## **ELEMENTARY STUDENT PARENT HANDBOOK**

**2015-2016**

It is the policy of Edinburg C.I.S.D. not to discriminate on the basis of gender, age, handicap, religion, race, color, or national origin in its educational programs.

## PARENT CONSENT TO ACCOUNTABILITY

I understand and consent to the responsibilities outlined in the Edinburg CISD Student/Parent Handbook and the Student Code of Conduct. I also understand and agree that my child shall be held accountable for the behavior and consequences outlined in the Student/Parent Handbook and the Student Code of Conduct at school and school-sponsored activities, including school-sponsored travel and any school-related misconduct, regardless of time or location. I understand that any student who violates the rules in the Student/Parent Handbook and the Student Code of Conduct shall be subject to disciplinary action. I am also aware that the use of tobacco products by any individual is prohibited on all District property.

Regarding student records, federal law requires that 'directory information' on my child be released by the Edinburg CISD to anyone who requests it unless I object in writing to the release of any or all of this information. This written objection must be filed within ten school days of the time this handbook was given to the student. Directory information ordinarily includes the student's name, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, awards received in school, enrollment status, and most recent previous school attended. In exercising my right to limit release of this information, I have marked through the items of directory information listed above that I wish the District to withhold about my child.

## **PREFACE**

To Students and Parents:

Welcome to school year 2015-2016. Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Edinburg Consolidated Independent School District Secondary Student/Parent Handbook is designed to provide basic information that you and your child will need during the school year. The handbook is divided into two sections:

**Section I – PARENTAL RIGHTS** – with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

**Section II – OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS** – organized alphabetically by topic, and, where possible, further divided by applicability to ages and/or grade levels, for quick access when searching for information on a specific issue.

Please be aware that the term “parent” unless otherwise noted, is used to refer to the parent, legal guardian, any person granted some other type of lawful control of the student, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the ECISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found as an attachment to this handbook and posted on the district’s Web site at [www.ecisd.us](http://www.ecisd.us).

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

Also, please be aware that the Student Handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, contact a teacher, the counselor, or the principal.

Please note that references to policy codes are included so that parents can refer to current board policy. The district’s official policy manual is available for review in the school office or online at [www.ecisd.us](http://www.ecisd.us)

## **SECTION I: PARENTAL RIGHTS**

This section of the Edinburg Consolidated Independent School District Secondary Student/Parent Handbook includes information related to certain rights of parents as specified in state or federal law.

### **CONSENT, OPT-OUT, AND REFUSAL RIGHTS**

#### **Consent to Conduct a Psychological Evaluation**

A district employee will not conduct a psychological examination, test, or treatment without obtaining prior written parental consent unless the examination, test, or treatment is required under state or federal law regarding requirements for special education or by the Texas Education Agency (TEA) for child abuse investigations and reports.

#### **Consent to Display a Student's Original Works and Personal Information**

Teachers may display students' work, which may include personally identifiable student information, in classrooms or elsewhere on campus as recognition of student achievement.

However, the district will seek parental consent before displaying students' artwork, special projects, photographs taken by students, original videos or voice recordings, and other original works on the district's website, a website affiliated or sponsored by the district, such as a campus or classroom website, and in district publications, which may include printed materials, videos, or other methods of mass communication.

#### **Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14**

A child under the age of 14 must have parental permission to receive instruction in the district's parenting and paternity awareness program; otherwise, the child will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district's physical education classes.

#### **Consent to Video or Audio Record a Student When Not Otherwise Permitted by Law**

State law permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a cocurricular or extracurricular activity; or
- When it relates to media coverage of the school.

The district will seek parental consent through a written request before making any video or voice recording of your child not otherwise allowed by law.

#### **Corporal Punishment**

Corporal punishment may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district's policy manual. Corporal punishment shall be limited to spanking or paddling the student and shall be administered only in accordance with the following guidelines:

1. Corporal punishment shall be administered only after less stringent disciplinary measures have been attempted.
2. The student shall be informed of the offense and be afforded an opportunity to explain his or her actions before corporal punishment is administered.
3. Corporal punishment shall be administered only by the principal or designee.
4. The instrument to be used in administering corporal punishment shall be approved by the principal.
5. Corporal punishment shall be administered in the presence of one other District professional employee and in a designated place out of view of other students.
6. Corporal punishment shall be administered in a reasonable manner, with "reasonableness" to be determined on the basis of factors such as the size, age, and the physical, mental, and emotional condition of the student.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please submit a written statement to the campus principal stating this decision. A signed statement must be provided each year if you do not want corporal punishment to be administered to your child.

You may choose to revoke this prohibition at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

Please note that if the district is made aware that a student is in temporary or permanent conservatorship (custody) of the state, through foster care, kinship care, or other arrangements, corporal punishment shall not be administered, even when a signed statement prohibiting its use has not been submitted by the student's caregiver or caseworker.

### **Limiting Electronic Communications with Students by District Employees**

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

However, instant or text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity needs to communicate with a student participating in the extracurricular activity.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have any questions related to the use of electronic media by district employees, please contact the campus principal.

### **Objecting to the Release of Directory Information**

The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated "directory information" from a child's education records without written consent. "Directory information" is information that is generally not considered harmful or an invasion of privacy if released. This "directory information" will be released to anyone who follows procedures for requesting it. Visit with ECISD Public Information Office.

### **Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form included in this handbook is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

### **Participation in Third-Party Surveys**

#### **Consent Required Before Student Participation in a Federally Funded Survey, Analysis or Evaluation**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student's parent.
- Mental or psychological problems of the student or the student's family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student's eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

## **“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information**

As a parent, you have the right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information. Note that this does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

## **REMOVING A STUDENT FROM INSTRUCTION OR EXCUSING A STUDENT FROM A REQUIRED COMPONENT OF INSTRUCTION**

### **Human Sexuality Instruction**

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus or acquired immune deficiency syndrome must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties.

You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district’s SHAC. Please see the campus principal for additional information.

### **Reciting a Portion of the Declaration of Independence in Grades 3-12**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3-12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

### **Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 36 and policy EC(LEGAL).]

## **Religious or Moral Beliefs**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by state law.

## **Tutoring or Test Preparation**

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance in order for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student's parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

[Also refer to policies EC and EHBC, and contact your student's teacher with questions about any tutoring programs provided by the school.]

## **RIGHT OF ACCESS TO STUDENT RECORDS, CURRICULUM MATERIALS, AND DISTRICT RECORDS**

### **Instructional Materials**

As a parent, you have the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

### **Notices of Certain Student Misconduct to Noncustodial Parent**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

## **Student Records**

### **Accessing Student Records**

You may review your child's student records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child's classroom.

## Authorized Inspection and Use of Student Records

A federal law, known as the Family Educational Rights and Privacy Act, or FERPA, affords parents and eligible students certain rights with respect to the student's education records. For purposes of student records, an "eligible" student is one who is 18 or older or who is attending an institution of postsecondary education. These rights, as discussed in this section as well as at **Objecting to the Release of Directory Information** on page 3, are:

- The right to inspect and review student records within 45 days after the day the school receives a request for access.
- The right to request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA.
- The right to provide written consent before the school discloses personally identifiable information from the student's records, except to the extent that FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The name and address of the office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student's records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records.

Inspection and release of student records is primarily restricted to an eligible student or a student's parents—whether married, separated or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student's education records.

Federal law requires that, as soon as a student becomes 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student.

The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student's education records, without written consent of the parent or eligible student, in the following circumstances:

- When district school officials have what federal law refers to as a "legitimate educational interest" in a student's records. School officials would include board members and employees, such as the superintendent, administrators, and principals; teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff); a person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. "Legitimate educational interest" in a student's records includes working with the student; considering disciplinary or academic actions, the student's case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official's professional responsibility to the school and the student; or investigating or evaluating programs.
- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General's office, the U.S. Attorney General's office, the U.S. Secretary of Education, TEA, the U.S. Secretary of Agriculture's office and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, school district/system, or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

- In connection with financial aid for which a student has applied or which the student has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school, in order to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
- To appropriate officials in connection with a health or safety emergency.
- When the district discloses information it has designated as directory information [see *Objecting to the Release of Directory Information* on page 3 for opportunities to prohibit this disclosure].

Release of personally identifiable information to any other person or agency — such as a prospective employer or for a scholarship application — will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The superintendent is the custodian for all records for students who have withdrawn or graduated.

A parent or eligible student who wishes to inspect the student's records should submit a written request to the records custodian identifying the records he or she wishes to inspect.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request may obtain copies. If circumstances prevent inspection during regular school hours, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the Superintendent's office is 411 N. 8<sup>th</sup>, Edinburg, Texas.

A parent (or eligible student) may inspect the student's records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course or on an examination is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy.

[See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports** and **Conferences** on page 37, and **Complaints and Concerns** on page 15 for an overview of the process.]

The district's policy regarding student records found at policy FL is available from the principal's or superintendent's office or at [www.ecisd.us](http://www.ecisd.us).

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records — such as a teacher's personal notes about a student that are shared only with a substitute teacher — do not have to be made available to the parents or student.

## Teacher and Staff Professional Qualifications

You may request information regarding the professional qualifications of your child's teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

## **STUDENTS WITH EXCEPTIONALITIES OR SPECIAL CIRCUMSTANCES**

### **Children of Military Families**

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60<sup>th</sup> day before deployment or no later than the 30<sup>th</sup> day after the parent's return from deployment.

Additional information may be found at <http://tea.texas.gov/index2.aspx?id=7995>.

### **Parental Role in Certain Classroom and School Assignments**

#### **Multiple Birth Siblings**

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14<sup>th</sup> day after the enrollment of your children. [See policy FDB(LEGAL).]

#### **Safety Transfers/Assignments**

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying as the term is defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the campus principal for information.
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the superintendent or superintendent's designee decides to transfer your child to another classroom or campus. Transportation is not provided for a transfer to another campus. [See **Bullying** on page 13, policy FDB, and policy FFI.]
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE.]
- Request the transfer of your child to another campus if your child has been a victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

#### **Service/Assistance Animal Use by Students**

A parent of a student who uses a service/assistance animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service/assistance animal on campus.

#### **Students in the Conservatorship of the State (Foster Care)**

A student who is currently in the conservatorship (custody) of the state and who is moved outside of the district's or school's attendance boundaries, or who is initially placed in the conservatorship of the state and who is moved outside the district's or school's boundaries, is entitled to continue in enrollment at the school he or she was attending prior to the placement or move until the student reaches the highest grade level at the particular school.

[See also **Students in Foster Care** on page 41 for more information.]

## **Students Who Have Learning Difficulties or Who Need Special Education Services**

If a child is experiencing learning difficulties, the parent may contact the person listed below to learn about the district's overall general education referral or screening system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within a reasonable amount of time, the district must decide if the evaluation is needed. If the evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The district must complete the evaluation and the report within the timeline prescribed by law once the district receives written consent. The district must give a copy of the evaluation report to the parent.

If the district determines that the evaluation is not needed, the district will provide the parent with prior written notice that explains why the child will not be evaluated. This written notice will include a statement that informs the parents of their rights, if they disagree with the district. The district is required to give parents the *Notice of Procedural Safeguards –Rights of Parents of Students with Disabilities*. Additional information regarding the Individuals with Disabilities Education Act (IDEA) is available from the school district in a companion document, *A Guide to the Admission, Review, and Dismissal Process*. Both documents may also be found at <http://framework.esc18.net/display/Webforms/LandingPage.aspx>.

The following websites provide information to those who are seeking information and resources specific to students with disabilities and their families:

- Texas Project First, at <http://www.texasprojectfirst.org>
- Partners Resource Network, at <http://www.partnerstx.org>

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special services is Ms. Alida Suarez at (956) 289-2300.

## **Students Who Receive Special Education Services with Other School-Aged Children in the Home**

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to the other children in the household. The parent or guardian should speak with the principal of the school regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB (LOCAL).]

## **Students Who Speak a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

## **Students With Physical or Mental Impairments Protected under Section 504**

A child determined to have a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services, may qualify for protections under Section 504 of the Rehabilitation Act. Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities. When an evaluation is requested, a committee will be formed to determine if the child is in need of services and supports under Section 504 to receive a free appropriate public education (FAPE), as this is defined in federal law.

The designated person to contact regarding a referral for evaluation applicable to Section 504 is Janie Fong at (956) 289-2300.

[Also see policy FB.]

## **SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student's age or grade level. Should you be unable to find the information on a particular topic, please contact the campus principal.

### **ABSENCES/ATTENDANCE**

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day's learning on the previous day's, and to grow as an individual. Absences from class may result in serious disruption of a student's mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a child's attendance affects the award of a student's final grade or course credit—are of special interest to students and parents. They are discussed below.

Students will be allowed to make up work missed due to any excused absence. The time allotted will be equal to a day for a day of absence. For example, a student absent for five (5) days will be allotted five (5) days to complete the missed assignment. The teacher is encouraged to use his/her discretion in allotting additional time as dictated by the individual case.

#### **Compulsory Attendance**

##### **Between Ages 6 and 19**

State law requires that a student between the ages of six and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

##### **Prekindergarten and Kindergarten**

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

#### **Exemptions to Compulsory Attendance**

##### **All Grade Levels**

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student's arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
- An activity required under a court-ordered service plan; or
  - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.

As listed in Section 1 at **Children of Military Families**, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. Please see page 8 for that section.

## **Failure to Comply With Compulsory Attendance**

### **All Grade Levels**

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

### **Between Ages 6 and 19**

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor his or her child’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is Dr. Mario Salinas. If you have questions about your student and the effect of his or her absences from school, please contact the facilitator or any other campus administrator.

A court of law may also impose penalties against a student’s parent parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year:

If a student ages 12 through 18, incurs unexcused absences on ten or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policy FEA(LEGAL).]

### **Attendance for Credit or Final Grade (Kindergarten Through Grade 12)**

To receive credit or a final grade in a class, a student in kindergarten-grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.

- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee's decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

### **Official Attendance-Taking Time**

The district must submit attendance of its students to the TEA reflecting attendance at a specific time each day.

Official attendance is taken every day during second period.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

### **Documentation after an Absence**

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. Please note that, unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

### **Doctor's Note after an Absence for Illness**

Upon return to school, a student absent for more than 5 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Otherwise, the student's absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school in order to determine whether the absence or absences will be excused or unexcused. [See policy FEC(LOCAL).]

## **ACCOUNTABILITY UNDER STATE AND FEDERAL LAW**

Edinburg Consolidated Independent School District and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district's financial management report, which will include the financial accountability rating assigned to the district by TEA;
- The performance ratings of the district's evaluation of community and student engagement using the indicators required by law; and
- Information compiled by TEA for the submission of a federal report card that is required by the No Child Left Behind Act.

Information about all of these can be found on the district's website at [www.ecisd.us](http://www.ecisd.us).

Hard copied of any reports are available upon request to the district's administration office.

TEA also maintains additional accountability and accreditation information at <http://www.texaschoolaccountabilitydashboard.org> and <http://www.tea.texas.gov>

## **BULLYING**

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic methods, or physical conduct against another student on school property, at a school-sponsored or-related activity, or in a district operated vehicle, and the behavior:

- Results in harm to the student or the student's property,
- Places a student in reasonable fear of physical harm or of damage to the student's property, or
- Is so severe, persistent, and pervasive behavior that it creates an intimidating, threatening, or abusive educational environment.

This conduct is considered bullying if it exploits an imbalance of power between the student perpetrator(s) and the student victim and if it interferes with a student's education or substantially disrupts the operation of the school.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods, call "cyberbullying."

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the superintendent or superintendent's designee may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the student may also be transferred to another campus in the district.

The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [Also see **Safety Transfers/Assignments** on page 8.]

A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's Web site, and is included at the end of this handbook. Procedures related to reporting allegations of bullying may also be found on the district's website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[Also see **Safety Transfers/Assignments** on page 8, **Dating Violence**, **Discrimination**, **Harassment**, and **Retaliation** on page 20, **Hazing** on page 27, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office or District Website.]

NOTE: Policy FFI addresses bullying of District students. For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

## **CELEBRATIONS**

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child's or grandchild's classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child's teacher prior to bringing any food in this circumstance.

Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

Also see **Food Allergies** on page 28.

## **CHANGE OF ADDRESS AND TELEPHONE NUMBER**

It is important that the school maintain an up-to-date correct address/telephone record for your child in case of an emergency or other administrative reasons. When changing of address or telephone number occurs, parents shall notify school personnel immediately. Failure to do so may result in having to pay tuition fees according to Board Policy FDA and Texas Education Code 25.001 Ch.

## **CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN**

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at your child's campus. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see <http://www.dfps.state.tx.us/Prevention and Early Intervention/Programs Available In Your County/default.asp>.

The following Web sites might help you become more aware of child abuse and neglect: <http://www.childwelfare.gov/pubs/factsheets/whatiscan.pdf>

Reports of abuse or neglect may be made to:

The Child Protective Services (CPS) division of the Texas Department of Family and Protective Services (1-800-252-5400 or on the Web at <http://www.txabusehotline.org>).

## **COMMUNICATION BETWEEN HOME AND SCHOOL**

The instructional day (**classes**) for the students begins promptly at **7:45 a.m.** and ends at **3:15 p.m.** It is very important that we abide by these hours. If you drive your child to school, ensure that he/she is in the classroom by **7:45 a.m.** Breakfast will be served from **7:45 a.m. to 8:00 a.m.**

Good communication between home and school is essential for the student to make the most of the educational opportunities provided to him/her. School communication include, newsletter, electronic correspondence, and district parent link, information documents, progress reports, report cards, letters, homework assignments, telephone calls and parent/teacher/student conferences. Any parent who wishes to schedule a conference may do so by calling the school's office for an appointment.

Please note:

- Mode of transportation cannot be changed after 2:00 P.M.
- Transportation arrangements shall be made prior to 8:00 A.M. between parent and student.

## **COMPLAINTS AND CONCERNS**

Usually student or parent complaints or concerns should be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or the district's Web site at <http://www.ecisd.us/>

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, you may request a conference with the assigned area director. If still unresolved, the district provides for the complaint to be presented to the superintendent.

## **CONDUCT**

### **Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior both on and off campus as well as on district vehicles—and consequences for violation of this standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student handbook and Student Code of Conduct is place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

### **EXHIBIT A Infractions and Consequences for Elementary School Students**

*Purpose:* To have fair and consistent consequences for infractions of schools rules and policies.

## **Campus Behavior Coordinator**

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct.

## **Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assemble.
- Use of force, violence, or threats to cause disruption during an assemble.

- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

## **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

## **COUNSELING**

### **Academic Counseling**

#### **Elementary**

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

#### **Personal Counseling**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse.

A student who wishes to meet with the school counselor should report to the Counseling and Guidance Office and request to see his/her counselor. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[Also see **Substance Abuse Prevention and Intervention on page 41 and Suicide Awareness on page 41.**]

A School Psychologist is available within the school district to provide services for our youth. Parents and/or students wishing to learn more about the varied services offered by this office should contact the school principal and/or the school counselor. In addition, the school district offers the services of social workers. These persons work with individual students and families bringing them together with resources.

### **CREDIT BY EXAM—If a Student Has Taken the Course/Subject**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as "credit recovery."

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course, or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam. [For further information, see the school counselor and policy EHDB(LOCAL).]

### **CREDIT BY EXAM FOR ADVANCEMENT/ACCELERATION—If a Student Has Not Taken the Course/Subject**

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement, or to accelerate to the next grade level. The exams offered by the district are approved by the district's board of trustees, and state law requires the use of certain exams, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled during the 2015-16 school year will be published in appropriate district publications and on the district's website. The only exceptions to the published dates will be for any exams administered by another entity besides the district. In this case, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific exam only once.

If a student plans to take an exam, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

### **Kindergarten Acceleration**

The requirements for kindergarten acceleration are as follows:

- A score of 80 percent or above on readiness tests or achievement tests as provided by the District in the areas of language arts, mathematics, science, and social studies.
- A district representative recommends that the student be accelerated; and
- The student's parent or guardian gives written approval for the acceleration.

### **Students in Grades 1-5**

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student's parent gives written approval of the grade advancement.

## **DATING VIOLENCE, DISCRIMINATION, HARRASSMENT, AND RETALIATION**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district's policy is available in the principal's office and in the superintendent's office or on the district's Web site [www.ecisd.us](http://www.ecisd.us). [See policy FFH.]

### **Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student's family members, or members of the student's household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student's current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

### **Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

### **Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two types of prohibited harassment are described below.

### **Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; may not be limited to aggressive conduct such as theft or damage to property.

## **Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

## **Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH(LOCAL) for other appropriate district officials to whom to make a report.

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, and investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

## **Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency's investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## **DISCRIMINATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

## **DISTRIBUTION OF LITERATURE, PUBLISHED MATERIALS OR OTHER DOCUMENTS**

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc. The school newsletters, school yearbooks, and district newsletters are available to students. All school publications are under the supervision of a teacher, sponsor, and the principal.

### **Nonschool Materials**

#### **From Students**

Students must obtain prior approval from the principal before selling, posting, circulating, or distributing copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated a bulletin board as the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy at FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

#### **From Others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]

The principal has designated a bulletin board as the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with policy FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## **DRESS AND GROOMING**

The District's dress code is established to teach grooming and hygiene, instill discipline, prevent disruption, avoid safety hazards, and teach respect for authority.

The elementary school dress code for students is as follows:

1. Shirrtails must be worn inside jeans, slacks, and skirts unless the bottom of the shirt or blouse is square and not excessive in length.
2. Shirts and blouses may be worn unbuttoned no lower than one button below the collar.

### Mandatory Dress Code

The Edinburg school district has adopted a mandatory standard dress code for all Elementary Campuses.

Campuses that are enforcing mandatory school uniform policy will provide students/parents with a copy of the specific requirements for that campus. For more information, please see the campus principal.

### Excusing a Student from Mandatory Dress Code

As a parent or guardian, you may request that your child be excused from mandatory dress code. See policy [FNCA(LOCAL)], pg. 4 and 5, Compliance Measures.

If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

## **ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES**

### **Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones**

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers. The use of mobile telephones or any device capable of capturing images is strictly prohibited while at school, at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The parent may pick up the confiscated telecommunications device from the principal's office for a fee of \$15.

Confiscated telecommunications devices that are not retrieved by the student or student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 39 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for damaged, lost, or stolen telecommunications devices.

## **Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices not being used for instructional purposes at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 39 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

## **Instructional Use of Personal Telecommunications and Other Electronic Devices**

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

## **Acceptable Use of District Technology Resources**

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Please be advised that by signing the parent acknowledgement consent form, the student/parent is agreeing to all terms found in the ECISD acceptable use board policy. (ECISD acceptable use policy link) Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Students and parents should be aware that e-mail and other electronic communications using district computers is not private and may be monitored by district staff. [For additional information, see policies at CQ.]

## **Unacceptable and Inappropriate Use of Technology Resources**

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district's computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

## **EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity's coach or sponsor. [Also see **Transportation** on page 42.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at <https://www.uil texas.org/athletics/manuals>; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at (512) 463-9581 or [curriculum@tea.state.tx.us](mailto:curriculum@tea.state.tx.us).

[See <http://www.uil texas.org> for additional information on all UIL-governed activities.]

## **Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general.

If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization's standards of behavior.

## **Offices and Elections**

Certain clubs, organizations, and performing groups will hold elections for student officers.

