***Comments:***

Dr. Herold has been Mollie's vet since she has been so sick. She still has 1 terrier spunk and most folks can't believe she is so sick. Initially when she was so sick we made many emergency visits to the 24 hour clinic here in Anderson Dr. Herold might not think it's wise to have another dog now. Mollie has met a special Boston who we had called Buddy/I think his name is now Willie. He was gentle to Mollie and after they met he continued surveying the yard. The fence yard was at a friend's. My friend who housed Buddy/Willie told me that a dog has a sense when another dog is sick and be helpful to that pet. I hope Dr. Herold
