Welcome!

Welcome to Mrs. Serianni's 8th grade Computer Applications class! We will be meeting twice a cycle over the course of the school year.

This course is designed to provide an understanding of computer technology concepts and its use in the business setting. Applications explored include Multimedia Presentations, Desktop Publishing, Word Processing, Spreadsheets, and Databases. Internet Safety and Cyber-Ethics will also be explored.

Hands on experience will be on networked computers using Microsoft Office 2007 products.

In addition, students will explore picture and video editing using Photo Shop and Adobe Premier. Lastly, students will explore how personality traits and personal values align with career choices and will develop a career plan.
