1.0 GENERAL INFORMATION

1.1 Overview:

The Governor’s Office of Storm Recovery (GOSR) announces this Notice of Funding Availability (NOFA) through the NY Rising Buyout and Acquisition Program to provide program management and administration services required to maintain properties for two years in Oakwood Beach, Staten Island, and develop a long-term property maintenance and restoration plan. A respondent selected through this NOFA is expected to take ownership of State owned properties in the Oakwood Beach Enhanced Buyout Area as defined in 1.3 Service Delivery Areas and Property List of this NOFA.

The Oakwood Beach Enhanced Buyout Area is a neighborhood on the Eastern Shore of Staten Island that has suffered flooding from severe weather events for decades. The area primarily extends from Riga Street to Mill Road on the north and west, Great Kills Park to the west, Kissam Avenue to the east, and the Oakwood Beach shoreline to the south.

Following Superstorm Sandy, residents organized and petitioned local and state government seeking an opportunity of voluntary retreat or a “buy out” of their homes to prevent repetitive loss in the future. In response, Oakwood Beach was designated an Enhanced Buyout Area through the NY Rising Buyout Program. Under this buyout program, properties were purchased with the requirement that they remain as open space or transformed into coastal buffer zones, parks, or other non-residential uses in perpetuity that will help protect nearby communities from the impact of extreme weather.

1.2 Purpose:

The overall purpose of the Oakwood Beach Maintenance and Restoration Program is to identify a qualified respondent (as defined in Section 2.2) to act as land stewards of 286 State-owned properties in Oakwood Beach, Staten Island. The land steward will take ownership to all parcels. *(Please note, the number of parcels is subject to change)*

In addition to taking title to these properties, the Administrator of this Program will use CDBG-DR funds to work with government, non-profit and community stakeholders to develop a restoration or open space plan for these parcels.

It is expected that Oakwood Beach restoration and/or open space plans will be developed in coordination with GOSR, along with relevant input from City, State and Federal stakeholders, non-profit organizations and community members. Respondents

to this NOFA are expected to have experience in successfully developing land restoration plans and the ability to work with a diverse array of stakeholders in implementing those plans.

1.3 Service Delivery Areas and Property List:

The Program Administrator is expected to deliver services in the Oakwood Beach community of Staten Island:

The area primarily extends from Riga Street to Mill Road on the north and west, Great Kills Park to the west, Kissam Avenue to the east, and the Oakwood Beach shoreline to the south. As of the date of this NOFA, structures exist on a majority of the above referenced properties. The State will demolish all existing structures, within State ownership.

Please note the number of parcels is subject to change.

1.4 Funding Source:

Funding for this program will be derived under the State of New York’s Community Development Block Grant-Disaster Recovery (CDBG-DR) Program. The U.S. Department of Housing and Urban Development (HUD) CDBG-DR funds are being made available through the NY Rising Buyout and Acquisition Program, which is a program of the Governor’s Office of Storm Recovery.

It is expected that the administrator of the Program will leverage other funds and/or resources to continue the property maintenance and restoration after the two year funding period has expired.

Qualified respondents to this NOFA who are selected under the Tier 1 Request for Statement of Qualifications process described in Section 2.0, will advance to the Tier 2 Request for Cost Proposal process. Through the Tier 2 process, a scope of services and budget will be developed with a successful respondent/respondents and cost of the program will be determined.

1.5 Period of Performance:

Funds will be provided for a period of up to two (2) years.

- Estimated Project Start Date: 3rd Quarter, 2016
- Estimated Project End Date: 3rd Quarter, 2018

2.0 EVALUATION AND SELECTION

2.1 Review Information and Selection Criteria:

The selection of a successful respondent will be conducted through a two-tier process:

1. Tier 1—Request for Statements of Qualifications (SOQ); and
2. Tier 2—Request for Cost Proposals.

The SOQ process will determine whether a respondent is eligible to move forward to Tier 2—Request for Cost Proposals. All respondents must successfully complete both tiers in order to be considered for selection and funding.

Tier 1—Request for Statement of Qualifications

The purpose of the Tier 1 process is to solicit Statement of Qualifications from eligible, capable and willing respondents to implement the Program consistently, for up to a two year period.

In the Tier 1 process, respondents are requested to complete *Exhibit “A” Statement of Qualifications Submittal Checklist* and provide the information requested. Statements must be filed electronically in Portable Document Format (.pdf) file format, compatible with Adobe Reader XI, version 11.0.4. Statements will be reviewed to determine the respondent’s capacity and qualifications to provide the services. If deemed qualified, the respondent will be requested to complete the Tier 2, Request for Cost Proposals, process.

Tier 2—Request for Cost Proposals

The purpose for the Tier 2 process is to secure cost proposals from qualified respondents to implement the program in accordance with the program scope of work to be performed within the service delivery area.

The respondent will also be evaluated on its experience in managing federal funding. Respondents are encouraged to identify funding and/or existing resources outside of this opportunity to leverage funds that will best serve residents in the identified service areas.

Respondents demonstrating experience administrating contracts with similar requirements will be graded favorably. Please note that the forms included in *Supplementary Conditions for Contracts* do not have to be filled out as part of this SOQ and will only be required to be completed by those respondents that have been selected for funding. Additionally, properties to be transferred to the selected

respondent as part of this NOFA carry current and potentially future covenants which can be viewed here:
