF DESTRUCTION, THEIR EVIL IS COMMITTED.

SO GOES THE “DESTROY THOSE WHO CAN CAUSE YOU TO LOOK AT YOUR OWN SIN OR EVIL”—AND HURT THEM AT ALL COSTS, TO AVOID CONFRONTATION OF YOUR OWN SHORTCOMINGS. IT IS NOT PLEASANT TO CONFRONT, OR EVEN TO BE AWARE OF, ONESELF AS A NATURALLY LAZY, IGNORANT AND SELF-CENTERED BEING, THAT RATHER ROUTINELY BETRAYS ITS CREATOR, ITS FELLOW CREATURES AND EVEN ITS OWN BEST INTERESTS. YET, THIS UNPLEASANT SENSE OF PERSONAL FAILURE AND INADEQUACY IS, PARADOXICALLY, THE GREATEST BLESSING A

HUMAN BEING CAN POSSESS. UNPLEASANT THOUGH IT MAY BE, THE GIFT OF APPROPRIATE GUILT IS PRECISELY WHAT KEEPS OUR SINS FROM GETTING OUT-OF-HAND. IT IS OUR MOST EFFECTIVE SAFEGUARD AGAINST OUR OWN PROCLIVITY FOR EVIL.

It is recognized that these things, feelings, thoughts, evil and sin are present and “somehow” buried somewhere in the subconscious. STOP IT! To ACT on something deliberately, as turning on a water faucet full-blast and leaving it running in a container housing chickens, is deliberate—especially when done with no one else present who can rescue the chickens or turn off the water. THE INTENT IS TO DAMAGE, IF NOT TO TOTALLY DESTROY. So, whoever does such a deed is acting in CONSCIOUSNESS.

So, stop your copouts, people: Psychological disorders are basically disorders of CONSCIOUSNESS. They are not even necessarily rooted in the subconscious, but in a conscious mind that REFUSES TO THINK AND IS UNWILLING TO DEAL WITH CERTAIN ISSUES, BEAR CERTAIN FEELINGS, OR TOLERATE PAIN. THESE ISSUES, FEELINGS, OR DESIRES ARE IN THE SUBCONSCIOUS, ONLY BECAUSE A PAIN-AVOIDING CONSCIOUS MIND HAS THRUST THEM THERE.

Now, do any of YOU, as individuals, recognize self or OTHERS that fit into these guidelines? I thought so! You gain spiritual and psychological maturity when you accept responsibility and stop the silly games—which, actually, are basically against SELF. You gain REAL, personal power when you confront self—that true competence is more about growing in wisdom than accumulating mere knowledge. Anyone can get some knowledge, but using it in wise action is the point of the activities involved. HOW MANY OF THESE “WATCHERS”, FOR INSTANCE, ARE LIKE BILLY-ZIPPER CLINTON AND PUSH THE STUPIDITY UNTIL THEY FINALLY GET CAUGHT? If, you see, you do not THINK WITH INTEGRITY—YOU WILL HAVE NO INTEGRITY.

The reaction of such unbalanced, self-centered, narcissistic people is to integrate CRIMINAL acts within their games, in an effort to make it appear somehow righteous.

Let us consider our own experiences with what we now call the *Spectrum* group, but going back to prior to the actual “takeover”.

ONE ASPECT OF CRIMINAL THINKING PATTERNS STANDS OUT MOST BECAUSE OF ITS PREVALENCE AMONG NON-CRIMINAL SEGMENTS OF THE POPULATION. IT IS AN ATTITUDE OF OWNERSHIP, OR WHAT CAN BE REFERRED TO AS A SENSE OF ENTITLEMENT. INHERENT IN THIS ATTITUDE IS A COCKINESS THAT BORDERS ON BLATANT NARCISSISM. THOSE WITH AN EXTREME SENSE OF ENTITLEMENT ARE ABLE TO JUSTIFY VIOLATING OTHER PEOPLE OR THEIR PROPERTY WITHOUT REGARD TO THEIR RIGHTS. If their thinking stems from an “inferiority complex”, those who feel entitled see themselves as helpless and often as “victims”. They complain and protest greatly about the lack of opportunities they have had in life because of their ethnic, economic or family background. They blow their own futures and careers through hot-headed, impulsive reactions. They discount their own failure to put in the effort required to improve

their lives. Some will choose to steal, manipulate and otherwise take from others because of their BELIEF THAT THE WORLD OWES THEM. They fail to see their own negligence in considering alternative ways of thinking and living.

In others, the sense of entitlement arises out of a “superiority complex”. A person may believe he should always have first shot at everything, again usually because of this own assumed background. He thinks those like him are also superior and, therefore, due anything they desire, even if getting it means taking from others. He feels entitled to the best educational or job opportunities and is offended by others who want the best for themselves. Desiring the best in life is not the problem. This thinking is problematic when people are willing to violate others by discrimination, exploitation and oppression, denying them the same rights, opportunities, and access to valued resources—and then, generally, just TAKING WHAT IS DESIRED.

Of course, all of this is simplistic thinking (I did not say “simplest”). It is as apparent among those considered to be otherwise intelligent and successful, who have attended top-notch schools and run major corporations, as it is among the uneducated, underprivileged, criminal and mentally ill populations. The common denominator is the human tendency of failing to THINK WELL.

But what happens when you lump the inferior to the superior? Eventually, there comes embarrassment—to the point of hostility—toward the considered-to-be “imbecilic” “inferiors”. Once “thought” is put into action, the two cannot long exist well together, for the inferior mind will UNDO AND EXPOSE THE IMPOSTERS WHO THINK THEMSELVES SUPERIOR. The more intelligent party will see the damage and demand a withdrawal from his space of the idiots who ill-reflect on his own position. Sometimes it takes a while—but without exception—it happens. Sometimes, there can be a period of time where control over the “inferior” can be achieved for whatever reasons, usually economic advantage or disadvantage—but it is temporary at best, for the “superior” “thinker” will see the damage his reputation suffers at the ignorant, stupid and criminal activities of those with whom he WILL BE ASSOCIATED, SOONER OR LATER.

Now, what happens when, through the acts of these “groups”, real damage is perpetrated on outside, even absent, parties? Well, we can look at that with a real example also. Ekkers did not meet the demands of a stronger deed-holder on property—so now, the HOUSE IS GOING TO “TRUSTEE’S SALE”.

Let us close this for this morning, as we are very busy on the schedules of progress. We will not wallow in the mud in the hen-house—we will just keep the mud in the eye of the perpetrators.

Everyone involved has been “given his/her chance” to decide and choose. We must now move on expeditiously, while deleting them from our ongoing inclusion. And no, do not be fooled as to thinking these things and actions to be in ignorance or innocence (“just good business”). These are deliberate and conscious acts, with full intent to hurt and damage—which is, by definition, “evil”. We must turn the Light upon each act of such kind, for we now have so many depending upon our conclusion of service, as to wipe out any consideration of “just paying the extortionists”.

GOD’S DELAYS ARE NOT GOD’S DENIALS!

Good morning, let us get on about our business.

IMF Admits Success Of G.A.I.A. Method

9/16/99—1

YES, I HAVE FAITH—BUT...

What is it, friends, that disallows you to have faith IN YOUR OWN ACTIONS? Never mind “God” or “him” or “her”—why have you no faith in SELF?

Moreover, why do you so dislike yourself that you can’t realize that you “could have been right”? Ah, indeed, it is so, even in my friends who came forward to help with goodly projects.

Let me give you a bit of a rundown and reminder: You SAID and CLAIMED that you loaned funds to the Phoenix Institute to help do some goodly projects against possible shortages, problems and movement forward with many, many things of wondrous assistance to a hurting and unbalanced world.

Indeed, the “Institute” had a plan all nicely worked out based on a program set forth by one, George Green, who also went about various places in the U.S., etc., and told you of the possibilities.

There was NO paper at upstart of any of our work in 1987-88-89. The first *Journals* were written late Summer-early Fall of 1989 and brought into public print in Fall-Winter of 1989. Dharma’s first writing, *SIPAPU ODYSSEY*, was written AS A MOTION PICTURE “TREATMENT” IN 1987 and brought from start to finish in about two weeks. That little story covers about everything and is now ready to film—awaiting filming funds. The work to this point has been covered (indeed scantily) by input loans.

We are now attached to a film organization, which is coming in with multi-millions of dollars to work with Wally Gentleman, and Global Alliance will put up the other necessary funds for costs and necessary background work. The project is in banking progress, approved and waiting for funding.

We, through those years, presented products of the “better health” variety, in presentation of things you can’t even get anywhere else. We got them all approved, and even with assaults against us, we got them all covered and in production.

We leased a farm, which basically had to be renovated and rebuilt, and we put in a security “cellar” of goodly size for storage of some goods, which could also be used as a security emergency-shelter, should there be an emergency in the area. The town of Tehachapi is near a major earthquake-fault and, as well, the winds already blow so consistently, at times to some 150 miles/hour.

A shelter was also constructed, which could be a “model” for other housing shelters. This one was done specifically TO CODE OF THE HIGHEST QUALITY for an in-town area, which could house, temporarily, some 40 people, if necessary. This was stocked with a water tank of treated water, of farm size, to assure availability should the city water system be contaminated. It was also stocked with grain, beans and things which could be used for emergency processing and

cooking, should it be necessary. It would be a model for display and a major business venture, for the basement areas could also be used as actual living areas in ordinary homes.

Research farming was set forth and attempted: with Spelta, lentils and Adzuki beans. Equipment was bought, and then some of our own attendants sabotaged it, and stole some and stole more funds before moving out.

This latter has been a painful tale of repeat-after-repeat of people coming, pleading to help, shouting goodness and God—and ending up stealing, pilfering and finally simply TAKING PROPERTY. But most wanted in on the “act” and, while contributing nothing, wanted a big reward—even after betraying confidences, business projects and PRIVACY, of even those who were lenders who DEMANDED PRIVACY.

I could go on-and-on about the things produced: a paper of weekly distribution for a decade, which Dharma alone wrote, while I dictated some 250 books or more, during that time since 1990.

We remained AFLOAT, in spite of the assaults by people who stole hundreds of thousands—and possibly millions—of dollars directly under their watch and YEARS of legal struggles.

People blamed Ekkers for the necessity of legal harangues. NO, Ekkers were officers and directors of the Institute, and to recover anything has required, again, a struggle of a decade and still continuing.

Ah, people complain: “But money was used for lawyers”, etc. INDEED, READERS AND LENDERS, AND WHO IS DEFENDING WHAT? YOUR FUNDS—YOUR LOANS, YOUR ASSETS. IN CORPORATE LEGAL MATTERS, IT IS REQUIRED BY LAW THAT THE CORPORATION HAVE A LICENSED ATTORNEY OR FIRM OF ATTORNEYS. IT IS THE LAW! A bad law? Well, who knows about good or bad, for it probably is both—but it is a fact that, right or wrong, without a lawyer, the case is decided in the favor of the “offender”, guilty party. Then, unscrupulously-corrupt lawyers take the case on the other side for “fees” and “contingencies”, and the cases NEVER END, ARE NEVER DECIDED, EXCEPT TEMPORARILY, AND SEVERAL DECISIONS ARE STILL ON HOLD IN THE SUPREME COURT OF NEVADA AS I WRITE HERE THIS MORNING.

Ekkers have now had their house go to public sale TWICE, this time by those who claimed to have just wanted to help save the house for them—“just good business”, you know. This, while Ekkers are in the Philippines closing transactions that surpass any known business transactions in the WORLD—NOW OR EVER.

They had to pay from the funds won against a lawyer whom the COURT deemed responsible for the loss of the house the first time—to the RTC. There was NO SALE when Ekkers were THERE AT THE SITE to purchase the place (per the bank’s instructions). All

readers know about that, for it was some 10-11 years in the horror. Now we start again? Well, we start again better prepared.

So, there was a modest payoff by the “attorney’s” insurance, and it was decided to NOT USE THOSE FUNDS TO SECURE THE HOUSE, FOR EKKERS WERE ASSURED THAT THE HOUSE WOULD BE SAFE—IF THEY TOOK THE FUNDS IN HAND, AND WENT FORTH AND BROUGHT THE BUSINESS PENDING TO CONCLUSION AND HARVEST. NOW, WITHIN LESS THAN TWO WEEKS, THE HOUSE IS GOING TO SALE WITH PREARRANGEMENTS MADE FOR THE LOSS THEREOF.

You who have supported the “*Spectrum*” groupie in their criminal activities and immoral presentations, and vandalism as well, had best take notice—because we have succeeded in the, I REPEAT, **biggest business venture on the Globe.**

GOLD was NEVER purchased to have available to anyone, lender or otherwise—nor even to pay back loans with gold. Gold was purchased to collateralize that which would be borrowed from the bank—IT SECURED THE BANK. Now, when the price of gold becomes less than its purchase price, and it is collateral—there is a “call” on the gold. The difference has to be paid, OR THE BANK TAKES SUFFICIENT GOLD TO COVER THE NOTES. It is, further, obvious that as the price of gold drops, it APPEARS there is a larger ratio of debt to assets. Funds were set aside to meet such a CALL, but instead, one party who has tied up the Institute in legal entanglements, Tuten, would not meet her call and talked another party out of using the set-aside funds as well. The funds, were, in fact, secreted out of the reserve accounts—and the gold was lost to the bank, which was a loss of a whole bunch of \$\$\$.

This wasn’t enough for this party, however, and working with Green—who had already stolen property, books, AND HUNDREDS OF THOUSANDS OF DOLLARS IN GOLD—she tied up the Institute again. This one is going to work out well, however, for there are no assets lying around to grab from you, this time.

What has effectively happened, however, is that business was long ago arranged to protect what could be protected, so that any project which could return the notes in value could not be touched by the greedy-mongers or thieves.

Now, I will go back to our ongoing negotiations and business projects. We are having to do them in a foreign country where everything is secured—and, as well, UNDER THE PROTECTION OF THE FED, IMF AND WORLD BANK—AS WELL AS THE NATION(S) INVOLVED. WE WILL BRING ONLY A SMALL PORTION OFFSHORE OF THOSE NATIONS, FOR WE CAN UTILIZE OUR ASSETS TO SUPPORT PROJECTS IN THE LOCAL AREAS. THIS IS ALL APPROVED, AND ACCOUNTING PROCEDURES ARE BEING ACCOMPLISHED RIGHT NOW. IT IS MAJOR, AND IT IS SOMETHING THAT WILL BENEFIT SO MUCH OF THE WORLD AS TO BE STAGGERING. AND, OUR PROTECTION AND PRIVACY IS BEING TOTALLY SHELTERED—EVEN FROM THE *SPECTRUM* KIDDY-CREW.

As quickly as all arrangements are completed, there will be a beginning of banking facilities in the Native American Sovereign communities, so that proper banking can be established on the basis of what is being established in Southeast Asia and, now, globally.

