3.0 SECTION 3 AFFIRMATIVE ACTION PLAN

A. POLICY

Consistent with, Section 3 of the HUD Act of 1968 and Resident-Owned Business Contracting, it is the policy of the HACSB that all feasible efforts shall be made to ensure that individuals or firms located in or owned in substantial part by persons residing in the area of the HACSB projects are used when possible.

Definitions:

1. A "Section 3 business concern" is as defined under 24 CFR Part 135.
2. A "labor surplus area business" is defined as a business which, together with its immediate subcontractors, will incur more than 50% of the cost of performing the contract in an area of concentrated unemployment or underemployment, as defined by the DOL in 20 CFR Part 654, Subpart A, and in the list of labor surplus areas published by the Employment and Training Administration.
3. "Goal" means a numerically expressed objective that HACSB and contractors are required to make efforts to achieve.
4. "Contract" includes any agreement to provide labor, services, material, supplies, or equipment in the performance of a contract, franchise, concession, or lease granted, let, or awarded for and on behalf of the HACSB.
5. A "resident-owned business" is any business concern that is 51% owned and controlled by public housing residents.

B. DIVERSITY GOALS

The Board of Commissioners has established the following goals to promote diversity in its construction contracting and other procurement actions. These goals apply to the overall dollar amount expended each year by the HACSB:

1. Section 3 Hiring and Subcontracting: a 30% aggregate involvement of bona-fide Section 3 eligible employees and Section 3 Business Concerns subcontracting in procurement activities.
2. Resident-Owned Businesses: There is no goal for resident-owned businesses. A Resident-Owned Business is any business concern that is 51% owned and controlled by public housing residents. However, the HACSB will notify all residents' organization of procurements and shall use HUD-allowed alternative procurement process when contracting with businesses owned in substantial part by residents (resident-owned businesses) for public housing services, supplies, or construction. The alternative procurement process must comply with procedures and requirements as set forth in this Policy and HUD's procurement regulations at 24 CFR 85.36, except that solicitations are limited to resident owned businesses.

C. REQUIRED EFFORTS

Prime contractors, when subcontracting is anticipated, are required to take these positive steps, but shall not be limited to:

1. Including such firms, when qualified, on solicitation mailing lists;
2. Encouraging their participation through direct solicitation of bids or proposals whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by such firms;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by such firms;
5. Using the services and assistance of the United States Small Business Administration, and the Minority Business Development Agency of the Department of Commerce;
6. Utilizing the California Office of Small and Minority Business, the Minority Business Development Agency, and the Small Business Administration;
7. Including in contracts, to the greatest extent feasible, a clause requiring contractors, to provide opportunities for training and employment for lower income residents of the project area and to award subcontracts for work in connection with the project to business concerns which provide opportunities to low-income residents, as described in 24 CFR Part 135 (Section 3 businesses).

D. HUD SECTION 3 REQUIREMENTS

The HACSB shall comply with Section 3 of the Housing Act of 1968, as amended by Section 915 of the Housing and Community Development Act of 1992, regarding use of Section 3 certified businesses and Section 3 eligible individuals. HACSB shall provide a preference to Section 3 businesses in the award of contracts, regardless of funding source, as described below:

1. In awarding contracts based on bids (where price is the sole determining factor for award), HACSB will award contracts to the low bidder; provided however, if a Section 3 business' bid exceeds the low bid by no more than 10%, HACSB may award the contract to the Section 3 business at the price bid by the Section 3 business.
2. In awarding contracts based on proposals in which price is one factor in determining award, the evaluation criteria will provide for 20 points (out of 100) to be assigned to any qualified Section 3 business. This shall be established in the evaluation criteria. Qualified Section 3 businesses shall receive the maximum number of points authorized in this evaluation criterion.
3. Generally, HACSB will evaluate Section 3 businesses that have been certified by appropriate agencies, although, where appropriate, HACSB may also evaluate Section 3 businesses that it can verify from available information to meet the requirements to qualify as a Section 3 business.
4. A business may qualify as a Section 3 business if the business is owned by Section 3 qualified persons who live in the County of San Bernardino and who meet the prescribed income limitations based on family size.

5. A business may qualify as a Section 3 business if 30% or more of their permanent, full-time employees (core employees within the last 12 months) are Section 3 qualified persons who live in the County of San Bernardino and meet the prescribed income limitations based on family size.

6. A business may qualify as a Section 3 business based on a commitment to subcontract with other Section 3 businesses for more than 25% of the dollar amount of all subcontracts, as provided in 24 CFR 135.5. Such businesses shall be required to submit with their bid or proposal a plan describing how they will implement the subcontracting commitment. Prior to an award or selection by HACSB, the subcontracting plan shall be evaluated by HACSB to determine if it is reasonable and attainable. HACSB shall monitor the compliance of a selected Section 3 business with their subcontracting commitment. All solicitations and contracts shall include provisions for declaring a breach of contract for failure to meet the subcontracting commitment, and for assessing penalties or damages for such a breach.

¹ 24 CFR 135 contains more specific requirements regarding Section 3 requirements.