## **FUND-RAISING**

As per a directive from our superintendent, there will be **NO** fund-raising activities which involve our students. Student groups or classes and/or parent groups may be permitted to conduct fund raising drives for approved school purpose. An application for permission must be made to the Area Director of Instructional and Support Services and Central Office Administration at least 30 days before the event. Individual staff members (teachers, coaches, etc.) will not be allowed to sell items (candy, ice-cream, pickles, etc.) to students. [For further information, see policies FJ and GE.]

## **GANG-FREE ZONES**

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

## **GENDER-BASED HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

## **GRADING GUIDELINES**

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

A Student shall be permitted one day for every day absent an opportunity to redo an assignment or retake a test for which the student received a failing grade or a suspension. (EIA Local)

Also see **Report Cards/Progress Reports and Conferences** on page 37 for additional information.

### Elementary Grading Procedures

1. An electronic grade book will be used as the official campus grade book. It is a software via the internet that will assist to input, modify and monitor student's current progress in real-time at work or from home.
2. Teachers will record at least two grades weekly. Twelve (12) grades per discipline per six-weeks is required. A retest is required when an examination grade is below a 70. Exam grades may not exceed 25% of the six-weeks grade. Benchmark, STAAR, and six-weeks assessments may be counted as one regular assignment grade.  
Major projects shall be weighted appropriately according to campus standards with principal approval. Projects will count as one grade. Teachers may assign a late penalty to any project turned in after the due date in accordance with previously established guidelines approved by the principal and disseminated to students.
3. The actual grade will be recorded in an electronic grade book.
4. Students must be given one opportunity to re-test for an examination, and/or redo an assignment for which the student received a failing grade. The highest grade given for a re-testing or redone assignment will be a grade of 70. The original grade on the test or assignment will not be counted.
5. Students will be allowed to make up work missed due to any excused absence. The time allotted will be equal to a day for a day of absence. For example, a student absent for five (5) days will be allotted five (5) days to complete the missed assignment. The teacher is encouraged to use his/her discretion in allotting additional time as dictated by the individual case.
6. Students shall be expected to make up assignments and tests after absences. Students shall receive a zero for any assignment or test not made up within the allotted time.
7. Students shall be permitted to take tests in any class missed because of an absence. For any class missed, the teacher may assign the student make-up work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.
8. The grade for make-up work after an unexcused absence shall be no higher than 60.
9. The district shall not impose a grade penalty for make-up work after an absence because of suspension. A student shall be permitted one opportunity to redo an assignment or retake a test after a suspension.
10. Plagiarism or cheating on any assignment or examination will constitute a grade of 0.

### **Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH (LEGAL).]

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program if that program is applicable based on the school year in which the student entered high school, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress and, if so, whether successful performance is required for graduation, or whether an alternative assessment is more appropriate. STAAR Alternate 2 is the alternative assessment currently allowed by the state. [See **Standardized Testing** on page 40 for additional information.]

ARD committees for students with disabilities who receive special education services and who are subject to the foundation graduation program will make instructional and assessment decisions for these students in accordance with state law and rules. In order to earn an endorsement under the foundation program, a student must perform satisfactorily on the EOC assessments and receive no modified curriculum in the student's chosen endorsement area.

## **HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

## **HAZING**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with Student Code of Conduct.

It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[Also see **Bullying** on page 13 and policies FFI and FNCC.]

## **HEALTH-RELATED MATTERS**

### **Student Illness**

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

### **Bacterial Meningitis**

State law requires the district to provide information about bacterial meningitis:

#### **What is meningitis?**

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

#### **What are the symptoms?**

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

#### **How serious is bacterial meningitis?**

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

### **How is bacterial meningitis spread?**

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

### **How can bacterial meningitis be prevented?**

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis.\* The vaccines are safe and effective (85-90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

### **What should you do if you think you or a friend might have bacterial meningitis?**

You should seek prompt medical attention.

### **Where can you get more information?**

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us>.

\*Please note that the TDSHS requires at least one meningococcal vaccination between grades 7 and 12, and state guidelines recommend this vaccination be administered between age 11 and 12, with a booster dose at 16 years of age. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

Also refer to **Immunizations** on page 30 for more information.

### **Food Allergies**

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed at [www.ecisd.us](http://www.ecisd.us). Also see policy FFAF and **Celebrations** on page 13.

### **Head Lice**

Head lice is common among children and is spread very easily through head-to-head contact during play, sports or nap time and when children share things like brushes, combs, hats and headphones. The school nurse can also offer additional recommendations on how best to get rid of lice and prevent their return.

Head lice can be a nuisance but they have not been shown to spread disease. Personal hygiene or cleanliness in the home or school has nothing to do with getting head lice.

Students diagnosed with live head lice do not need to be sent home early from school; they can go home at the end of the day, be treated with an FDA-approved over-the-counter shampoo or lotion, or by a physician prescribed treatment and return to class the following day. Nits may persist after treatment, but successful treatment should kill crawling lice.

More information on head lice can be obtained from the TDSHS Web site at <http://www.dshs.state.tx.us/schoolhealth/lice.shtml>.

## **Physical Activity Requirements**

### **Elementary School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in kindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week. For additional information on the district's requirements and programs regarding elementary school student physical activity requirements, please see the principal.

### **School Health Advisory Council (SHAC)**

During the preceding school year, the district's School Health Advisory Council (SHAC) held 5 meetings. Additional information regarding the district's (SHAC) is available from the school principal.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.

[See policies at BDF and EHAA. See **Human Sexuality Instruction** on page 4 for additional information.]

### **Student Wellness Policy/Wellness Plan**

Edinburg Consolidated Independent School District is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy.

You are encouraged to contact Albert Lopez, Coordinator of Health Services, (956) 289-2300, with questions about the content or implementation of the district's wellness policy and plan.

## **OTHER HEALTH-RELATED MATTERS**

### **Physical Fitness Assessment**

Annually, the district will conduct a physical fitness assessment of students in grades 3-12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus principal to obtain the results of his or her child's physical fitness assessment conducted during the school year.

### **Vending Machines**

The district has adopted and implemented the state and federal policies and guidelines food service, including the guidelines to student access to vending machines. For more information regarding these policies and guidelines, see the school principal. [See policies CO and FFA.]