As soon as this is accomplished, we will function more easily internationally. However, prior to that, we will clear all debts of the Institute—except ongoing litigation cases, which must be on standby until the cases are settled. In one case, the poor man in charge even allowed his corrupt attorney to get control of his corporation, and the lawyer takes the entire amount of any note value. It is reaching the same level of theft from Tuten. For you see, the Nevada court has already RULED that the notes are not due-and-owed until they mature, with at least a doubling in the price of gold from the loan date.

We are all run-out of struggle, readers. We are going to soon be able to clear all the debts and will return funds. We will accept the loss of value, but we were never in the metals business and we are NOT in the metals “business”. All interest arrears due from the recent delay will be paid. The *Spectrum* people took the paper and at least three bank accounts—against which they wrote checks to themselves, paid for publishing funds for “Wisdom” books, removed books from the warehouse—and generally have committed a lot of mischief.

They turned in the Ekkers to as many Federal agencies as they could find and pronounced that there would be a Federal Indictment. They called into the fray, and lied to, the IRS—and now Nevada Corporate Headquarters is under surveillance. We are working diligently to separate corporations so privacy can be regained, and business arrangements will be sorted—we hope amicably.

“We have been told a lot of stuff, is this for real?”

Well, we, like you, have to operate on what we are being TOLD. We have felt hurt as much as anyone in this physical world—including experiencing attempted murder on families, theft, slander and assault, including sabotage of the very program previously ready for funding—in Brunei yet, with the Sultan thereof. Mr. and Mrs. Rick Martin-Cortright deliberately sabotaged the ongoing agreements and transactions. The program, therefore, did not move forward. Not only did it not move forward, but the party most involved—as the working partner—was doubly injured, because he also set up a corporation at NCH—only to GO THERE AND BE PERSONALLY TOLD THAT NCH DOES NOT REPRESENT, AS AGENT, GLOBAL ALLIANCE, “THE” CORPORATION DOING BUSINESS.

Rick, Charles, Gail, et al. seemed to think that it was just a “FUNNY”, when it was disclosed that the plane on which they were traveling back to the States—when they “cut-out” to just wait for the funds to pour into their bank accounts—was set to blow, some hours out of Japan, after a stop there. They laugh and say, “No we turned back for over six hours to return to Japan because of a sick old lady!” NO, there was no “sick old lady”, but there was a starting collapse of the ongoing transaction, which was in the neighborhood of just under a TRILLION \$\$\$.

Why? Because the phones were monitored and Rick, Gail and Ed blabbed EVERYTHING internationally. The first part of the agreement itself was SILENCE (or else). So, the “or else”. So, go ahead and giggle, cuties, but your necks were on the line—AND YOU STILL HAVE PLAYED IN YOUR SANDBOXES AT PRE-SCHOOL WITH THE MATURITY OF THE LOCAL ANONYMOUS KKK AND BOYS OF THE HOOD, WITH YOUR “WATCHERS” AND BELLRINGERS, ETC.

YOU are now the ones under full surveillance! So, you go right on with your games, children—and check

your definitions regarding EVIL!

What can you PROMISE and hold true to in this physical world of spiraling corruption? Not much, and certainly timing goes with the latest games of the Traders, etc. Well, we have NOTHING to do with trading programs or rip-offs, so we are a bit slower, perhaps, but steady and on a rock foundation (or metal, if you choose).

What is holding up the works TODAY? Well, a presidential trip following APEC to South America—partly to check out “things” with other Presidents thereof. Clinton was, we were told, to stop here in Manila, about the business matters, on his way back from OPEC. Except “Floyd” got worse and he had to go home, we assume to stop the storm, single handedly? So, things are in order but have to wait for highest-level signatures. Our understanding is that the FED, etc., are NOW in agreement with the transactions. The transactions can only HELP those agencies dig out of their own pits. So, how long? AS LONG AS IT TAKES!!

I note that the ones giving the problems are also ones WHO HAVE NOTHING IN THE INSTITUTE. ED YOUNG’S MOTHER PUT SOME INTO THE INSTITUTE FOR ED’S PERSONAL USE, BUT OTHER *SPECTRUM* PARTIES HAVE NOTHING IN THE INSTITUTE—THEY HAVE ONLY “TAKEN” PAY FOR YEARS THEREFROM! They only complained when we couldn’t meet all their expenses and demands, while being classified as something pretty stupid: dark or tainted energies? Say what? All of us were good enough for them, as long as we paid the bills on demand—but they left, taking the paper, the money, the books in press that had been advertised three years FREE, and unlawfully they did the whole thing—even producing and publishing three issues of *CONTACT*, filled with their ROT AGAINST THE OWNERS THEREOF. No, it is not OK. We let them off the hook by simply agreeing to disagree, SINCE THEY ALREADY HAD AND HAD USED THE MAILING LISTS, TAKEN PRIVATE INSTITUTE INFORMATION AND SCATTERED IT AND INVOLVED MANY PEOPLE INTO THEIR LOOP OF BETRAYAL. GOOD SHOW? INDEED. WE DON’T EVEN HAVE TO CONSIDER THEIR PLIGHT OR THEIR STATUS FORTHWITH AND HENCEFORTH.

In the process, an employee of NCH destroyed all confidence in the corporate agent and agency. Has this been difficult? Oh surely, but worthy of the sorting it has afforded.

So, as we move into this major intersection of crossroads, we will continue to do what we can until we have achieved the necessary position, for we will not botch something to save another stick of wood to suit the misery-makers. Consequences run both directions so—as we are now strong enough to meet those declarations, antics and purely mean actions—FINE. Consequences happen. Certainly, there will be other places to live, if moving is necessary.

I will need my team(s) able to move around but always leaving a full staff in place. Obviously, one of the largest and FIRST needs is a fully-operational security service, which I believe can be acquired by those already trained for same. Some “guard WATCHERS” are already, around-the-clock, “watching”. Because of the “anonymous harassment” internationally and the local thefts and vandalisms (trying to drown the chickens yet), the police are also on alert and “watching”, because that farm is where the “set-up” was for those five rifles

of antique variety, and Rick's arms. That was a purely stupid act, which has not improved as to actions of ones involved in such idiocy. You all surely remember the *EXTRA* connection, with Tuten, *EXTRA*, Heaven's Gate connections, and "luxurious compounds" (a rented house yet) and thus and so—and again, as Bilger moved out of the farm, where he had lived expense and rent-FREE, again we had a stupid show of TV, Radio, Media, etc., with Tuten, Dominick, Bilger, Fort, etc., "in terror of another Waco"! Of what? Ray Bilger was the ONLY ONE at the farm, and Charles and Rick produced the guns for show-and-tell—is anybody out there SANE?

That group is now listed as a CULT (under surveillance) and also as possible domestic terrorists, with possible links to militia groups and patriot groups.

How nice that through their foolishness we no longer get any attention, for we have been investigated by every agency—globally now, and found free, CLEAN, totally law-abiding, with no group, no church or cult to be found, no compound—real or imagined (even the "compound" is being sold at auction and Ekkers were simply renters). Isn't it strange how things run their cycles? We now, in fact, come under protection of these various agencies and yes, indeed, we have worked diligently to attain that respect.

So how do YOU know things are happening in a positive and global manner? Well, you can start by paying attention to the changes coming down in general, and reversals of prior publications and a new willingness of, say, the FED, IMF and WB to be "friendly", make allowances and even come around and say: "positive results" where they had blasted, bashed and assaulted every move made by some little countries—try on Malaysia for size. Oh, indeed, we SHALL work with Malaysia, also. And yes, indeed, Hatonn gets respect in this area of the world—and all others, including Tehachapi—if you discount the bull-shipper liars. Neither Aton/Hatonn nor his compatriots went anywhere with *SPECTRUM*. Like the old margarine ad: IT JUST DOESN'T PAY TO TRY AND FOOL MOTHER NATURE! TRUTH WILL "OUT" AND SO IT SHALL.

Does my Manila team know what all is taking place? NO—and that is the agreement among all concerned. They shall be PROTECTED, kept out of public view and pressures, and that means that they have to wait for happenings and conclusions—just like everyone else, and they still have to take the full brunt of everything the nasty gang can dream up to do. It is obvious that Ed has friends who are supporting him and it is amazing, for what can he possibly offer as a project or return on input of assets? Are any of YOU so foolish as to believe a paper and a couple of books are going to bring overwhelming rewards? This is foolishness and further lack of responsible actions. How dare these takers take further and then try to blame us for their downfall. Well, we hope you all live happily-ever-after in wonderland, including Millers, but you WON'T, and that is due to limitations placed on selves by these people hoodwinking you.

Further, please note that Ekkers CAN'T just hand over a bunch of money to anyone who IS GOING TO TURN AROUND AND SUPPORT MORE LAWSUITS, AND THE VERY LIARS AND CHEATS WHO NOW MISINFORM THE VERY PARTICIPANTS.

Anyone and everyone who wants to be in Tehachapi CAN BE IN TEHACHAPI or wherever they want to be—but no longer at our expense! If they can find you who will support them, then go for it. We want no association with these people AT ALL; they are morally corrupt and are playing you, the readers, for absolute fools. But, that in

itself is up to you, whether or not you enjoy being in (accepting) such a position.

Now, I want to share something with you sent by John Ray for our information, as every bit of confirmation helps. This is referencing Malaysia and the IMF and, readers, SOMETHING is going on—and yes, indeed, we KNOW that it is. Well, "I" KNOW WHAT IT IS! [QUOTING:]

IMF AGREES "MALAYSIA'S CAPITAL CONTROLS HAVE PRODUCED POSITIVE RESULTS"

By Jagdev Singh Sidhu

[H: NOW, ISN'T THIS INTERESTING? JUST ONE YEAR AGO, NOW, AT APEC, THE BIGGEST POLITICAL DEBACLE TOOK PLACE, WITH A DISGUSTING ALBRIGHT AND GORE INSULTING, IN PERSON, THE WHOLE OF MALAYSIA AND REFLECTING ABOUT AS BADLY AS COULD BE—ON THE UNITED STATES OF AMERICA.]

KUALA LUMPUR: The International Monetary Fund has finally admitted that Malaysia's capital controls have produced more positive results than many observers had initially expected.

Its 24 executive directors also welcomed the pragmatic and flexible way in which Malaysia implemented and adjusted to the controls, notably replacing the restriction on the repatriation of portfolio funds with the exit levy in February this year.

In a public notice dated Sept 8, issued in Washington, its executive directors said the capital controls were initially viewed with considerable skepticism [H: **Wow, what an understatement!**] because there were concerns that the breathing space proffered by the controls might have led to a delay in addressing the problems in Malaysia's financial and corporate sectors.

However, the directors conceded that point and commended the Malaysian Government for using the breathing space to push for and effectively implement a well-designed strategy for financial sector restructuring.

In the executive board's assessment of Malaysia, they said: "The directors broadly agreed that the regime of capital controls—which was intended by the authorities to be temporary—had produced more positive results than many observers had initially expected." [H: **Yes, like they completely succeeded in total stabilization of the nation.**]

"A number of directors expressed support for the authorities' intention to maintain the control measures, while preparing for an orderly exit from these controls."

The directors also noted that the crisis had exposed some vulnerabilities in the Malaysian economy, as well as a need for greater policy flexibility in responding to unanticipated economic and financial developments.

They noted that although Malaysia had been severely affected by the regional crisis, traditional strengths, including limited external debt, a strong fiscal position, a well-developed financial regulatory framework and a history of low inflation, had helped stem more extreme difficulties.

The IMF statement, summarizing its annual review of world capital markets, was a contrast to what the IMF's director of Asia-Pacific operations, Hubert Neiss, said about a week ago.

"The effect of the controls by Malaysia has been largely exaggerated," Neiss was quoted as saying.

The directors said the pegging of the ringgit to the US dollar had been "positive for the economy so far, while observing that the undervaluation of the exchange rate had implications for the inflation outlook in the medium term."

"Some directors considered that the current monetary

framework, based on the currency peg, was more appropriate for Malaysia than one based on a more flexible exchange rate, as it provided a clearer nominal anchor for inflation expectations," said the statement. [H: **Yes, and when the whole area is based on gold as a standard and holding same in reserves—it will even be more stable, won't it? Oh, but indeed, I recall now that Rick and Charles SAID "IT WON'T WORK"! How nice of them to announce their intentions so early in the game.**]

The IMF directors recommended that the authorities move to the next stage of the restructuring process in the banking system and corporate sector, which would help sustain market confidence.

"With regard to macroeconomic policies, the directors supported the authorities' adoption of an expansionary stance, which they considered appropriate to reverse the sharp contraction of economic activity, particularly in view of the absence of inflation pressures," it added. [H: **Have you every heard such pig-poop?!**]

The directors welcomed the progress made in relieving the banking system of non-performing loans...(portion missing from the document)...strengths, including limited external debt, a strong fiscal position, a well-developed financial regulatory framework, and a history of low inflation, had helped stem more extreme difficulties.

The statement by the IMF board also came with some suggestions on policy steps that need to be taken by the Malaysian Government.

They said the Government should dispose of acquired NPLs quickly and consider the sale of GOVERNMENT STAKES IN RECAPITALIZED INSTITUTIONS. [H: **YES, INDEED, LIKE THE BANKS AND BANKING SYSTEM!**]

[END OF QUOTING]

Thank you for sharing. It is nice to see that some are actually seeing the clues and signs of our labors in the vineyards of God.

Salu, and God IS MOST CERTAINLY WITH YOU. GCH—d

Local Adjustments Are In Process

9/17/99—1

This is actually in response to my team and crew, so use discretion. WE RECOGNIZE THAT THE “WATCHER-HACKERS” have access to this, so we will be on FULL ALERT, team, for more stupid chicken-watering and other immature and childish actions (well, children wouldn’t do these immature and irresponsible things—perhaps because they respect chickens too much). It is difficult to understand why the “elders” in charge of *Spectrum* don’t put a stop to this foolish muck, for it makes the “previously-respected professional parties” look like idiots and fools. And those who allow such antics and actually approve such brainless activities are bringing total discredit to selves. Dr. Young, who attends the sparrows, could not condone such inhumane assaults against God’s creatures penned in a coop. And to praise these misfits is pretty gross, Dr. Young. How can you allow this, while claiming your intent to serve God, the Cohans, the Brotherhood of HIGHER CAUSE? It is time you look carefully at what you are having to DRAG IN YOUR BAGGAGE! LOOKING AT THIS HEAD-ON IS “GOOD BUSINESS”, ED. You were never other than in dispute and working on bad input from very human sources, but soon you will be unable to extricate self, for you have the “gang” of kiddies doing you in while you think you are managing things. You have the potential, Ed, of moving the WORLD forward—but not the way it is being handled, with the vampires and parasites sucking you dry, along with the program you have as offering. We hid nothing from you—so why all the hacking and subterfuge, for that very act in itself indicates evil actions and intent.

