

## Hydrant Touch-up Kit Order Form

This form may be used to order materials to touch-up most coatings used on Mueller® brand fire hydrants. Using this form places an order directly with Sherwin-Williams, the coating supplier – not with Mueller Co. Mueller Co. assumes no liability regarding the performance or suitability of these touch-up coatings.

Please note the following:

- The instructions provided on this web site (click link in this area of web site labeled: Mueller® Fire Hydrants - Top Coat Repair/Repaint Process) must be followed when touching-up any factory applied coating on a Mueller® brand fire hydrant manufactured since 2010.
- Shiny coatings should be “knocked down” using abrasives to allow proper adhesion of the touch-up coating.
- Mueller Co. does not guarantee an exact color match when using one of these kits to touch-up a factory applied coating.
- Use safety procedures and equipment prescribed by your company while preparing surfaces, mixing, handling and applying coatings.
