

Optimal Healing Environments in Home Hospice and Palliative Care Breakthrough Collaborative

Application and Letter of Intent

Samueli Institute is pleased to organize a learning community to measure and improve outcomes and costs for Optimal Healing Environments (OHE) in Hospice and Palliative Care.

Submissions will be accepted on a rolling basis and organizations will receive a response within one week. Enrollment in the community is capped and qualified organizations will be accepted in the order in which their application was received. Please email your letter of intent to PalliativeCollaborative@siib.org.

If you are applying to the OHE in Hospice and Palliative Care Breakthrough Collaborative with more than one site from your organization, please indicate the name of the site in the *Additional Comments* section. Each site must submit a separate Letter of Intent.

The fee for participation in the 9-month Samueli Institute Collaborative is \$20,000 per organization. Organizations register as teams of 3-5 participants. The fee covers monthly calls, on-site participation in Learning Sessions for all team members (excluding travel or accommodations for in person meetings), and individualized coaching sessions from the expert faculty for 9 months. A limited number of scholarships and discounts may apply to select organizations; for more information please email us at PalliativeCollaborative@siib.org.