Ed, I told you at one time that I didn’t want to lose you and your talent, nor did I want to lose Norey. You have chosen that which seemed appropriate—but no, it is not, and you are BETRAYED, as surely as if it were the kiss on the cheek for 30 pieces of silver! The “enemy” you seem to see—is not, in fact, THE ENEMY! Now, let’s see how quickly the little anonymous hackers get this to Dr. Young!

DO YOU EVER “GET THERE”?

Getting “there” depends on where “there” is! If you mean physical-spiritual in perfection in a human expression, yes, but not until you have experienced that which brings perfection. If you are making every effort to grow into higher understanding and working toward attaining truth and goodness in all things—you arrive at every step. If you simply throw up your hands and limit self to the fear and doubts of ability to achieve the ultimate goal of the constancy of dwelling within goodness, you will backslide. If you treat the “delays” along the pathway as denials, you delay, at the least, your achievement ideals.

Our Plan is not only in the working—the program is complete, and the finalizations are near completion. And team, you WILL make it through these pressured times—stronger and more secure with each “met” challenge—funding and all. We must, remember, allow the rest of the “confused” players to make their decisions in “action”. No, you don’t need to “know”, but you SHALL.

DISAPPOINTMENTS?

Yes, of course, there are constant disappointments sweeping through your experiencing beings, both in physical resolutions to that which you aspire, as well as a testing of every intent in spiritual aspiration. You fail to separate the two, which in fact is suitable, for one cannot go without the consciousness of the other—however, KNOW: fear, disappointment, doubts and thought processing ARE ALL OF SPIRITUAL ASPECT. The “physical” simply does that which is demanded by the SPIRITUAL/MENTAL instructions. So, YES, you will have disappointments, annoyances and delays, and sometimes you will DENY self. Often, you will find that that which you desired so greatly is self-denied the receiving—because it ultimately, in the attainment of overall greater goals, would distract or further delay, in some manner, the achievement of the goal or ideal.

What you are really finding, in most instances, is that OTHER PEOPLE, who promise and give information upon which you must rely, do not achieve or produce what is promised, thus causing more and more injuries upon self, until the spirit is bruised and bleeding. In these instances, you feel totally ALONE in some sort of torment, which causes you to withdraw within self, or simply stop the ongoing movement toward the goal ascribed to self. THIS IS CALLED “HUMAN”! Moreover, what is necessary to accomplish, for global honesty, is to learn to swing the pendulum toward honesty and away from the false tales, false projections and sleeping pills of offering what people WANT TO HEAR, SO THAT NO ONE HAS TO FACE FACTUAL TRUTH.

Today, the UN troops are going to be moving toward Indonesian waters and land—WHY? You KNOW that it is NOT for the same reasons politically presented! If the very presentation is a LIE—WHY? Part of the problem, of course, is the chaos of such actions; getting forces into the area under pretense is next, and still—WHY? Look at Indonesia and Southeast Asia as a whole and what is and has taken place in banking, independence, corruption (and by who serving whom?) and you get closer to “on track”.

But look to the “time” and the WORLD. Who is blowing up apartments in those old Russian areas? They are directed, at least, by the same ones, obviously, who blew up such as the Murrah Building in

OKC. So who trains these terrorists? That’s right, the King of the terrorist intelligence services.

Now, look to the happenings of the day: A MAJOR typhoon with a dead-hit on Hong Kong AT THE SAME TIME AS A MASSIVE HURRICANE HITTING THE EAST COAST OF THE U.S., which, by the way, caused closure of the “Market” early in New York and closure of government services in WASHINGTON, D.C. (while at most, you could only have some rain). So, it doesn’t seem likely that there is simply a warming of the Atlantic and a cooling of the Pacific as presented by the “scientists”? REALLY, does it? And while Russian stuff is being blown away, it appears more likely that the Russians are at the manipulation of the weather, all things considered?

And, who ever heard of a little air turbulence that would knock out a Greek craft by plummeting 6,000 meters, and then recovering enough to land the aircraft but killing some very important political personages? Why? Check it out!

And just when, readers, is year 2000? Is the readiness all expected prior to Dec. 31, 1999 or after, say, just during and prior to 2001? If you are ALREADY into year “2013”, do you actually think the “happenings” are “natural”? Not more than a tiny handful of people (humans) have awakened to even realize that there is coffee and toast—much less already burned.

No, I do NOT want my teams to go forth and dabble in anything just because you CAN. I want you to GROW UP and act in total maturity—at your job or responsibility as YOU ACCEPTED IT TO BE. I want you to do it with maturity, responsibility, and do not appoint self as King of the Hill to control others—if YOU do your job righteously and responsibly, the others will take care of themselves or MOVE OUT.

If things seem to be more easily moved along by intervening or interfering—check it out. If it is a local matter of, say, *Spectrum* vs. human—fine, attend it, but attend it properly and not as a silly game of rock-tossing. And do it with intent of discipline and follow-through—EVERY TIME. This is the same as good parenting of naughty children—responsible RESPONSE—EVERY TIME, in total consistency and with totally MATURE and responsible actions.

Remember something: EVERYONE IN EVERY GAME IS VYING FOR POWER AND CONTROL—YOU INCLUDED. You MUST work from that which affects “you” as in Self. But you must respond in unselfish WISDOM and not react in ego-satisfaction. Consequences flow of their own accord when responsible actions are utilized. Revenge is not even a consideration of WISE intent.

If you have someone drowning your chickens—then you had better JUDGE that action carefully and take WISE actions to ensure no repeat of such vandalism, OR WORSE. Every act must be reported to responsible parties. Then, take actions necessary to guard the property—and from doing the correct responsive actions you will see “consequences” happening as the culprits are identified, the actions confronted and the chickens are then safe and secure along with the rest of the property on which the chickens reside or are drying their feathers. And yes, indeed, CIRCUMSTANTIAL EVIDENCE STANDS IN A COURT OF LAW—IF THE INCIDENTS OF CIRCUMSTANCES ARE RECORDED LEGALLY AND LAWFULLY—even down to the dog

OBVIOUSLY knowing the culprit who entered the property that the dog guards!

But, along with that, you must attend the possible actions on an ongoing basis. ASAP you get surveillance people in place to WATCH. You do not “stalk”, you get professional people to act within all laws, but know every move of the suspected vandals—ALL OF THEM, UNTIL YOU CAN IDENTIFY THE GUILTY PARTIES THEMSELVES. You also place guards (professional and registered) around all properties suspected of being targeted for ANY reason, ASAP. Interim security is sufficient for right now. This is preventive care and responsible action. You also demand that the police maintain their heightened security checks. And team, we are at the door to being able to establish the whole of such a program very shortly. We just make do and keep an attending eye on things until then—like even a public notice in the *Tehachapi News* to cause the vandals to think a bit more carefully—and it also PUTS IT ON PUBLIC RECORD.

Eric is THE one qualified, and he can begin to check into such a professional security company, for this is going to be an ongoing circumstance. We will place a request for funding this among the very first requisitions. We don't need a breakdown—just a workable size for startup—PROPERLY, and then everything up to date for investigative services, etc. Plan to establish the company in a suitable building right in the middle of the best and most prominent place around. We do not hide; we are right there in everyone's face. We are less than a month from being able to afford the entire system. We must, however, wait until President Estrada returns to Manila; and recognize that the Philippines are sending troops into the Indonesian fray, so human pressures are going to be great during his first days home. Everything is “Go”, and everything, including information, is secure and at ready to begin massive shifting. And no, people who thought or think they know something about what is taking place—DO NOT! That in itself is the best security against such as the “Watchers” yet established.

We are, like every other citizen, just that, CITIZENS. There is NOTHING even remotely relative to publicity. There are no crackpots, cultists or “far-out” ANYTHING of such, among our business associates—ever again! Let the guilty accept the reality of their own positions—and prove the guilt to the law officers. We want assistance—we do NOT want to go to court or to engage the Grand Jury on such nonsense. Neither are we, however, going to further tolerate the absurd and stupid things taking place.

We have no church; Ekkers are not even around, and still the offenses and assaults and damaging thrusts are at them. Why? Well, because Ekkers feel somehow responsible for assuring that no one loses money on anything with which they can be remotely attached. They are gaining funding to clear all debts, even those short of being due for payment—and have succeeded in that endeavor, and they need only time for the paperwork to finalize. It has required over a year to accomplish the feat but it is well on its way to harvest. It is incredible that ones who DO have some involvement and want return of assets, due or not, would continue to listen and destroy, alongside those who have NOTHING to lose but YOUR ASSETS. So, turn the light where it belongs—ONTO THE CULPRITS—IN FULL AMPLIFICATION. WE ARE

EXTREMELY HAPPY TO HAVE THIS BUNCH OF CRACKPOTS OUT OF OUR SPACE. If Tehachapi doesn't want cults and questionable, occult, secret clans around—then they had best attend the ones who play at these games. Shape-shifters and reptilians, indeed. Watchers? Indeed—so get busy watching the obscene perpetrators of sensationalism and immaturity. YOU HAVE NO RIGHT TO ASK THAT THE LAW-ENFORCEMENT PEOPLE DO YOUR JOB FOR YOU.

What are “*Spectrum*” persons to say? We are Sanandians? We are Cosmic Shamen? We are Atonians from Egyptian Pyramids? We are raylettes of the Seven Rays? I would say that makes us less silly in appearance—WE BELIEVE IN “CHRIST” NESS AND GOD CREATOR—NO MORE OR LESS. WE ARE NOT “NEW AGE” ANYTHING, WE BELIEVE THAT ANYTHING PRESENTED IS “POSSIBLE” AND SOME THINGS MORE PROBABLE THAN OTHERS—BUT CERTAINLY WE ADVOCATE NONE OF THE CRAZY INSANITY ASSOCIATED WITH ANYTHING AROUND. WE CLAIM TO BE NOTHING OTHER THAN WHAT WE PRESENT: GOOD CITIZENS, COMMUNITY PARTICIPANTS AND HOPEFULLY, GOOD BUSINESS PEOPLE TO ENHANCE THE COMMUNITY. THE LAW IS AN UNACCEPTABLE THING TO BREAK OR FAIL TO HONOR, AS ARE THE LAWS OF GOOD BEHAVIOR, HANDED DOWN AS ACCEPTED BY RELIGIONS OR CULTURES AS CREATOR'S GUIDELINES. WE TAKE NOTHING THAT IS NOT OURS AND WE EXPECT TO HAVE OUR PROPERTY PROTECTED UNDER THE LAW.

And yes, friends, we WILL BE ABLE to assist the law-enforcement teams if they wish to better secure the communities. We don't need to RUN the show, but we can contribute to better equipment and better ways to honor our officers, who guard the security of the communities. We do not bribe or break the law—WE ENHANCE THE LAW IN EVERY POSSIBLE ASPECT OPEN TO HELP THEM.

Are there some “bad” officers? Of course, weren't there some bad dudes in our own circle of friends and co-workers?

Citizens who can afford this security for selves can do the entire neighborhood a service, by just having professional security PRESENT.

We don't involve in anything, even in Satanic possibilities, because YOU DON'T KNOW ANYTHING ABOUT SUCH. TO WRITE ABOUT POSSIBILITIES IN A NEWSPAPER IS ONE THING—BUT TO SUGGEST THAT IT IS SO, IS RIDICULOUS AND UNSCRUPULOUS PRONOUNCEMENT ON POSSIBLY INNOCENT PARTIES. If there are (and there are) some Satanic groups in the area—then it is for the law-enforcement agencies to attend, and always they must go first to the vandals, especially the secretly anonymous who present “otherwise”, who must be investigated. THE FIRST LIE IS CAUSE FOR SUSPICION OF MASSIVE MISINFORMATION AND PROBABLE INTENT AT CRIME.

Vandalism and theft are CRIMES! Playing in rituals is NOT. KNOW THE DIFFERENCE, SO THAT YOU ARE NOT CONSIDERED A KOOK. A “ritual” is whatever you choose to make it be. But keep the focus on the GUILTY: THIS IS CALLED “SHINING THE LIGHT” ON EACH INCIDENT—

BUT KEEP THE PUBLIC NOTICE BOTH IN CONTACT AND IN ANY OTHER PUBLICATION WITHIN GOOD TASTE, AND ALWAYS WITH AN “AND IT APPEARS...” CLAUSE.

Take full notice of their own games—calling you to account for harassment “IF”—you take proper legal actions. THESE ACTS, AS PRESENTED BY BILGER AND MARTIN, ARE HARASSMENT, AND CRIMINAL VANDALISM, TRESPASS WITH INTENT TO DO UNLAWFUL ACTS ARE DAMAGING, AND THIS NOW CAUSES YOU TO BE ABLE TO REGISTER THEFT OF ANYTHING MISSING, AS WELL. YOU ARE CARETAKERS OF PROPERTY OF OTHERS—I.E. TURNER, MILLERS, CONTACT OFFICE LANDLORD, ETC. If things are “missing”, you don't know who took what, and perhaps that “anonymous vandal” took some of Mr. Bilger's things, like a stove he has claimed. The stove bought for the farm was expensive, as are all approved “inside” stoves. It was bought at Fisco in Bakersfield. If Mr. Bilger has a second stove at the farm—let the police approve the transfer. We do EVERYTHING within the shelter of the LAW—no more games. If someone “gave” away things, it is the caretaker's responsibility to find out WHO “gave” something—because you have no AUTHORIZED “givers” of anything on the premises of another, and asking accounting is NOT HARASSMENT. To claim harassment is, in most instances, considered ADMISSION OF GUILT—and that holds in a true and just COURT OF LAW. These are THE VERY courses of actions, as Mr. Bilger has taken to manipulate the laws and bring total discredit to the judicial process.

Now, to the doubting Al's etc: If you truly believe that these are the kinds of attitudes that are proper for the parents or caretakers of babies and children—whatever they might be—you are WRONG. How can you bring a world into freedom and honor when this is what is considered ACCEPTABLE and proper behavior and/or attitudes. It is wrong, as in definitions of “right” vs. “wrong”. And, by intentional anonymous harassment and vandalism, theft (no matter how small), lies (no matter how small), etc. you HAVE “evil” by all definitions. Now, if you approve the caretaking of evil-intentioned parties for your children, so they grow up in the shadow and copying of such behaviors—YOU are wrong. These are sick and immature GAMES OF INFANTS AND CHILDREN, WHO HAVE BEEN REARED IN EVIL OR NOT REARED IN ANY TYPE OF HONOR, LOVE OR BALANCE AT ALL.

They come to cling to that which seems appropriate for THEIR SELFISH INTERESTS, and excuses do not impress me and, hopefully, not thee! THIS IS WRONG, BREAKING THE LAW IS WRONG, HURTING SOMEONE DELIBERATELY AS IN “JUST GOOD BUSINESS” IS WRONG, AND CRIMINAL ACTIVITIES AND VANDALISM—WHETHER IT BE ON AN INTERNET OR IN A CHICKEN COOP—IS WRONG!

