

PROGRAM

8:00 AM

Metabolic and Molecular Basis of Insulin Resistance
Mandeep Bajaj, MD

8:50

Incretins in Type 2 Diabetes
David D'Alessio, MD

9:40

BREAK

10:10

Beta Cell Mass and Function in Type 2 Diabetes
Peter Butler, MD

11:00

Hypoglycemia Associated Autonomic Failure:
Pathophysiology and Reversal
Samuel Dagogo-Jack, MD

11:50

LUNCH

12:50 PM

Diabetes Makeover: Reconfiguring the Pathogenesis and
Treatment of Diseases of Glucoregulation
Roger H. Unger, MD

1:40

Emerging Roles of Hematopoietic Cells in Diabetic
Complications
Lawrence Chan, MD

2:30

BREAK

2:50

Transitioning Healthcare for the Adolescent
with Type 1 Diabetes: The Perfect Storm
Cynthia Peacock, MD

3:40

Diabetic Nephropathy
Farhad Danesh, MD

4:30 PM

ADJOURN

LOCATION & LODGING

The symposium will be held at the Houston Marriott, Texas Medical Center, 6580 Fannin Street, Houston, TX 77030 on Saturday, January 5, 2013, from 8:00 AM to 4:30 PM

A block of guestrooms has been reserved with special course rates at the Marriott Medical Center. To ensure accommodations at the discounted rate, please make your reservations by January 1, and identify yourself as a participant of the Texas Heart Institute symposium.

OVERVIEW

Currently, there is a gap in the knowledge of diabetes care providers about the recent advances in Diabetes treatment and research leading to clinical inertia for diabetes management. In addition, recently published work shows that feedback by specialists to primary care physicians improves diabetes outcomes. The goal of this program is to translate basic and clinical diabetes research into improvements in the care for patients with diabetes.

TARGET AUDIENCE

This course has been designed for the primary care clinician.

LEARNING OBJECTIVES

At the conclusion of this symposium, participants should be able to—

- Discuss the recent advances in obesity and diabetes research and treatment
- Discuss the pathogenesis and prevention of type 1 and type 2 diabetes
- Identify options for treatment in the patient with type 2 diabetes
- Describe the pathogenesis and prevention of microvascular and macrovascular complications in the patient with diabetes

CANCELLATION POLICY

All cancellations must be received in writing by **December 31, 2012** in order for a refund to be issued. A \$25 processing fee will be assessed for each cancellation. Refunds cannot be made for those who register but do not attend the scheduled activities. Texas Heart Institute reserves the right to cancel this activity if registration is deemed insufficient.

ACCREDITATION & CREDIT DESIGNATION

Texas Heart Institute at St. Luke's Episcopal Hospital is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Texas Heart Institute at St. Luke's Episcopal Hospital designates this live activity for a maximum of 7.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

An evaluation form sent via email will provide each participant with the opportunity to review the speakers and their presentations, to identify educational needs, and to comment on any perceived commercial or promotional bias in the presentation.

FACULTY

PROGRAM CHAIRMEN

MANDEEP BAJAJ, MD Professor of Medicine and Molecular and Cellular Biology, Division of Diabetes, Endocrinology and Metabolism, Baylor College of Medicine and St. Luke's Episcopal Hospital, Houston, TX.

LAWRENCE CHAN, MD Professor of Medicine and Molecular and Cellular Biology, Chief, Division of Diabetes, Endocrinology and Metabolism, Director, Diabetes and Endocrinology Research Center, Baylor College of Medicine and St. Luke's Episcopal Hospital, Houston, TX.
