**General Info:** At Frame USA we are a wholesale manufacturer of ready-made picture frames. We stock materials for the standard sizes you see on the internet.

**Glass:** Frames smaller than 12 x 16 come with real glass. All other frames come with 0.035 inch Styrene. We can NOT substitute glass unless your order is large enough to be palletized and shipped via common carrier. A glass cutting fee and other restrictions may apply--please contact customer service for details.

**Shipping:** Unless an order is to ship palletized via common carrier, the largest size frame we can ship is 30x40.
