### Instructions

*Consistent with the CATPA Interagency Agreement 5.B (Goods, Equipment and Services), equipment over \$5,000 purchased with the funds under a CATPA grant shall be retained and continued to be used for purposes of this grant. The retention ends when the value of the equipment has depreciated to a value less than \$5,000 or grant retention requirements of five (5) years have been met, whichever comes first. Grantee shall request pre-approval by contacting the CATPA Office to dispose of equipment in value over \$5,000 within grant retention requirements and no longer needed on the project. The equipment can be traded or sold for replacement equipment, sold at fair market value and funds returned to the CATPA or transfer the equipment to the property of the State. Equipment that is valued under \$5,000 no longer requires inventory. As equipment is purchased, an inventory shall be maintained by the Grantee and submitted at the term of the grant and annually using Exhibit H-CATPA Grant Equipment Certification Form for the subsequent five years during the retention period.*