Anyone who will not identify self for any act, writing or whatever his actions: is of evil intent, trying to hide activities and identification—WATCHERS, INDEED!

Yes, indeed, it is time to go have a very open and close encounter with the Sheriff and police, for it is now obvious who is doing the deeds, the writings, the set-ups and running the cult. PUT IT ON RECORD.

I would remind you of the team that Leon Fort had entered documents with the same enforcement agencies, against Ekkers and the Phoenix Institute, and later had to withdraw same. I'm confident, however, that you will find records, for the officers stated on TV that they continued to "investigate".

Go meet with those officers, and submit written evidence of all activities, from theft to slander and set-up of gun "shows". The documents go on record to back up the complaint, and the agents don't have to spend time writing a full report but can attach your documents. Make the statements over a statement of "under penalty of perjury" and each who signs the document, place a right thumbprint alongside your signature.

If we have to, as time goes along, we will opt for getting a restraining order in place, since these people have no respect for agreements or honor under the law, and consider contempt of court or agreements to be non-binding. **SAVE ALL EVIDENCE, ALL CORRESPONDENCE, ALL E-MAIL, ALL PAPERS, ALL ENVELOPES, NOTES, LETTERS, ETC. I SUGGEST YOU APPEND COPIES OF ALL INFORMATION FROM MARTIN, BILGER, YOUNG, ETC. THAT YOU HAVE AVAILABLE. THIS IS NO LONGER FUNNY, NOR EVEN AMUSING.**

We will present in full recognition and respect in all ways and manners, for we represent a growing, thriving and contributing potential to the community. We will no longer tolerate such blatant false information about us, or our intentions. We have **BUSINESS** to offer with **MAGNIFICENT** funding potential, and we want to place it right there in Tehachapi, as was always planned. We are not stupid, insane, nuts or far-out pretenders. We are now ready to lay it on the table and get on with our work, and it is called investment in community and business industries. If you are asked, right off-the-top, what kind of funding potential: "LARGE", LEGAL and fully open and honorable, as in things like Costco and other very acceptable community-enhancing business ventures, from waste disposal, to water systems, to water treatment, to sewer upgrading; and yes, we are arranging guaranteed financing for these things at our disposal—NOW!

We sit with a full Waste Disposal business for the Philippines, Metro Manila, in front of us for funding. It is already approved by the GOVERNMENT and ready to go—for some \$8 billion. I don't believe that Tehachapi, including Bear Valley and Stallion Springs, would cost more than that, but we are willing to offer up that much, if necessary. Dreaming? NOT ANY LONGER!

EKKERS ARE NOT GOING TO TAKE THIS SERIES OF ATTACKS AND THREATS LONGER, FRIENDS. THESE SPECTRUM MISFITS ARE GOING TO STAND IN ANSWER FOR THESE DEEDS THEY HAVE PERPETRATED. OR THEY MAY GO—ANYWHERE THEY CHOOSE—BUT "THIS PHASE" IS OVER.

There are good people, honorable people, trying to do their job right. They cannot be held responsible for noting the silly incidents foisted off on them. We will stand in integrity and honor, and it is sufficient—TRUTH ALWAYS IS SUFFICIENT.

Good morning.

PHOENIX UNDEAD— THE MONTAUK PROJECT AND CAMP HERO TODAY

Part One

In this five-part series, John Quinn—who runs Newshawk, a genuine, insightful, Internet, e-mail-based news service—provides us with an amazing update on the situation at Montauk today.

INTRODUCTION

I have already written and disseminated one report on the covert government's secret electromagnetic/radio frequency mind-control project based at a documented, subterranean facility beneath the derelict Montauk Air Force Station, at the extreme east end of Long Island's south fork (entitled *Montauk Air Force Station—Active or Not?*). These activities, an outgrowth of some very esoteric research directly linked to the (in)famous "Philadelphia Experiment" (Project Rainbow—later Phoenix), and both the inter-dimensional and psychotronic (linking mind to machine [computer]) ramifications of this work, reached literally heretofore unimaginable levels of human (technological) control over the parameters of our "reality" in the Montauk experiments; including all conceivable implications of that word. As has been stated by others, the masterminds behind the Montauk/Phoenix Project attempted to "play God".

WHAT'S WHAT—A RECAP

This entire field of research, including the legendary Philadelphia Experiment activities, dates back originally to the later 1930s. These were the early attempts at achieving radar invisibility ("stealth") and, according to some sources, literal sight invisibility as well, using "inter-dimensional" technology devised primarily by Nikola Tesla and Janus Von Neumann. By all accounts, these experiments at the Philadelphia Naval Yard in the early 1940s ended in uncontrollable and nightmarish failure, when the ship was thrust into hyper-space; reappearing with a severely-damaged crew only after the generators, transmitters and other equipment had been destroyed. During the 1950s, under the scientific leadership of Von Neumann, these earlier efforts gave birth to both the inter-dimensional/time travel and the psychotronic/mind control aspects of the Montauk Project operations.

It must be pointed out to those revisionists who discount the reality of the Philadelphia Experiment, and also to those whose minds boggle at the contemplation of such subjects, that there is ample evidence in the public record alone (newspapers, magazines, periodicals,

etc.), showing that in the later 1930s and early 1940s, Naval Intelligence and other agencies were indeed wholeheartedly researching radar cloaking technology with the top minds in physics, including John Hutchinson, Emil Kurtenhauer, Albert Einstein, Von Neumann and Tesla. Although not often discussed then or now, literal sight invisibility was also a subject of considerable interest in this work. Sites for this research were first the University of Chicago and then later The Institute for Advanced Studies in Princeton, New Jersey.

In recent years, much evidence has surfaced indicating that the Montauk base and the subterranean facilities have been, and are still, the site of the Phoenix Project and are used for a tremendous amount of top-secret, ultra-classified research and experimentation into inter-dimensional technology, quantum and particle physics (black hole simulation), psychotronics, super-powerful electrical and electromagnetic fields, weather control, electronic and drug-based mind control and, more recently, genetics and particle-beam technology.

The preponderance of this evidence strongly suggests that a great many of these activities have been thoroughly malevolent, as to both their desired ends and the means used to achieve those ends, and have utilized unwitting and even helpless subjects—including, at times, youngsters abducted from surrounding communities. Certain of these experiments in controlled warping of our time-space continuum had such devastating results, and almost inconceivably awesome potential consequences, that several project insiders conspired to sabotage the proceedings in August 1983, forcing the base's total, but as it turns out only temporary, abandonment.

Allegedly, a time tunnel-type linkup with the Philadelphia Experiment exactly forty years previously (August 12, 1943) was achieved then—apparently an attempt by project operators to repair or undo damage they felt had been done to the time-space continuum during the 1943 experiment; thereafter, the project ended temporarily, and the surface of the property was then donated to N.Y. State in 1984, expressly for use as a public park. The N.Y. State Parks Department continues to "maintain" the surface of the property in a thoroughly deteriorated, unusable condition, with public access forbidden, in blatant collusion with the federal government in covering up the existence of an active underground installation beneath this most unusual and singularly uncongenial state "park".

One of the characteristics of this project, and others

like it, is the fact that there are an incredible number of “tentacles” which connect to myriad aspects, angles, influences and offshoots. It seems hardly a day passes when I don’t find or receive information revealing some heretofore unknown or hidden element of the Montauk (Phoenix) Project, or about related or similar operations. It literally never seems to end. As a result, it’s difficult to bring the work to a satisfying close, and it’s become necessary to follow my initial report on what’s known as the “Montauk Project” with this update.

Let me point out at the onset that this latest report, to a noticeably greater extent than the first, contains material quoted directly from other sources. All such material is so identified, and the reason this is the case is that the highest priority for me right now is the dissemination of information about the Phoenix/Montauk Project to the very greatest extent, and rather than interpreting or rewording certain material, it was more effective and/or expeditious to simply quote larger segments of the material.

I would like to assist readers in understanding the intent of this endeavor to bring the truth about the Montauk Project—as well as similar and/or connected projects—to public attention, by whatever means and to the greatest extent possible, for the sake of my child and all children, for all people and for the sake of human freedom on this planet we call home.

The human race could be about to enter a period in which we will be subjected to nonstop, invasive and pervasive mind, mood, consciousness and even body control, carried out through the use of electromagnetic/radio frequency transmissions on a worldwide basis; this in addition to severe and extensive social manipulation and consciousness-modification programs already operating to an extraordinarily pervasive and effective degree, through mass media and entertainment, religions and other forms of social programming and indoctrination, such as cults and belief systems. This while the food supplies of the human race become increasingly contaminated by not only toxic pollutants, but by health/mood altering substances and additives and irradiation of our food and water supplies—which have already become increasingly deficient nutritionally and downright unhealthy, due to pervasive global environmental and ecological degradation.

In addition to all the aforementioned methods and “systems” of malicious manipulation, there would appear to be indisputable instances in which some individuals are also being monitored and/or manipulated by “controllers” of one sort or another, through the use of physical, biological implants.

We are already witnessing the near-total collapse of even a pretense of a free press and certainly a democratic government here in the United States. We are already witnessing massive deployment of experimental (and perfected!) biological weapons against the American people, and even more so against Third World countries (such as AIDS and Ebola: see Dr. Leonard Horowitz’s book, *Emerging Viruses: AIDS And Ebola*, which proves that these and other deadly diseases were genetically engineered by secret-government associates, mainly at Cold Spring Harbor Labs on—you guessed it—Long Island). We are witnessing the deployment of numerous, electromagnetic, mind-modification programs—of particular importance is the Tesla-based HAARP technology, now being implemented not only in pursuit of mind-control objectives but also a number of other highly malicious, oppressive, unethical, unconstitutional, as well as ecologically dangerous goals.

WHERE THE HUMAN RACE STANDS

THE FREE PRESS—DEAD AND BURIED

What’s one of the most distressing things to me is the ever-increasing degree to which the major news/information media have blatantly become a party to promulgating and fostering some of the most egregious and destructive of the many coverups, disinformation campaigns and distractive, meaningless, manufactured-news events which the covert government is disseminating, all for the purpose of diverting our energy and attention from significant—even vital—issues. In other words, we are getting almost pure crap from the mass media regarding almost any issue of any importance whatsoever—most certainly on any information which would tend to give the lie to those deeply-embedded, traditional concepts held on the part of a large percentage of humanity (including many North Americans); concepts which bolster the global position of the “powers-that-be” enabling further exploitation of the human race.

To my eye, these “powers” are to some extent an international “cabal” (and I use that word with full knowledge of its derivation), a secret, in fact cultic, brotherhood with decidedly malevolent, even “satanic” characteristics, which is and has been manipulating humanity to a VERY extensive degree; which underlies many of the predominant, philosophical systems, belief systems and religions of the world; which underlies, as well, many governments of the world’s individual countries; a group which has as its prime goal the further acquisition of ever-greater raw, oppressive power over the actual lives of large numbers of humanity, and its own continued aggrandizement and enrichment at the expense not only of Earth’s people but most certainly of the planet itself and all its many life forms, as well.

A good example of the tremendous degree to which the major news media organizations are called to heel is seen in the facts surrounding the two-year hiatus in the professional career of CBS broadcaster Connie Chung, who had the misfortune to have ended up being paired with Dan Rather several years ago.

On a live, call-in TV talk-show some two years ago, Ms. Chung responded with a bit too much candor to a question as to what actually gets reported publicly by the major news media, given the great number of stories and items which come from the numerous sources of “raw” information. How are the stories which get the attention of the media chosen and by whom?

Connie Chung replied to the effect that it wasn’t too hard to decide what stories get aired—they just checked with Washington D.C. to see what had been cleared for publication by the government.

As a result of her being foolish enough to tell the truth in what was likely just a naive, probably unintentional and inadvertent slip, within no more than a few hours Ms. Chung was out of a job and remained blacklisted in the industry for a good two years, only resurfacing in 1998 with a position at ABC—sufficiently chastened, some no doubt believe, to allow her to grace the public airwaves once again.

There are a great many indications of the implementation of the New World Order and the list grows by the hour. Of prime importance in these malignant plans for our future is the literal control of, or at least substantial interference with and manipulation of, our brains, minds and consciousness/awareness by Montauk-type technologies. Clandestine agencies have been covertly researching various means of mind control for quite a long time. Based upon what I have discovered, the Montauk Project represents the

pinnacle of achievement in this entire field. This type of technology perfected in the Montauk Project and now likely being carried on within and through the HAARP project is, unfortunately, extremely powerful, and this power is at the disposal of what, in actual fact, are literally Nazis and their cohorts/accomplices/collaborators/proteges and descendants.

More than a few researchers think that there is strong evidence indicating that the government has in place at this point: mind, mood and consciousness modification EM/RF transmitters in most major (and not-so-major) population centers; evidence also that mass internment centers exist (above ground) in certain sectors of the country, to handle many (potentially millions of) people—troublemakers and dissidents of one stripe or another and likely those who don’t succumb as easily to the EM/RF transmissions.

Of course, globally-implemented HAARP operations and the numerous subterranean installations across the country, round out the picture of where we stand in terms of our literal oppression by the covert government.

SPIN DOCTORS OPERATING

The great majority of responses to date, to the information in my initial report, have been serious, interested, concerned and at least willing to impartially consider the information as valid—and certainly urgent. Additionally, however, I have been picking up a somewhat faint but persistent hum (mostly on the Internet) of what I believe is the evolving response emanating from the spin doctors and damage-control agents of the (covert) government to the increasing flow (flood) of information now “coming out” which pertains to the Montauk Project, i.e. the Philadelphia Experiment—Rainbow/Phoenix Project—and the connections to Brookhaven National Labs (BNL), Airborne Instrument Labs (AIL), Siemens/ITT, as well as links to a tremendous number of other, top-secret “research” activities such as MK-ULTRA, and other more well-known, mind-control projects, connections to collaborative operations with ETs, connections to what’s known as the “New World Order”, and to numerous other tentacles of the beast. The list really never seems to end and neither, it seems, does the story.

This currently-materializing “spin”, which the (covert) government and their allies are very carefully leaking in their attempt to manipulate the whole Philadelphia/Montauk deal, goes something like this: “O.K. Maybe we have been researching some incredibly advanced science for a number of years. It’s (maybe) true; it’s true. We have actually warped time and space—once or twice—or did we? Anyway, we couldn’t say anything about it because of the—Commies—or aliens—or even the hippies—or whatever. Had to keep it secret. National security and so forth. And yes, we did some incredible things but can’t, unfortunately, reproduce a lot of it (naturally). And isn’t all in the advancement of human knowledge and the greater good (yuk yuk) after all? And yeah, maybe there is more to the Stealth’s radar invisibility than a funny shape and a matte-black paint job. O.K. So we lied a little.” And so on—you get the idea.

The unspoken Big Lie in all this is that the supreme and overarching prime directive of pretty much everything to do with Rainbow/Phoenix/Montauk, at least from Philadelphia on, was really what could be termed mind control—but even that doesn’t really convey the breadth and scope of the operation’s goals and actions. It’s really much more along the lines of reality engineering and consciousness control.

