## ABOUT TEAMMATES MENTORING:

Tom and Nancy Osborne founded the TeamMates Mentoring Program in 1991 in an effort to provide support and encouragement to school-aged youth.

The Osbornes were inspired after learning about the story of a wealthy businessman, Eugene Lange, who mentored a class of sixth graders in Harlem. Whether in Harlem or Nebraska, the Osbornes knew that young people's needs were the same.

They turned to the resource at hand, the University of Nebraska football team and asked how many of the players would be willing to serve as a mentor. Twenty two players stepped forward and the TeamMates Mentoring Program was founded.

*"Our young people face different challenges today that affect them personally. If we are going to make a difference, we have to get involved with them as one-to-one mentors. We know that one student at a time, we can make a difference, not only in this generation, but for the generations to come."*