### **Tobacco and E-Cigarettes Prohibited**

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of tobacco products, e-cigarettes or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

### **Asbestos Management Plan**

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings.

A copy of the district's Asbestos Management Plan is available in the principal's office as well as the school's Central Administration Office. If you have any questions or would like to examine the district's plan in more detail, please contact Robert Saenz, Maintenance & Compliance Supervisor at (956) 289-2577.

## **Pest Management Plan**

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child's school assignment area may contact the campus principal or Robert Saenz at School Plant Service at (956) 289-2577.

## **HOMELESS STUDENTS**

For more information on services for homeless students, contact the district's homeless education liaison, at (956) 289-2300.

## **HOMEWORK**

E.C.I.S.D. has a goal to improve student academic achievement. The district-wide policy is to regularly assign homework and to carefully monitor a student's work. This home/school cooperative system will help each child reach their academic potential as well as develop student responsibility and self-discipline.

Homework assignments are intended to help students:

- 1.) Develop independent habits.
- 2.) Reinforce classroom learning, and
- 3.) Enrich their lives through independent projects.

Homework will only be assigned on Mondays, Tuesdays, Thursdays, and/or Fridays with the exceptions of special projects which may require additional preparation time.

## **ILLNESS**

[See **Student Illness** under **Health-Related Matters** on page 27.]

## **IMMUNIZATION**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://corequest.dshs.texas.gov/>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor's opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the TDSHS Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.

## **LAW ENFORCEMENT AGENCIES**

### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation.

In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

### **Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

### **Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policies FL(LEGAL) and GRAA(LEGAL).]

## **LEAVING CAMPUS**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parent consent:

- For students in elementary school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in middle school be released unaccompanied by a parent or adult authorized by the parent.

### **At Any Other Time During the School Day**

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

### **Early Dismissal**

Early dismissal will only be allowed as absolutely necessary with proper parental/guardian identification.

Please Note:

- No early dismissal after 2:30 P.M. for elementary students
- Mode of transportation cannot be changed after 2:00 P.M.
- Transportation arrangements shall be made prior to 8:00 A.M. between parent and student.

No student will be allowed early dismissal without an acceptable parental or guardian picture I.D.

Proper identification includes any one of the following:

- Texas Drivers License
- Texas Picture I.D.
- Immigration/Visa with picture I.D.
- Passport with picture I.D.
- Other form of picture I.D. deemed acceptable to school administrator after personal review.

## **LIMITED ENGLISH PROFICIENT STUDENTS**

A student with limited English proficiency (LEP), sometimes referred to as an English language learner (ELL) in certain state statutes and state rules, is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for a LEP student. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, as mentioned at **Standardized Testing**, page 40, may be administered to a LEP student, or, for a student up to grade 5, a Spanish version of STAAR. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

## **LOST AND FOUND**

A "lost and found" collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

## **MAKEUP WORK**

### **Makeup Work Because of Absence**

Students shall be expected to make up assignments and tests after absences. Students shall receive a zero for any assignment or test not made up within the allotted time.

Students shall be permitted to take tests administered in any class missed because of absence.

For any class missed, the teacher may assign the student make-up work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

Teachers may assign a late penalty to any project turned in after the due date in accordance with previously established guidelines approved by the principal and disseminated to students.

The grade for make-up work after an unexcused absence shall be no higher than 60.

The District shall not impose a grade penalty for make-up work after an absence because of suspension.

### **DAEP Makeup Work**

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

## **MEDICINE AT SCHOOL**

Medication that must be administered to a student during school hours must be provided by the student's parent. All medication, whether prescription or nonprescription, must be kept in the nurse's office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request from the parent/guardian and a written authorization from the child's physician or health care provider.
- Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

Nonprescription and emergency medication provided by the District may be administered to students as outlined by the protocols established by the District's medical advisor.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

## **Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policies at FFAC]

## **NONDISCRIMINATION STATEMENT**

In its efforts to promote nondiscrimination, and is required by law, ECISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups

The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex, including sexual Harassment or gender-based harassment: Robert Viña, Coordinator of Personnel/Legal Issues, 411 N. 8<sup>th</sup>, Edinburg, Tx (956) 289-2300.
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Janie Fong, Coordinator of Guidance Services/Drub Intervention Program, 411 N. 8<sup>th</sup>, Edinburg, Tx, (956) 289-2300.
- All other concerns regarding discrimination: See the superintendent, Dr. René Gutiérrez, 411 N. 8<sup>th</sup>, Edinburg, Tx (956) 289-2300.

[See policies FB(LOCAL) and FFG(LOCAL).]

## NONTRADITIONAL ACADEMIC PROGRAMS

### PARENTAL INVOLVEMENT

#### Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.

### PHYSICAL EXAMINATIONS / HEALTH SCREENING

Vision, Hearing, Spinal and Acanthosis Nigricans Screenings will be done by Health Services Personnel in accordance to state law. Written notice will be sent to parents of any abnormal findings.

Students are required to undergo a risk assessment for type 2 diabetes at the same time the district screens students for hearing and vision issues, or for abnormal spinal curvatures.

Also see policy FFAA.

Parents of students identified through any screening programs needing treatment of further examination shall be advised of the need and referred to appropriate health agencies. Vision, Hearing, Spinal and Acanthosis Nigricans Screening will be done by Health Services Personnel in accordance to state law. Written notice will be sent to parents of abnormal findings.

A student is exempt from screening if the parent or legal guardian submits an affidavit to the school on or before the day of screening, stating that the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the student is an adherent or a member.

Also see policy FFAA.

## **PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE**

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Reciting the Pledges to the U.S. and Texas Flags** on page 4.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001. [See policy EC for more information.]

## **PRAYER**

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

## PROMOTION AND RETENTION

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In addition, at certain grade levels a student — with limited exceptions — will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.\*

In grades 1-5, promotion is based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and the reading sections of the grade 5 assessment in English or Spanish.

If a student in grade 3 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

[See **Standardized Testing** on page 40.]