The knowledge gained at such a steep price—through the research which culminated in the experiments at the

Philadelphia Naval Yard in 1943 and the subsequent endeavors on Long Island—of methods for gaining access to, and actually traveling to other dimensions and periods of time, has been primarily applied or implemented to further the goals of manipulation and control of human, perhaps even global (or planetary—as in Gaia-) consciousness. All of these most-advanced, scientific technologies have been utilized in service of “mind control”.

This is the stuff the spin doctors can NEVER smooth over; the horrendous and virtually inconceivable abuses of human beings and of humanity which have taken place, and are taking place, in this and similar or related projects.

The covert government considers it terribly important for the truths about such operations to be kept hidden and buried, because there is really no conceivable excuse (lie) anyone could ever come up with which could possibly justify or condone, in the minds of the public, the operation of such projects by our government or any agencies/consortiums connected to our government, in even the most tenuous way; as well, because we are—especially in modern, technological societies—immersed in a veritable sea of electromagnetic/radio frequency transmissions, a portion of which are intentionally engineered to have any number of effects on our consciousness and physical wellbeing. (Even those which are not so intended have well-documented and generally negative, debilitating effects upon biological health and mental function.) Who could ever justify such wholesale and deliberate, unconscionable, thoroughly-malignant abuse of human rights and of spiritual freedom, such as has occurred in the government’s mind-control operations? Thus, the mind/consciousness/reality control aspect of the Montauk Project is where I intend to put my focus.

Preston Nichols, a project “survivor” and author of several books about the Montauk Project, supports this adherence to focusing on the fundamental truth about the Montauk Project. He adamantly stands by his contentions that the primary, underlying basis of the Project is mind/reality control, and also his contentions concerning the tremendous numbers of children abducted (NOT [only] by ETs!) for use in this and related/similar operations. I have found very solid evidence of such activities in other, covert, mind-control operations as well.

THE “ALIEN” ANGLE

My first report on the Montauk Project almost completely avoided any mention whatsoever of any alleged ET/UFO connection to the Montauk Project. There are, indeed, numerous allegations of ET involvement with Rainbow/Philadelphia/Phoenix/Montauk, as well as with other covert activities by the covert government, but the topic will not be explored too extensively in this report. Others have been, and are, researching these aspects, and I’ll leave it to them.

I have not included much of this information, mainly because I’ve come to the conclusion that the UFO field overall has become a literally hopeless morass and teeming snake-pit of a seemingly infinite amount of half-truths, misinformation, distortions, false leads, hidden agendas—in short, that the entire field of research has been massively subverted by agents of the covert government, who have almost totally muddied the waters beyond any hope of clarity—at least for now. (Serious and sincere researchers, don’t be offended!) Additionally, I don’t feel that I, personally, can verify most of this information to the degree I would like.

This leads us to what is perhaps, for many, the most

incredible, not to say flamboyant, assertion regarding such top-secret endeavors as the Phoenix Project, including the Philadelphia Experiment and later the Montauk activities—the involvement of secret government and international (“world” government) agencies with various “alien” species in a number of these undertakings, even long before the well-documented Roswell, New Mexico UFO crash in July 1947. Nevertheless, no rational, intelligent person can any longer ignore the massive and overwhelming evidence for the existence of exceptionally advanced aerospace-craft, apparently non-terrestrial in origin for the most part, as well as a great deal of testimony from millions of normal, sane people about their personal contact(s) to some degree with the often humanoid, but apparently non-earthly, beings operating such craft: To ignore these facts is to be in denial.

Certainly, such a condition of denial on the part of so many has been deliberately and unilaterally instigated and fostered by the U.S. government, and other governments as well, in particular by the intelligence services thereof, for a number of reasons. The most oft-cited and acceptable reason is the claim that there was great concern about the effect the news of the existence of extraterrestrial beings (and the associated, advanced technologies and abilities) could have on the social, political and economic underpinnings of human civilization. Translation: Those in control were afraid they might not remain so. A more compelling reason was to hide the fact that many of the above-mentioned agencies have engaged in collaborative activities and assorted treaties with some of these seemingly-extraterrestrial groups.

I believe it must be pointed out here, however, that there is a definite possibility that—although the sightings, abductions and other “close encounters” may be evidence of contacts with bona-fide alien or extraterrestrial beings—such beings may, instead, either originate in some other dimension, or some other (future) period of time; or may, in fact, be some group of very terrestrial humans, who have somehow developed or otherwise gained access to extremely advanced technologies, which they are implementing in pursuit of a notably fascist, totalitarian “New World Order” agenda—in which our very thoughts and consciousness is subject to extensive monitoring and manipulating by these powers.

According to some schools of thought, this is nothing new and has been going on for many thousands of years. A subset of this equation is that there are no aliens at all, only secret, cultic government cabals carrying out mass mind-control and/or abduction operations on a global scale, for the purpose of inculcating certain specific concepts and belief systems into society—the human race—the general population.

For brevity’s sake, when I refer to “aliens” in this report, it should be understood that I consider all such possibilities as to the origin of these “beings”. I would imagine that the “real truth” is some admixture of these various possibilities, and that all and more possibilities may in fact be occurring at once (i.e. extraterrestrial, extra-dimensional, future [human] beings, humans in possession of highly advanced technologies).

A percentage of the technology used in the Phoenix Project, and also in the Stealth aircraft, is said to derive from these “alien” sources, and charges have been made that, in return for such technology, the government gave certain of these aliens “permission” (as if they had any right to do so!) to abduct and experiment upon its citizens. While the occurrence of abductions is undeniable at this point, a surprising amount of evidence shows that, in fact, very human people, associated with certain government/military agencies, are definitely responsible for much,

perhaps most, of the so-called abduction phenomenon. Preston Nichols says that his information indicates that roughly ¾ or more of all “alien abductions” are actually being done by government agencies—with no “alien” involvement at all.

Several people have reported on significant, and in some cases fairly well-documented, instances in which there was alien or ET involvement in very specific aspects of the Phoenix Project. I have no reason to doubt them, and this is in general correlates with a tremendous amount of evidence and certainly testimony from the UFO research field as a whole. I chose not to include much of this material in my report because I feel it is relatively unimportant—at least at this time. To me, the primary issue is the “human beings” involved in and responsible for this project, as well as any and all connected and related projects—where great numbers of their fellow human beings have been so horrendously and brutally victimized and had their most fundamental rights on every level thoroughly abrogated and violated.

And all this at the hands of what many still believe to be a freely-elected, representative government of, by and for the people. I personally don’t much give a damn right now about which “aliens” (whatever their true origin) were or weren’t involved with any aspects of this entire field. I don’t doubt that there could well have been such involvement, but that to me is another issue, to be dealt with by others, or by myself at a later time. I am mostly concerned with those members of our government, certain secret, cultic organizations, extremely-wealthy international consortiums and private corporations, which are so thoroughly and deeply involved in this project and a great many other similar and related ones.

Researcher Marshall Barnes has stated that his investigations and studies indicate that the entire Phoenix Project, from Philadelphia through Montauk, could very well have been carried out without any alien involvement being necessary at all. In other words, the covert government had the resources of creative, scientific intelligence, powerful technology and tremendous amounts of money with which to pursue specific agendas. My research would tend to corroborate Barnes’ statement—the fact remains, however, that I am not in a position to know for sure either way.

AGENTS OF DISINFORMATION?

Some critics, even a number of conspiracy researchers, charge that Preston Nichols, Peter Moon, Al Bielek and others who claim involvement in the Project, such as Mike Ash, Duncan Cameron (the number one psychic used in the Montauk Project through the 1970s and early 1980s), and even, perhaps, myself are, intentionally or not, spreading disinformation about the Montauk Project—on such points as that noted just previously—that the whole shebang (Phoenix) has involved major collaboration on the part of “negative” ETs.

I will stand behind the information conveyed in my report 100%. I spent a great deal of time researching many different angles and sources of information regarding the Montauk Project. As for dispersions toward Preston Nichols, I have to say that I have found him to be a very reliable and solid witness and that, for myself, his information checked out across the board—right down the line; to the extent that it was at all possible to verify particular information. Not once that I’m aware of have I ever been either deliberately disinformationed, or even unintentionally misinformed, by Nichols. On certain technical subjects he most definitely knows what he’s

talking about and has, in general, been quite forthcoming and helpful.

Questions arise as to why someone like Nichols would be allowed to spread his information about the Montauk Project without any retaliation—if it were true; implying that he, therefore, must be (even unwittingly) purveying disinformation. In my first report, I covered two incidents in which at least partially successful attempts were made on Nichols' life or at least well-being; Al Bielek has had some very mentally and physically debilitating and intensive EM/RF transmissions directed at his residence for extended periods of time.

I, myself, was the object of some most unusual, distinctly threatening and almost incomprehensible scrutiny, as a result of some on-site, public-relations activities I engaged in at and near Montauk Air Force Station in 1996. More recently, in 1998, I found myself subjected to blatant surveillance there. No conceivable reason exists as to why I would be singled out for this kind of intrusive observation, if there were not something peculiar and secretive going on at the base, and if I were not considered a threat of some kind. Significant, also, is how I could have been identified as one to be surveilled this way, within the short amount of time I was at or near the Air Force Station during June and July 1998.

There are some things which argue strongly against Preston Nichols, presumably Al Bielek, Peter Moon, Duncan Cameron and others being part of a government disinformation-campaign team, whose job it is to spread distortions, half-truths and falsehoods about the true nature and purpose of government mind-control projects.

Firstly, these people do not represent any unified, cohesive "front", whose members all mouth exactly the same line. There are substantial individual differences in personality, intent, direction, philosophy and focus among these people. They have different views on certain aspects of the Project, and in no sense do these people act in concert as some kind of "programmed", government disinfo team. I find absolutely no indication that is the case—based upon my personal contacts for three years with several of the "principals" of the Montauk Project investigations.

Secondly, I can't believe that the covert government would ever employ such a diverse, "motley" and—to be honest—rather unlikely seeming crew as this to spread any disinformation about anything. The members of this group (such as it can be called a "group") have NO such cohesive, centralized and coordinated operation going in any way. They are very much individuals who act as such and hold differing views on things and it is humorous to think that any "black ops" agency in their right mind would ever consider turning Preston Nichols—or the other principals named—loose with any serious disinformation program to carry out. Most of these guys don't even have computers, or if so, don't access the Internet. What a big disinformation operation that is.

Another point: When Preston Nichols began making public utterances about Montauk, there was very little awareness of the existence of anything like the "Montauk Project", even among researchers of subjects like conspiracies, coverups, UFOs and black ops. Why would the government initiate a disinfo operation, if there was no generally-distributed "INFO" to "dis" about? By doing so, they would be calling some attention to a project whose existence was basically completely unknown in any general sense.

A further note on the issue of "retaliation" (or lack of) against Nichols: He has benefited from certain useful connections which have, for the most part, deterred

seriously harmful moves against him; most notably, ties to certain Air Force contingents.

Nichols worked with this group at the Camp Hero underground between 1994 and 1997. He let me know that this particular group told him specifically that they were not conducting "Montauk Project" mind-control operations, but rather "legitimate" (in their terms) defensive, particle-weapons activity. He is not saying he can completely guarantee that this was in fact the case, but he was unable to find any direct evidence of mind-control operations at the base. This Air Force group claimed to support the *U.S. Constitution*, and to be opposed to the methods and goals of the Montauk Project and the plethora of ties to very far-reaching and in fact ancient agendas, which support what might be called the New World Order, including links to the Nazi movement of the "past" and its current descendants and supporters.

Additionally, Nichols and other Air Force personnel have successfully deprogrammed a number of "Montauk Boys" victims. He told of how an anti-New World Order Air Force group raided an underground base near Montauk in Sag Harbor, Long Island during August 1996, and how they came up with a database of 30,000 programmed individuals from that location alone. Nichols has indicated that, despite the fact that ("legitimate") Air Force elements controlled Camp Hero until 1997, covert government groups continued to operate a number of other nearby locations, including one just north of Montauk Village, beneath an old, WWII, Navy submarine base (more on this location to follow!).

To reiterate: There has been no indication that Nichols or any associated with him in publicizing the Montauk Project are in fact spreading disinformation. He and others like him will readily admit that, due to the nearly inconceivable manipulations of mind, consciousness and to some degree reality, via Montauk-related technologies, it's certainly within the realm of possibility that they may, to some extent, still be fulfilling some programmed function. Having pursued this story from a relatively straightforward, journalistic approach, I can say that Nichols' basic story holds up extremely well; that there is solid confirmation on many key elements of his testimony; that there is substantial scientific corroboration and outright verification for many of the scientific fundamentals underlying both the psychotronic/mind-control and time/dimensional-shifting elements of the project; outright proof of some very significant, tangential connections; a voluminous amount of anecdotal, word-of-mouth material and a very large number of personal accounts of truly odd experiences at the Turtle Cove/Camp Hero/Montauk Air Force Station location.

ANOTHER ONE BITES THE DUST

Unfortunately, in the fall of 1997, Duncan Cameron apparently came under the sway of certain people who, judging by the viewpoints, concepts and agendas which it is known they have promulgated towards Cameron and others, are (perhaps even unwittingly) furthering the aims of secret-government spin doctors and "reality engineers"; those who have undertaken a campaign to change the perceptions of some of the Phoenix Project's most fundamental aims.

In short, Cameron has let it be known that he has reversed his previous contentions regarding the massive, and often tremendously brutal, mind-control programming carried out at the Montauk base, involving numerous youngsters. Anyone who has seen Cameron's totally spontaneous and completely devastated reaction when confronted directly with clear evidence of the caging of

many young people in the "boys' bunker" area of the Montauk underground—a scene which can be viewed on the first of the Montauk Project videos released by Sky Books—would find it absolutely inconceivable that Cameron could ever issue a public statement along these lines.

(As a further note on these cages, I had an e-mail forwarded to me by Michelle Guerin, from a psychiatrist in New York, who has been working with a patient claiming serious Montauk project involvement. This patient was quoted as saying how, on a recent trip into the "boys' bunker", he was horrified to see a great number of the cages, which were described as being clearly designed to hold human beings. As for how this psychiatrist came to be associated with someone having apparent Montauk Project ties, and what he was really doing for or to this patient, regarding such ties, is, of course, a most intriguing question; the answer to which I probably don't even want to know.) Cameron is now known to be primarily and observably influenced by a woman who became very close to him in late 1997, and who would appear to be a Monarch-type programmed agent herself. Since his association with this individual, Cameron has retracted charges related to massive, horrendous, abusive mind-control operations, involving thousands of young people, during the Phoenix/Montauk Project; now contending the project was only involved with time travel and inter-dimensional technologies. Nichols and Moon have both indicated that they feel Duncan has been put under some kind of control at the direction of his recent companion and her associates.

