Direct Deposit Instructions: Direct deposits are distributed to accounts in order of the priority starting with priority '100'. If only one banking instruction is set up, Section A will designate the account to receive 100% of net pay. If there are multiple banking instructions in Section B then Section A will designate the account to receive any balance funds left over after all other direct deposits are processed. The last priority will be established for that account.				
Section A: 100% Net/Balance Account: The following account is either the only account to be used for Direct Deposit or the account which is to receive the net amount remaining after all other deposits have been made as indicated in Section B, the list of Additional Accounts.