A student in grade 5 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

## RELEASE OF STUDENTS FROM SCHOOL

See **Leaving Campus** on page 32.]

## REPORT CARDS/ PROGRESS REPORTS AND CONFERENCES

Report cards with each student's grades or performance and absences in each class or subject are issued to parents every six-weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child's performance in any course OR in English language arts, mathematics, science, or social studies is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 35 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the superintendent or pursuant to the board-adopted policy and are designed to reflect each student's relative mastery of each assignment for the grading period, semester, or course. The State law indicates that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district's grading policy.

[See policy EIA(LOCAL) and **Grading Guidelines** on page 25.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

•Pre-K report cards are issued starting the 2<sup>nd</sup>, six weeks.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school the following day.

## **RETALIATION**

[See **Discrimination, Harassment, and Retaliation** on page 20.]

## **SAFETY**

Student safety on campus at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

## **Accident Insurance**

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

## **Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies**

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students, visitors, and all others on campus need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

## **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

## **Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early or opening is delayed because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

If the campus must close, delay opening, or restrict access to the building because of an emergency, the district will alert the community by using an all call on-line communications system.

## **SCHOOL FACILITIES**

### **Use by Students Before and After School**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where the activity is scheduled to take place.

Unless the teacher or sponsor overseeing the activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

### **Conduct Before and After School**

Teachers and administrators have full authority over student conduct at before-or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials.

Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

### **Use of Hallways During Class Time**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

### **Cafeteria Services**

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law. The district will participate in Provision II and will provide a breakfast and a lunch to all students at no cost. Information on this program can be obtained by calling (956) 289-2575.

### **Overview of the Texas Public School Nutrition Policy/Elementary Schools**

- May not serve competitive foods (or provide access to them through indirect sales) to students anywhere on the school campus throughout the school day except for those food items made available by the school food service department. All foods, beverages and snack items must comply with the nutrition standards and portion size restrictions in this policy at any time.

### **Library**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure.

### **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

## **Student Desks, Cubbies, Locker or Storage Cubes**

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable suspicion to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

## **Telecommunications and Other Electronic Devices**

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed. [See policy FNF(LEGAL) and **Electronic Devices and Technology Resources** on page 23 for more information.]

## **Vehicles on Campus**

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student.

## **Trained Dogs**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

## **SEXUAL HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 20.]

## **SPECIAL PROGRAMS**

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency or who are English Language Learners, students diagnosed with dyslexia, and students with disabilities.

The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the Office of the Assistant Superintendent for Instruction & Support Services at (956) 289-2300.

## **STANDARDIZED TESTING**

### **STAAR (State of Texas Assessments of Academic Readiness)**

- Mathematics, annually in grades 3-8
- Reading, annually in grades 3-8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level.

See **Promotion and Retention** on page 37 for additional information.

STAAR-A will be available for an eligible student with a Section 504 accommodation plan who has been identified with dyslexia or a related disorder, as well as for a student receiving special education services, if the student meets state-established criteria and requires certain instructional and assessment accommodations on a routine basis.

STAAR Alternate 2, for students receiving special education services who meet certain state-established criteria, will be available for eligible students, as determined by the student's ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC). A Spanish version of STAAR is also available to students through grade 5 who need this accommodation.

## **STUDENTS IN FOSTER CARE**

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state) with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

Please contact Alma Moron, who has been designated as the district's foster care liaison, at (956) 289-2300 with any questions.

## **SUBSTANCE ABUSE PREVENTION AND INTERVENTION**

- A student is considered tardy after 8:00 a.m.
- Three unexcused tardies shall equal one unexcused absence for attendance celebrations/recognition only. (Not relevant to truancy.)

## **TESTING**

Test results will be reported to students and parents. Parents may request to discuss the test results with the campus principal, child's teacher, or counselor by calling the school and setting up a conference.

In order for students to do their best on any test, they must be comfortable and alert. Parents are encouraged to be aware of their child's schedule and to assure that the child comes to school every day – but especially on test days – after:

- A good night's sleep
- A good breakfast; and
- Dressing for the weather or for the temperature inside the testing center

Certain students, such as students with disabilities and students with English Language Learners are eligible for exemptions, accommodations, or a deferment. For more information, see the principal, counselor, or special education director.

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. These books and materials must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

## **TRANSFERS**

The principal is authorized to transfer a student from one classroom to another.

See **Safety Transfers/Assignments**, on page 8, **Bullying**, on page 13, and **Students Who Have Learning Difficulties or Who Need Special Education Services**, on page 9, for other transfer options.]

## **TRANSPORTATION – School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent, or to another adult designated by the parent.

\*Also refer to **ECISD Safety Regulations for Overnight Trips** in Section A.

## **Buses and Other School Vehicles**

The district makes bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. More information may be obtained by calling (956) 316-7718 or (956) 316-8888.

For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.

- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; bus-riding privileges may be suspended.

## **VANDALISM**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

## **VIDEO CAMERAS**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

## **VISITORS TO THE SCHOOL**

### **General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor's arrival, the individual must check in at the main office first. All ECISD campuses are closed campuses.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

## **VOLUNTEERS**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact our district Parental Involvement Department at (956) 289-2318.

## **WITHDRAWING FROM SCHOOL**

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

**Attendance Review Committee** is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**FERPA** refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

# **District Title 1 Parental Involvement Policy**

**EDINBURG CONSOLIDATED INDEPENDENT SCHOOL DISTRICT**  
*Federal Programs Department*

**District Title I Parental Involvement Policy**  
**2015 – 2016**

**MISSION STATEMENT**

To Accomplish Educational Excellence Through Creativity and Innovation.

**STATEMENT OF PURPOSE**

The Edinburg Consolidated Independent School District administration, faculty, support staff, parents and community members shall develop, agree upon and distribute to parents a written Parental Involvement Policy and School-Parent-Student Compact. The policy will set expectations and establish a framework for quality parental involvement participation. This will be achieved as part of the district's improvement plan process (SBDM) and District Parent Advisory Council.