It's important to perceive how this kind of manipulation plays right into the understandably compelling, subconscious desire to completely "block it all out", on the part of anyone who has realized they were involved in such an endeavor. As noted above, this version of reality, regarding the Phoenix Project, is how the current spin is shaping up in general. Another very significant point regarding the situation with Duncan Cameron is how exceptionally far-reaching the tentacles of the secret government must be, in order to contrive and execute these kinds of "control" operations on a such a direct and personal level.

WHAT'S REAL IS REAL

It must be noted here that this body of information in general, regarding the Montauk Project, has, unfortunately, been given a highly undeserved bad rap—of course from the mainstream press but from a number of "conspiracy" researchers/authors as well, among others.

Apparently things as trivial as Mr. Nichols' weight cause these folks to impugn his integrity and credibility; as well, the allegations he and other principals from the Montauk Project experiments have leveled—concerning points such as that there were generally malicious, extraterrestrial races deeply involved in things like the Montauk Project and related/similar covert projects—have caused certain people to reject, out-of-hand, the firmly substantiated and verified existence of a subterranean installation beneath Montauk Air Force Station and credible, amply corroborated accounts of extraordinary activities conducted in said installation.

No doubt, some of these researchers and investigators also have difficulty accepting certain of these alleged activities as being scientifically possible or real.

For example, one of the fundamentals of the entire project is "psychotronic" technology, or the interfacing of mind to computer.

Psychotronics does work—this is an established scientific fact—and is utilized in fully functional online technology in countless applications at this juncture. I cite solid evidence to support this within my report. Sorry, folks, if you don't like the idea of the corrupted secret government utilizing such technology for their dire purposes; neither do I. Ignoring or denying it won't make it go away, however.

I believe the scientific validity of both the inter-dimensional and mind-control aspects of the Montauk operation has been reasonably well established. To the extent which the information about the Montauk Project seems scientifically questionable, I would remind readers that the entire history of science has been thoroughly manipulated like nearly everything else, and the true state of scientific advancement is definitely being kept from the public and, in fact, from many scientists. Indeed, even Einstein and certain contemporaries were fed manipulated and incomplete data during the development of the Theory of Relativity and the Unified Field Theory, and subsequently, so were other physicists during the development of quantum physics. I quote some very intriguing material from Byron Weeks in exploring this very topic in a section called "Scientific Manipulations And False Data", further on in this report. Another aspect of the Montauk Project—which many have difficulty in accepting—is the alleged development and use of "time portal" or "tunnel" technology, allowing Project operators access to both other dimensions and other periods of "time".

Granted, on the face of it, it's a little hard to swallow for many of us raised on a steady, even exclusive diet of extensively—perhaps totally—spin doctored, controlled and manipulated information, news and the like; and an educational system which basically exists to reinforce these severe limits on personal awareness, creativity, and knowledge in general; as part of the ongoing and extremely pervasive social control of the "masses" by the "powers-that-be". Regardless of how hard it may be to accept, the truth is that there is solid scientific proof of the existence of other dimensions, and equally solid proof that time travel is most definitely NOT PROHIBITED by any of the known and accepted laws of physics. I feel confident that I successfully address within my report such reservations on the part of many intelligent people, as to whether or not time travel is possible. According to a great number of some of the most brilliant minds in contemporary physics, time travel is very possible; some of these will even concede that it may have already been accomplished; though very few are cognizant of the fact that it actually has been.

There is some additional hard evidence on the existence of this underground facility as of the first week of February 1998: A sealed entrance to the underground was demolished, in what would probably have been some sort of "hostile" paramilitary action; additionally, a securely locked and guarded entrance gate was thoroughly smashed and demolished. The same thing happened, as well, about five months ago to the main entrance to the property. The implications of this, backed up by some very solid evidence, are discussed further on in this report.

Another "manhole"-type underground entrance had remained only incompletely covered by a large boulder for many months, and visible through the opening was the metal ladder bolted to the wall of the shaft below. This entrance was thoroughly closed up with a removable (given the requisite heavy equipment) cement cap and the whole thing then buried under a dumptruck load of dirt—right after I visually inspected the entrance in late June 1998. Weird. And a rather strong indication that this entrance is, to some degree, active.

GREEK MINISTER KILLED IN PLANE PLUNGE

National Nine News, 9/16/99

Greece's deputy foreign minister and five others were killed late yesterday when their executive jet hit heavy turbulence and plummeted thousands of metres before leveling off, Greek and Romanian officials said.

Deputy Foreign Minister Yiannos Kranidiotis, his son, 23-year-old Nikos, and four others were killed, said Romanian Transport Minister Traian Basescu. Three others were hospitalised while the four others aboard were not injured.

The pilot and co-pilot were among those unhurt and were able to land the government-owned Falcon executive jet in Bucharest, Basescu said.

"We are very shaken, the whole government, the whole ministry," said Foreign Minister George Papandreu, visibly upset. "I personally can't believe it. We lost people giving a battle for peace in the Balkans. I've lost a friend. ... Greece and Cyprus have lost a tireless worker for human rights."

The cause of the deaths wasn't immediately clear. Romanian television reports said Kranidiotis and the others possibly suffocated or suffered heart attacks after their aircraft suddenly depressurised as it rapidly lost altitude.

Kranidiotis, 51, was on his way to Bucharest, Romania, for a meeting of Balkan foreign ministers when the aircraft apparently hit turbulence and quickly dropped from 6,900m to 1,200m before the pilot regained control, said Gabriel Dumitrescu, the head of Romania's civil aviation authority.

The incident occurred shortly after the plane entered Romanian airspace near Giurgiu, 64km south-east of Bucharest.

Apart from the deputy minister and his son, two journalists, Kranidiotis' bodyguard and the plane's engineer were killed.

A lawyer, the Cypriot-born Kranidiotis was general secretary of the foreign ministry for European affairs from 1994-1995, and then became deputy foreign minister. Earlier this year, he was promoted to the number two position in the ministry, and concentrated on European and Cypriot affairs.

Kranidiotis studied at Harvard University and Sussex University in Britain and authored of several books on Greece and Cypriot politics. Nikos was his only son.

[JR: This sounds like a new form of assassination. His plans must have been in conflict with the Elite—an obstacle, uniquely removed.]

LETTER FROM CONGRESSMAN RON PAUL

9/15/99

Dear Friend:

The other day, I made a huge "gaffe" on national TV: I told the truth about the crimes of the U.S. government. As you can imagine, the ceiling fell in, and a couple of walls too.

Congressmen are supposed to support the

government, I was told. Oh, it's okay to criticize around the edges, but there are certain subjects a member of the House of Representatives is not supposed to bring up. But I touched the real "third-rail" of American politics, and the sparks sure flew.

I was interviewed on C-SPAN's morning *Washington Journal*, and I used the opportunity, as I do all such media appearances, to point out how many of our liberties have been stolen by the federal government. We must take them back.

The *Constitution*, after all, has a VERY limited role for Washington, D.C. If we stuck to the *Constitution* as written, we would have: no federal meddling in our schools; no Federal Reserve; no U.S. membership in the UN; no gun control; and no foreign aid. We would have no welfare for big corporations, or the "poor"; no American troops in 100 foreign countries; no NAFTA, GATT, or "fast-track"; no arrogant federal judges usurping states' rights; no attacks on private property; and no income tax. We could get rid of most of the cabinet departments, most of the agencies, and most of the budget. The government would be small, frugal, and limited.

That system is called liberty. It's what the Founding Fathers gave us.

Under liberty, we built the greatest, freest, most prosperous, most decent country on Earth. It's no coincidence that the monstrous growth of the federal government has been accompanied by a sickening decline in living standards and moral standards.

The feds want us to be hamsters on a treadmill—working hard, all day long, to pay high taxes but otherwise entirely docile and controlled. The huge, expensive and out-of-control leviathan that we call the federal government wants to run every single aspect of our lives.

Well, I'm sorry, but that's not America. It's not what the Founders gave us. It's not the country you believe in. It's not the country I believe in.

So, on that TV interview, I emphasized not only the attacks on our property, but also the decline of our civil liberties, at the hands of the federal police. There are not supposed to be ANY federal police, according to the *Constitution*.

Then I really went over the line. I talked about the Waco massacre. Bill Clinton and Janet Reno claim those 81 church members, including 19 children, burned down their own church and killed themselves and good riddance. So they put the few survivors on trial and threw them in prison for 40 years.

We're not supposed to remember that the Bureau of Alcohol, Tobacco, and Firearms—talk about an unconstitutional agency—rather than arrest David Koresh on his regular morning jog, called in the TV stations for a big publicity bonanza, and sent a SWAT team in black masks and black uniforms to break down his front door—guns blazing. They also sent in a helicopter gunship, to shoot at the roof of a church full of innocents.

The Branch Davidians resisted, and after a heartless siege of almost two months, and after cutting off food, water, and electricity, and playing horrible rock-and-roll

through huge speakers 24-hours a day, the feds sent in the tanks to crush the walls of the church, and inject poisonous CS gas.

Now, CS gas is banned under the Paris Convention on Chemical Warfare. The U.S. could not use it in a war. But it could and did use it against American civilians.

After the tanks did their work on the church, the place burst into flame, and all 81 people—men, women, children, and babies—were incinerated in a screaming horror.

Did some feds set the fire? Did the flammable CS gas ignite, since without electricity, the parishioners were using lanterns? Did a tank knock over a lantern, striking one of the bales of hay being used against the thin walls as a “defense” against bullets? Or did the Davidians, as Clinton and Reno claim, kill themselves?

A new documentary—*Waco: The Rules of Engagement*—may show, through FLIR infrared photography, FBI snipers killing the Davidians by shooting through the back of the church, where no media cameras were allowed. This film won a prize at the famed Sundance Film Festival. It was made by people who took the government’s side, until they investigated.

Whatever the truth, there’s no question that an irresponsible federal government has innocent blood on its hands, and not only from Waco. And the refusal of corrupt and perverse liberals to admit it means nothing.

In my TV interview, in answer to a caller’s question, I pointed out that Waco, and the federal murders at Ruby Ridge—especially the FBI sniper’s shot that blasted apart the head of a young mother holding her baby—caused many Americans to live in fear of federal power.

Then I uttered the sentiment that caused the media hysteria: I said that a lot of Americans fear that they, too, might be attacked by federal SWAT teams for exercising their constitutional rights, or merely for wanting to be left alone.

Whoa! You’ve never seen anything like it. For days, in an all-out assault, I was attacked by Democrats, unions, big business, establishment Republicans, and—of course—the media, in Washington and my home state of Texas. Newspapers foamed at the mouth, calling me a “right-wing extremist”. (Say, isn’t that what George III called Thomas Jefferson?)

I was even blamed for the Oklahoma City bombing! And, by the way, I don’t believe we’ve gotten the full truth on that, either.

All my many opponents were outraged that a Congressman would criticize big government. “If you don’t like Washington, resign!” said a typical big-city newspaper editorial. But the media, as usual, were all wet. (Do they ever get ANYTHING right?)

The average Congressman may go to Washington to wallow in power, and line his pockets with a big lobbying job for a special interest (so he can keep ripping-off the taxpayers). But that’s not why I’m in Congress. It’s not why I left my medical practice as a physician. It’s not why I put up with all the abuse. It’s not why I refuse a plush Congressional pension.

I’m in this fight for a reason. I want to hand on to my children and grandchildren, and to you and your family, a great and free America, an America true to her *Constitution*, an America worthy of her history.

I will not let the crooks, clowns and criminals have their way.

I’m in Congress to represent the ideas of liberty, the ideas that you and I share, for the people of my district, for the people of Texas, for the people of America.

That’s why I’m working to stop federal abuses, and to cut the government: its taxes, its bureaucrats, its paramilitary police, its spending, its meddling overseas and every single unconstitutional action it takes—and not with a pair of nail scissors, but with a hammer and chisel.

Won’t you help me do this work?

Not much of the federal leviathan would be left—if I had my way.

But you’d be able to keep the money you earn, your privacy would be secure, your dollar would be sound, your local school would be tops, and your kids wouldn’t be sent off to some useless or vicious foreign war to fight for the UN. But Jefferson and the other Founders would recognize our government, and our descendants would bless us.

By the way, when I say cut taxes, I don’t mean fiddle with the code. I mean abolish the income tax and the IRS, and replace them with **NOTHING**.

Recently, I asked a famous Republican committee chairman—who’s always talking about getting rid of the IRS—why he engineered a secret \$580-million raise for the tax collectors. “They need it for their computers,” this guy told me. So, the IRS can’t extract enough from us as it is!

The National Taxpayers’ Union says I have the highest pro-taxpayer rating in Congressional history, that I am the top “Taxpayer’s Best Friend”. You know I won’t play the Capitol Hill games with the Capitol Hill gang, denouncing the IRS while giving the gestapo more of your money; or figuring out some other federal tax for them to squeeze out of you.

I also want to abolish the Federal Reserve and send Alan Greenspan out to get a job. The value of our dollar and the level of our interest rates are not supposed to be manipulated by a few members of the Power Elite, meeting secretly in a marble palace.

The Federal Reserve is unconstitutional—pure and simple. The only Constitutional money is gold and silver, and notes redeemable in them—not Fed funny money. Without the Federal Reserve, our money could not be inflated, at the behest of big government or big banks. Your income and savings would not lose their value. Just as important, we wouldn’t have this endless string of booms and busts, recessions and depressions, with each bust getting worse. They aren’t natural to the free market; they’re caused by the schemers at the Fed.

President Andrew Jackson called the 19th-Century Fed “The Monster”, because it was a vehicle for inflation and all sorts of special-interest corruption. Let me tell you, things haven’t changed a bit.

I also work to save our schools from D.C. interference. Thanks to the feds, new curriculums not only smear the Founders as “racist, slave-owning elitists”, they seek to dumb-down our students so they will all be equal. “Look-say” reading and the abolition of phonics has the same purpose, and so does the new “fuzzy” math, in which there are no right and no wrong answers. That must be what they use in the U.S. Treasury! It’s certainly what they use in the U.S. Congress.

But ever since the beginning of federal aid to education, and accelerating with the establishment of the rotten Department of Education, SAT scores have been dropping. Schools, with few exceptions, are getting worse every year.

To save our kids, we must get the sticky fingers of the feds off our local schools, and let parents rule. That’s what the *Constitution* says, and the *Bible*, too.

And then there’s my least-favorite foreign topic, the UN. World government is obviously unconstitutional. It undermines our country’s sovereignty in the worst way possible. That’s why I want us out of the UN, and the UN itself taking a hike.

After all, the UN is socialist and corrupt (many votes can be bought with a “blonde and a case of scotch”, one UN ambassador once said). It costs many billions, and it puts our soldiers in UN uniforms—under foreign commanders—and sends them off to unconstitutional, undeclared wars. When Michael New, one of the finest young men I’ve ever met, objected to wearing UN blue, he was kicked out of the American Army. What an outrage!

