Dear Happy Couple:

Congratulations on your engagement!

Have you been looking for unique, modern wedding invitations that are “totally you”? What about fresh wedding ideas and accessories that will leave your guests in awe? Or, keepsakes that reflect your own love story, and will last a lifetime?

I’m so happy that you found me! I can’t wait to help you give your wedding your own personal touch by creating a unique stylized wedding illustration of you both!

So that I can create your personalized design for you, I invite you to first tell me more about yourselves and your dream wedding, which designs make your hearts beat faster, and which services you’re interested in. You can either use this document attached and email it to **astrid@ChampagnePromises.com**, or you can call us toll-free at **(800) 618-2165**. Of course, we will treat all your information confidentially and not share with third parties.

After our first get-to-know each other, I will ask any open questions I may have and send you a personalized price quote and an invoice for your down payment (for orders over \$500). Then, I’ll be ready to design for you!

Cheers to the Bride and Groom!

THIS IS YOUR DREAM WEDDING:

Please describe your dream wedding:	
Do you have an object, a shape, and/or a theme that will be used throughout your wedding?	
Do you already know where you'll celebrate? (The setting(s) could be reflected in the illustration)	
Do you already happen to know which wedding dress you will have? (The wedding dress could be reflected in the illustration)	
Do you have favorite colors and / or will you use specific colors at your wedding?	

YOU ARE UNIQUE BECAUSE:

Because you and your wedding are unique, I want to make sure you'll receive smashing designs that are created especially for you and reflect your own personal note. For this, I need to get to know you a little.

I therefore invite you to tell me who you are, how you met, what your passions are, or any other thing that comes to your mind and is important to you. I also invite you to share any type of picture material that you particularly like, images of your dream house, of you, of your pets, of your honeymoon hotel, of your wedding theme (if you have one), or anything else that makes your heart beat faster.