Not one dime for the UN, and not one American soldier! Not in Haiti, not in Bosnia, not in Somalia, not in Rwanda. I know it’s radical, but how about devoting American military efforts to defending America, and only America? Such ideas, said one newspaper reporter, make me a “maverick who will never go far because he won’t ‘go along to get along’”. Darn right. What does “go far” mean? Get a big government job? The heck with that. And I won’t sell my vote for pork, either. When I walked through the U.S. Capitol this morning, I got angry. The building is filled with statues and paintings of Jefferson, Madison, and the other Founders. Those great men sacrificed everything to give us a free country, and a *Constitution* to keep it that way.

When I was first elected, I placed my hand on the *Bible* and swore an oath to uphold the *Constitution*. That’s exactly what I’m fighting for.

But such ideas drive the liberals crazy. That’s why I badly need your help.

I’ve been targeted nationally for defeat. The Democrats, the AFL-CIO, the teachers union, big business PACs, the trial lawyers, the big bankers, the foreign-aid lobbyists, the big media and the establishment Republicans want to dance on my political grave. The Fed, the Education Department, and the UN are anxious to join in. They can’t stand even one person telling the truth. And they’re terrified when that truth gains the people’s support.

Right now, four well-funded Democrats are competing to try to beat me, and a Republican is rumored to have been offered money at a secret meeting in Mexico(!), if he would try to knock me off in a primary.

Won’t you help me stay up here to fight? Frankly, I’m in trouble if you don’t.

My Texas district has 22,000 square miles (not a misprint). I’ve got to travel all over it—set up small offices to be manned by volunteers, advertise, pay phone bills, and distribute video and audio tapes to the people—to get around the big-media lies. As I know from my last election, which I won by the skin of my teeth, the media will carry any smear, repeat any libel, throw any piece of mud, no matter how untrue. In fact, the less true, the more they like it.

They are determined to silence me. But you can help me overcome all this. Together, we can beat the bad guys arrayed against our country and our freedom. We can support the *Constitution*. We CAN win. Your generous contribution of \$25 or \$50 would be great. \$100, \$250, or even \$500 or \$1,000 would be magnificent. Of course, any amount would help, and in return, I will keep you up-to-date on this fight, as a member of my “kitchen cabinet”.

What great men founded this country. What great people have carried on their fight. That fight is not lost,

not if you will join it. Washington, D.C., is a loser, but among the people, our ideas are gaining EVERY SINGLE DAY. Keep the tide turning in our direction. Please make your most generous contribution. Join this fight for the *Constitution*, and stop those who want to rip it up and throw it in the Potomac. Together, we can join the Founders, fight. Together, we can make history.

Sincerely,

Ron Paul
House of Representatives
203 Cannon
Washington D.C. 20515

P.S.: Without you, I may be lost, and they'll be breaking out the champagne in D.C. PLEASE, DON'T LET THIS FIGHT FOR THE *CONSTITUTION* AND LIBERTY FALTER. HELP ME WIN IT.

[JR: We MUST help those who can help us turn our nation back to a Constitutional Republic—WHAT IT WAS CREATED FOR.]

ANIMAL RIGHTS GROUP LINES UP FISH EATERS

REUTERS, 9/12/99

Given up steak, said so-long to sugar and *adios* to the additives in your diet? Get ready for the next step in politically-correct dining, and go fish-free.

Animal rights group, People for the Ethical Treatment of Animals (PETA) has begun a publicity campaign in San Francisco, aimed at convincing diners that "Seafood is murder on fish".

"We are encouraging people to leave the fish in the ocean where they belong," said Dawn Carr, the group's fishing campaign coordinator. "So many people have never considered that fish do, indeed, feel pain."

At a protest outside the Tadich Grill, a well-known San Francisco restaurant specializing in seafood, PETA members handed out leaflets this week, while a person in a fish costume held a sign reading: "Don't batter me".

PETA's campaign was launched in June with a \$100,000 television-advertising campaign, featuring spots recorded by PETA member Linda McCartney before her death from breast cancer last year.

At the San Francisco protest, PETA members sought to publicize the fate of fish "caught and killed by the billions for their flesh, which experience fear, feel pain and begin to die slowly of suffocation the moment they are pulled out of the water".

[JR: Next it will be vegetable plants, and then the only foods that will be politically-correct to eat will be synthetic, or chemically and genetically altered.]

IMPORTANT MERGER ANNOUNCED AS THE HOLIDAY SEASON APPROACHES

Humor from the Internet, 9/15/99

Continuing the current trend of large-scale mergers and acquisitions, as well as the previously fused Judeo-Christian, it was announced today at a press conference that Christmas and Chanukah will also merge. An industry source said that the deal had been in the works for about 1300 years, ever since the rise of the Muslim Empire. While details were not available at press time, it is believed that the overhead cost of having twelve days of Christmas and eight days of Chanukah was becoming prohibitive for both sides. By combining forces, we're told, the world will be able to enjoy

consistently high-quality service during the Fifteen Days of Christmukah—as the new holiday is being called.

Massive layoffs are expected, with lords a-leaping and maids a-milking being the hardest hit. The possible effects on drummers and pipers, however was not mentioned.

As part of the conditions of the agreement, the letters on the *dreydl*, currently in Hebrew, will be replaced by Latin, thus becoming unintelligible to a wider audience. Also, instead of translating to "a great miracle happened there", the message on the *dreydl* will be the more generic "miraculous stuff happens". In exchange, it is believed that Jews will be allowed to use Santa Claus and his vast merchandising resources for buying and delivering their gifts. In fact, one of the sticking points holding up the agreement for at least three hundred years was the question of whether Jewish children could leave milk and cookies for Santa, even after having eaten meat for dinner. A breakthrough came last year, when Oreos were finally declared to be Kosher. All sides appeared happy about this.

A spokesman for Christmas, Inc., declined to say whether a takeover of Kwanzaa might not be in the works as well. He merely pointed out that, were it not for the independent existence of Kwanzaa, the merger between Christmas and Chanukah might indeed be seen as an unfair cornering of the holiday market.

Fortunately for all concerned, he said, Kwanzaa will help to maintain the competitive balance. He then closed the press conference by leading all present in a rousing rendition of "Oy, Come All Ye Faithful".

[JR: Although this may be a humorous joke today—it may not be in the future.]

FALN'S TERROR TOO QUICKLY FORGOTTEN

By Dennis Byrne, *Chicago Sun-Times*, 9/12/99

How many times has it been said of the freed FALN terrorists, "Yeah, but they didn't kill anybody," as if they were just innocent bystanders?

Before one more newsreader, call-in show dimwit or commentator tries to minimize what was done by the terrorists granted clemency by President Clinton, I'd like to enter a few facts into the record. They were self-proclaimed and, in some corners, glorified members of a violent and seditious group determined to maim and kill people. In this, they were successful—killing six and wounding scores more in 130 bombings in Chicago and New York.

For those with short or selective memories, bear with me while I bore you with what it was like around here two decades ago when the FALN was active. Bombs were planted and/or exploded at the First National Bank Building, MidContinental Plaza, the United Bank of America, Sears Tower, Continental Bank, IBM Plaza, the Amoco Building, Bank Leumi, First National Plaza, Bonwit Teller, the Chicago Police Department, Marshall Field's State Street store, the Nimpex Building, Gypsum Building, Merchandise Mart, the Cook County Building, the main Post Office, the National Guard Armory, Woodfield Mall, Republican Cook County Committee headquarters, the Great Lakes Naval Training Center and three other military facilities. The FALN either claimed credit for the bombs, or they bore FALN's characteristic markings.

The group also engaged in armed robbery, threatening to "blow off the heads" of personnel at a National Guard office. Using shotguns, rifles and

pistols, they seized and ransacked the Carter-Mondale presidential campaign office in Chicago. Eleven were captured in a foiled attempt to rob an armored truck scheduled to make a pickup at Northwestern University.

Imagine if it was today, and bombs were going off all over the city, placed by white, male militia types. What would the public reaction be to a president who decided, for political reasons, to grant them clemency?

Let's just take three Chicagoans given clemency: Alejandrina Torres, Edwin Cortes and Alberto Rodriguez...

...Torres and Cortes rented safe houses on West Buena and West Lunt, respectively. No one lived there, but the houses were stocked with thousands of rounds of ammunition, dozens of blasting caps, detonating cord, dynamite, weapons, false identification and disguises. Hidden cameras and microphones planted in the apartments during a five-month surveillance caught the three variously meeting there and planning crimes, including the robbery of a CTA (Chicago Transit Authority) fare collector. They also unsuccessfully conspired to help Oscar Lopez, an FALN member, escape from prison and to harbor FALN leader William Morales, a fugitive facing an 89-year sentence for his part in a 1978 New York bombing...

...On June 28, 1983, Cortes met separately with Torres and Rodriguez to inventory their bomb components, including blasting caps, detonating cord, batteries and dynamite. He and Torres prepared a communique that carried a warning of "revolutionary violence". They discussed the logistics of the upcoming bombings and their flight, possibly to a South Side home.

"No bombs were placed at the military sites," the court record continued, "for on June 29, 1983, government agents arrested the defendants."

..."The terrorists should be given their freedom because they didn't kill anybody." Ignoring the fact that they didn't kill anyone because they were stopped from killing anyone.

And Clinton says he's doing this in the name of compassion? I wish he'd have as much compassion for the people and the city these terrorists victimized for nearly a decade.

[JR: Where is the OUTRAGE!? Where is the compassion and clemency for the survivors of Waco, who were actually victims found innocent by a jury, yet the judge sentenced them to 40 years!?!?]

NASA DEVELOPING JET SCOOTER

National Nine News, 9/16/99

It almost sounds too futuristic to be true, but NASA and a Silicon Valley engineer are developing a one-person air scooter that can buzz far over gridlocked streets.

"It's an exciting time for all of us involved in this monumental project," said Michael Moshier, an aerospace engineer and former Navy combat pilot who founded Millennium Jet Inc. "We have all been dreaming of such a vehicle for many years, and now the dream is becoming a reality."

Moshier has spent more than three years and close to \$1-million on his personal flying machine, which can be seen on the company's website at www.solotrek.com. For now, it looks like something out of a "Jetsons" cartoon.

But officials at NASA's Ames Research Center in

Mountain View, California, said there's nothing funny about the SoloTrek Exo-Skeleton Flying Vehicle. Plans call for it to go up to 80-mph, climb as high as 10,000-feet and get about 20-miles per gallon of regular gasoline.

"We are genuinely interested in the long-term possibilities for enabling personal vertical flight," said NASA's Aeromechanics branch chief, Bill Warmbrodt.

As part of an agreement that was to be formally announced Thursday, NASA will provide engineering, technology and testing, while Millennium Jet will build and eventually market the craft.

During initial tests, scheduled for later this year, the SoloTrek will only hover a few feet off the ground.

To fly a SoloTrek, the pilot stands on two footrests, leans on a sliding backrest and grips handles that control the tilt and speed of Hula Hoop-sized air ducts blowing air at about 45-mph.

The 8-foot-tall aircraft will transport an individual for up to 90-minutes before needing to be refueled.

In another high-tech twist, a built-in retinal scanner in the pilot's helmet prevents the SoloTrek from turning on unless the pilot is identified as having been through a rigorous training course.

NASA officials said they rarely sign up to work with outside inventors, despite hundreds of pitches. But they said they were impressed with Moshier's technology and its potential.

The closest commercial flying contraption to the SoloTrek is a rocket belt, which first showed up in the 1965 James Bond movie "Thunderball." The American Rocket Belt Corp. later developed one for sale, but that hydrogen peroxide-powered vehicle could only propel its wearer aloft for about 30-seconds.

[JR: We are now going to have "ROCKET MAN" on a scooter? What is next? A jet Harley "HOG" with a brain scan?]

FORMER SPY SAYS RUSSIA BURIED EXPLOSIVES IN U.S.

Reuters, 9/12/99

NEW YORK (*Reuters*)—Soviet spies buried explosives across the United States and Europe as part of a Cold War sabotage campaign that identified power stations, fuel pipelines and other infrastructure sites, a former KGB official says.

The revelations are included in a new book co-authored by ex-Soviet spymaster Vasili Mitrokhin and discussed in an interview he gave to the British Broadcasting Corp. (BBC), excerpts of which will be broadcast Sunday by the CBS News program *60 Minutes*.

Mitrokhin, whose disclosure about Briton Melita Norwood's nuclear espionage on behalf of the Soviet Union made headlines Saturday, says that for years he copied top-secret documents by hand and smuggled them from Russian intelligence headquarters, sometimes in his shoes, and hid some of them in a mattress.

He wrote *Sword and the Shield: Secret History of the KGB* with British academic Christopher Andrew, who spoke with *60 Minutes* about Mitrokhin's note-taking and smuggling activities over a 12-year period that began in the early 1970s, when he was put in charge of moving the KGB archives to a new site.

Mitrokhin, now 77 and living as a British citizen under an assumed name, was motivated by apparent disillusionment over Soviet crackdowns on dissidents.

"I wanted to show the efforts, the tremendous efforts of this machine of evil," Mitrokhin told the BBC...

...Mitrokhin divulges a trove of information about KGB efforts in the United States, including an aggressive disinformation attempt to pin the assassination of President John F. Kennedy on the Central Intelligence Agency.

But a major disclosure involves Mitrokhin's claim that Soviet spies surveyed hundreds of potential sabotage sites in the United States and Western Europe in the 1960s and 1970s...The explosives presumably are still there.

In the United States, the KGB sabotage plan covered areas across the country. One of the first targets identified by the KGB was an oil pipeline running from El Paso, Texas, to Costa Mesa, California. The Hungry Horse Dam in Montana also was on the list, as was a "tremendously elaborate system" for knocking out electrical power to New York state, *60 Minutes* reports...

...It's unknown how many explosives were buried in the United States or their exact locations, but Andrew says that the Kremlin knows where they are.

In Europe, Andrew said one of the sabotage sites was "checked out" in Switzerland. Mitrokhin's directions were followed "precisely" and when investigators began to dig, they uncovered something dangerous. "They turned on a fire hose (on the site) and it exploded," he said.

[JR: Isn't this confirmation of what GCH reported years ago?]

RUSSIAN HACKERS REPORTEDLY ACCESSED U.S. MILITARY SECRETS

Nando Media, 9/12/99

WASHINGTON—Russian hackers broke into U.S. government computers and may have snatched classified naval codes and information on missile systems, *Newsweek* reported in its latest issue.

The weekly, quoting intelligence sources, said the suspects were elite cyber-spooks from the Russian Academy of Sciences, a government-backed organization which works with Russia's leading military laboratories.

The hackers targeted computer systems at the Defense and Energy Departments, military contractors and leading civilian universities.

Pentagon officials, describing the intrusions as "sophisticated, patient and persistent", said they began in January and were almost immediately detected by U.S. security agents, who traced them back to computers in Russia and developed counter-measures, according to *Newsweek*.

But the cyber-spies were said to have quickly developed new tools that allowed them to penetrate undetected, although they at times left behind electronic traces.

Newsweek quoted one Pentagon official as saying this was "a state-sponsored Russian intelligence effort to get U.S. technology", adding it was apparently the first such attempt by Moscow.

The weekly said Washington had not yet protested to Moscow but quoted Deputy Defense Secretary John Hamre as saying: "We're in the middle of a cyber war."

It said the security breach was so serious that the Pentagon had ordered its civilian and military employees to change their computer passwords, the first time such a step has been taken.

[JR: This isn't unique. If hackers REPEATEDLY gain access to the Pentagon and Department of Energy computers having the highest security of all, then how secure is online banking and trading if you are targeted? Even Bill Clinton, our Chief Law Enforcement Officer, asked hackers to get into Saddam's financial computer records. It's ECONOMIC CYBERWAR—STUPID!]

THIRD SOLDIER DIES WHILE TRAINING

By J.S. Newton, *Fayetteville Local News*, 9/11/99

The U.S. Army Special Operations Command has had another fatal training accident involving a Fort Bragg soldier. It is the third training death in as many days for Fort Bragg-based special operations forces...

...Following the incidents, the command ordered a thorough worldwide review of all of its safety precautions.

Two soldiers from the 1st Battalion of the 3rd Special Forces Group died Tuesday night when they were swept away during a water training exercise in the Savannah River, Ga.

On Friday, officials identified 40-year-old Lt. Col. Timothy A. Boyles as the second victim from the river accident. He was commander of the 1st Battalion.

The identity of the first victim, Sgt. Eric Ellingson, was revealed Thursday.

The most recent fatality occurred Thursday night, when 36-year-old Master Sgt. Gaetano Cutino died on a helicopter insertion exercise near Sicily Drop Zone on Fort Bragg.

He apparently died from injuries sustained while "exiting from an MH-6 'Little Bird' helicopter", military officials said. Cutino was assigned to the U.S. Army Special Operations Command...

...Adding to an already tragic week for USASOC, military officials announced Friday that an Army Ranger had accidentally died in Germany from a gunshot wound to the chest.

Sgt. Jamey Dimase, who was 26, of the 3rd Battalion, 75th Ranger Regiment, Fort Benning, Ga. was participating in marksmanship training at the time of his death, military officials said.

Local military officials said there is no relationship between the rash of accidents. "It's just a coincidence," said Jimmy Dean, a spokesman for the Special Forces Association in Fayetteville. "It's just one of those things," he said. "Special operations work requires training that is realistic."

"Safety is a big part," he added, "but it still happens."

Nevertheless, the commander of the United States Army Special Operations Command, Lt. Gen. William Tangney, ordered a comprehensive safety review "at all levels" under his command, Darby said.

Darby said Tangney wants to assure all soldiers are reminded of safeguard requirements and that commanders emphasize risk management during planning and execution of their training...

...Darby said accidents like these hit the tightly knit Special Operations community hard.

"It's like losing a member of their family," she said...

...Commander Boyles began his job as commander of 1st Battalion, 3rd Special Forces Group (Airborne) in June. He was commissioned in the Army in 1983, after completing ROTC at West Virginia State College.

He completed the Special Forces Qualification course in 1989. He is survived by his wife, Tina L. Boyles, and daughter, Alexandra, both of Fayetteville...

...Husband and father Cutino was from North Reading, Maine. The Special Forces senior sergeant entered the Army in August 1980. He graduated from the Special Forces Qualification Course in March 1989.

Cutino has had several positions in special operations units including: 1st Battalion, 75th Ranger Regiment, Hunter Army Airfield, Ga.; 1st Battalion, 1st Special Forces Group (Airborne), Okinawa, Japan; and 1st Special Warfare

Training Group, U.S. Army John F. Kennedy Special Warfare Center and School here.

His awards and decorations include two Meritorious Service Medals, three Army Commendation Medals, two Army Achievement Medals and six awards of the Army Good Conduct Medal. Cutino earned the Ranger and Special Forces Tabs, as well as the Military Freefall Jumpmaster and Parachutist badges. He was also authorized to wear various parachutists' wings from Korea, Thailand, the Philippines, Poland and Australia.

The military would not say specifically what he did. His sister said he seldom discussed his job because of its clandestine nature.

He is survived by his wife, Kathleen M. Cutino and three children—Vincent, Anthony, and Nicholas—all of Fort Bragg.

Funeral arrangements are being made for Ellingson at the Smith Funeral Chapel, 120 N. 26th St., in Billings, Mont. A memorial service will be at 2 p.m. Wednesday at the John F. Kennedy Chapel on Fort Bragg.

Arrangements for the other soldiers are pending.

From the Internet: "Radio talk show host Alex Jones claims he has confirmed that at least 3 of the 4 Delta Force members killed in training accidents—on 2 successive days last week—were actually at Waco during the siege that killed 86 Branch Davidians. The presence at Waco of the 4th dead Delta Force member, Sgt. Jamey Dimase, 3rd Battalion, 75th Ranger Regiment, Fort Benning, Ga., has yet to be confirmed or denied." EVERYTHING IS CONNECTED!]

BOSS REWARDS WORKERS' LOYALTY WITH \$128 MILLION

By SHARON COHEN, *Associated Press*, 9/12/99

BELLEVILLE, Mich.—When Bob Thompson sold his company for \$422 million, he could have chartered a jet, flown off to an island and, heck, bought the island, too. But he had a secret plan.

Thompson had mulled it over for years, conferred with his wife, but kept it hush-hush to all but a few of his workers.

It was only when the sale of Thompson-McCully Co., his road-building firm, became final in July that he let all of his workers know, in a letter.

First, he had good news: They would not lose their jobs.

Then, he had great news: They would share in the proceeds.

And did they ever.

The big-hearted boss divvied up \$128 million among his 550 workers. And for more than 80 folks, he had a bonus-beyond-belief: They will become millionaires...

...But the 67-year-old Thompson is downright casual about his generosity.

"It's sharing good times, that's really all it is," he says. "I don't think you can read more into it. I'm a proud person. I wanted to go out a winner and I wanted to go out doing the right thing."

If that philosophy seems like a throwback to the era before greed was good, consider the source...

...Humble guy with a soft spot for Norman Rockwell

art. Starts a business in his basement with \$3,500, supported by his schoolteacher wife. Owns same modest house for 37 years. Expands his asphalt company into road-building juggernaut. Sells it after 40 years, collects nine-figure check. Shares the money with the salesmen, the secretaries, the guys in the gravel pits and the gals who hold the road signs...

...Some people make a lot of money in the stock market, Thompson says, "but we're dependent on people, so it would just not be fair not to do it. They've allowed me to live the way I want to live"...

...His workers describe him as a no-nonsense boss who is down to earth, very demanding, driven, but fair and willing to listen...

...Thompson plans to give away much of what's left of the \$422 million and downplays what he already has doled out.

"I'm not trying to be a big shooter," he says. "A lot of people don't get the opportunity, but would if they could..."

...Thompson had long planned to reward his workers, naming many in his will.

But in July, he sold his firm to CRH plc, a building and construction firm based in Dublin, Ireland. He says he chose it because of its record of not breaking up companies or firing workers; he will stay on to run the business.

As the sale became final, Thompson worked with senior staffers to develop a share-the-proceeds plan. Hourly workers, most of whom have pensions or 401K plans, received \$2,000 for each year of service; some checks exceeded annual salaries.

Salari ed workers, who don't have pensions, were given checks or annuity certificates they can cash in at age 55 or 62. Those range from \$1 million to \$2 million apiece.

Thompson even included some retirees and widows in his plan.

AND he paid the taxes, which amounted to \$25 million.

That was to ensure workers given a \$1 million would actually reach that magical milestone, he says. "A million is a hurdle that people talk about or think about."

When the checks were distributed—one recent Sunday morning in seven Thompson offices across Michigan—it was as if dozens of co-workers had all

bought winning lottery tickets: There were tears and hugs. Some folks were speechless, others chattered away.

Thompson stayed home that day, worried it might be too embarrassing and maybe too emotional. He also told supervisors he didn't want to be flooded with phone calls... "Don't need that. Don't want that"...

...Some workers also say they've been inspired to help others. "Of course," Thompson says, "that's what I want to hear."

Other workers have been so choked up, they've tried to talk, only to begin crying. So Thompson suggested that anyone who wanted to say thanks should drop him a note...

...Bruce Martens was among the handful of workers who knew of Thompson's plans. "This just made our future," says the 48-year-old salesman. "I'm sure we'll never spend it all."

But he jokes that when it's time to retire, "I won't be a greeter at Wal-Mart."

And Jim McInnis, whose father also worked at Thompson, echoes the thoughts of many others who say the checks didn't change their work ethic; many were back on the job at 5:30 a.m. the day after they were distributed.

"I've always held my head up high, working for this company," he says. "Now it's a little bit higher. I'm standing 10-feet tall."

[JR: When you're in a position to help others, there is no greater feeling than when you actually do it.]

It has come to our attention that nefarious parties, possibly including Rick Martin-Cortright, the "Watchers", the "Lightwatchers", SPECTRUM newspaper, WISDOM BOOKS AND PRESS, INC. and/or other parties affiliated with these named entities, have disseminated, or have caused to be disseminated, certain instructions regarding production or manufacture of products commercially known as "Gaiandriana" and "AquaGaia".

WE OF THE PHOENIX INSTITUTE FOR RESEARCH AND EDUCATION, NEW GAIA PRODUCTS, PHOENIX SOURCE DISTRIBUTORS, CONTACT, INC., CONTACT, THE PHOENIX JOURNAL AND ALL ASSOCIATED PARTIES, INCLUDING INDIVIDUAL PERSONS, DO HEREBY ACCEPT NO RESPONSIBILITY FOR SUCH ACTIVITIES AS ARE BEING PERPETRATED ON AN UNSUSPECTING PUBLIC. THE "AT HOME" VERSIONS OF THE PRODUCTS DESCRIBED ARE, IN OUR CONSIDERATION, DANGEROUS AND POTENTIALLY TOXIC CONCOCTIONS WHICH DO NOT RESEMBLE ANY PRODUCT OTHERWISE KNOWN ABOUT OR UTILIZED.

WE HEREBY DISAVOW ANY CONNECTION WITH THESE UNAUTHORIZED PRODUCT REPLICATIONS. WE HEREBY WARN THE PUBLIC THAT NEGATIVE SIDE-EFFECTS COULD BE FORTHCOMING FROM CONSUMPTION OF THESE ILLEGITIMATE PRODUCTS.

PUBLIC NOTICE

In fulfillment of legal requirements, this is the third of three required publications of this Public Notice.

The Officers and Directors of **Global Alliance Investment Association (GAIA)** do hereby commit, as requested, in public notice, an understanding of agreement, by and between GAIA and as-yet-unnamed representatives of the Federal Reserve Board of Directors, the U.S. Treasury Department, the International Monetary Fund and authorities of the World Bank, as representatives of what are considered the “Establishment” Banking-Cartel, that we shall act within said agreement as follows:

We of GAIA will issue no documents or funds for the sole purpose of any Trading Programs, local or international; we will not participate knowingly in any way to assist or contribute to those programs called “Roll-Over”, or in any way join with any portion of GAIA’s assets in any form of “currency trading or manipulation” of any nation.

It is recognized that GAIA has no authority over, or responsibility for, any portion of any assets held by any Joint Venture Partner (JVP), or the transactions between or “in house” of any Banking Institution, Central or otherwise.

We will always lay as a foundation the request that our portion of any transaction be backed immediately by something, i.e., gold, as a collateral base for all transactions. This is to secure all parties to any transaction and, most specifically, any participating bank or banks. We accept no responsibility for that which is the property of any JVP.

It is hereby noted, however, that we fully recognize that the Establishment Economic Community is phasing out of all “trading” types of programs, and our best efforts will be toward discouragement of any investment in such ventures.

We also state that we are ready, willing and able to assist, in any way possible, a movement toward the return by any nation, inclusive of the United States of America, to a “Gold Standard”, as was recognized prior to the *Federal Reserve Act* of 1913.

The “GAIA DEEDs” are now recognized as **VALID AND NEGOTIABLE INSTRUMENTS**.

We are further aware and in knowledge that reserves—of some 48% of that left for the People of the United States of America—are funds sufficient for paying the national DEBT in full, and forming a foundation upon which the nation can be self-sustained throughout the various States of the Union of the United States of America.

We acknowledge ongoing negotiations and agreements by said entities involved, that any ongoing interchange with the various Sovereign Nations of the Native Tribes within any Lands subject to Federal Regulations—be they U.S., Canadian or any national Tribal Communities on Sovereign land—shall be without interference, and assistance in economic structure, facilitating ongoing international trade and commerce of all types, will and shall be honored. All natives of all Tribes will and shall **RETAIN** citizenship within the nations of which they have been **SUBJECT**. It is further agreed and binding that there will not be interference in Tribal Councils, and Control by any Federal Government shall cease and desist from the withdrawal of welfare or Federal financing.

Further, the Native Councils shall be fully recognized as a governing body of **FREE AND SOVEREIGN STATES**, and also recognized is dual-citizenship status, as to each individual of each and every recognized Tribe.

Globally, it shall be recognized that Tribal Lands are Sovereign States. Those Tribes are to be further identified at forthcoming Global Councils as Alliances, formed under **INTERNATIONAL LAW** for the protection of **ALL CITIZENS THEREOF**.

For the Public Interest, however, we must recognize that we are required to agree, through **PUBLIC NOTICE** and **INTERNATIONAL ANNOUNCEMENT**, our agreements, while our co-negotiators have no restriction on their identity, and can and do constantly **INTERFERE** with ongoing activities.

We do, therefore, state publicly that as the Global Establishment-Elite break their resolutions to this Alliance, we shall not be restricted by this agreement. Prior agreements have continually been broken by these parties in point and this is also to be put into public notice. We note that our word is our bond in agreements, both oral and written, but there is no return by either honor of verbal agreements, or any form of written contract.

This Public Notice, therefore, is fully recognized as the Agreement by and between the parties of authority, and is hereby recognized by signature of the President and Director, and the Secretary and Director of Global Alliance Investment Association.

THIS AGREEMENT IS FULLY LEGAL AND BINDING AS OF SEPTEMBER 9, 1999 (9/9/99), AND IS HEREBY DATED AND SIGNATURES AFFIXED THIS FIFTH DAY OF SEPTEMBER, IN THE YEAR OF THE LORD, ONE THOUSAND, NINE HUNDRED NINETY-NINE.

TELEPHONE HOTLINE 661-822-0202

As an adjunct to *CONTACT*, the Telephone Hotline keeps you as informed as possible on current events and other important information that needs to get to our subscribers before our publishing date.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus *daily* callers can hang up after 2 rings and save toll charges if no new message has been recorded. If the Hotline does not answer your call, then there is currently no Hotline message.