The district values the role parents' play as their children's first teacher and the influences of their continued support toward enabling their children to meet the state's student performance standards.

- I. The following policy is in compliance with the legal requirements of the No Child Left Behind Act of 2001 (PL 107-110, Section 1118). This policy will be available to all parents of the Edinburg Consolidated Independent School District and is distributed annually through the Student-Parent Handbook.
- II. The Title I Parental Involvement Policy and School-Parent-Student Compact will be reviewed and distributed to parents during the Fall of the school year through registration, Meet the Teacher, Open House, PTA/PTO, special called meetings or other campus-level initiatives.
- III. The School-Parent-Student Compact will outline the means by which parents, school and students will share responsibility for improved student academic achievement and mastery of the state's high standards. An annual review and revision, if necessary, will be part of the district and campus-level improvement plan process.

Although signatures are not required, parents are urged to sign and discuss the compact with their children and teachers.

- IV. An annual Title I public meeting will be held in the Fall at each campus to inform parents of the district's participation in Title I, Part A and its requirements. The parents will also be informed of their right to be involved.
- V. The district will offer a flexible number of meetings, PAC, District SBDM, LPAC, special-called and/or campus-level to ensure opportunity to parents in the planning, reviewing and evaluation of Title I, Part A programs, including the Parental Involvement Policy and School-Parent-Student Compact, Title I, Part D, Subpart 2 (Juvenile Detention Center). Parent's suggestions and recommendations will be addressed as practicably as possible.

- VI. The school district will make every effort to communicate with parents information about Title I, Part A programs, descriptions and explanation of the curriculum, academic assessments used to measure student progress, proficiency and levels students are expected to meet. All information oral or written related to school parent programs will be provided in a format and language that the parents can understand.
- VII. The district's capacity to build strong partnership with parents will be achieved by offering opportunities for parents to provide input and make recommendations regarding Title I programs. The district will assist parents in understanding the state's academic content and achievement standards, state and local assessments and how to monitor their children's progress. These opportunities will be addressed at PAC, PTA/PTO, SBDM, LPAC, special-called meetings, committees and trainings. In addition, parenting skills workshops, literacy and opportunities to volunteer will be provided for parents.
- VIII. The district to the extent feasible and appropriate will coordinate and integrate parent involvement programs and activities with Headstart, Bright Beginnings (Migrant 3yr. old Program), community agencies and private schools.
- IX. The district will ensure full opportunities for the participation of parents with limited English proficiency, disabilities and parents of migratory children by assuring that notices, information and reports are in a format and to the extent practicable, in the language that the parents understand.
- X. Parents will participate in the annual evaluation of the content and effect of the district Parental Involvement Policy and practices. They will also consider:
- Increasing parent involvement
  - Identifying barriers that limit parent participation
  - Identifying ways to overcome barriers which may limit participation by parents
  - Review and revision of parental involvement policy
  - Review and revision of School-Parent-Student Compact
  - Academic quality of Title I, Part A schools
  - Title I, Part D, Subpart 2 (Juvenile Detention Center)

The annual evaluation findings will be used to revise and design parent policy practices and strategies to improve parental involvement at the district and campus levels.

**Nondiscrimination Statement**

It is the policy of Edinburg CISD not to discriminate on the basis of sex, age, handicap, religion, race, color, or national origin in its' educational programs.

The student and parent should each sign this page in the space provided below, and then return the page to the student's school.

Thank you.

**Dr. René Gutiérrez, Superintendent**

We acknowledge that we have received a copy of the Edinburg CISD Student Code of Conduct for the 2015-2016 school year and understand that students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Code.

# STUDENT CODE OF CONDUCT

## Purpose

The student Code of Conduct is the district's response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Student Code of Conduct has been adopted by the Edinburg CISD Board of Trustees and developed with the advice of the district-level committee. This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. It remains in effect during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the board becomes effective for the next school year.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code shall be posted on the district's Web site. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP, or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district's board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the student handbook, the Code shall prevail.

**Please Note:** The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

# **School District Authority and Jurisdiction**

## **Campus Behavior Coordinator**

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal of the campus or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline. The district maintains a current list of the persons serving as a campus behavior coordinator in the student handbook or on the district's website at [www.ecisd.us](http://www.ecisd.us).

School rules and authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school or a school-sponsored or school-related activity on district transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
6. When criminal mischief is committed on or off school property or at a school-related event;
7. For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line;
8. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
9. When the student commits a felony, as provided by Educational Code 37.006 or 37.0081; and
10. When the student is required to register as a sex offender.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable cause to believe it contains articles or materials prohibited by the district.

District administrators conduct routine blanket inspections and searches of lockers and desks.

## **Reporting Crimes**

School administrators shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

## **“Parent” Defined**

Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

## **Participating in Graduation Activities**

The district has the right to limit a student's participation in graduation activities for violating the district's Code.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student to give the opening or closing remarks, a student shall not have engaged in any misconduct in violation of the district's Code, resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

See DAEP – **Restrictions During Placement** on page 13, for information regarding a student assigned to DAEP at the time of graduation.

## **Standards for Student Conduct**

Each student is expected to:

- Demonstrate courtesy, even when others do not.
- Behave in a responsible manner, always exercising self-discipline.

- Adhere to the requirements of the Student Code of Conduct.

## **General Conduct Violations**

The categories of conduct below are prohibited at school, in vehicles owned or operated by the district, and at all school-related activities, but the list does not include the most severe offenses. In the subsequent sections on Out-of-School Suspension, DAEP Placement, Placement and/or Expulsion for Certain Offenses, and Expulsion, certain offenses that require or permit specific consequences are listed. Any offense, however, may be severe enough to result in Removal from the Regular Educational Setting as detailed in that section.

- 1<sup>st</sup> Offense – confiscated and returned to parent only after an administrative fee of \$15.00 has been paid as per FNCE(LOCAL).
- 2<sup>nd</sup> Offense – further disciplinary action as set forth by the student code of conduct.

## **Illegal, Prescription, and Over-the Counter Drugs**

Students shall not:

- Possess or sell seeds or pieces of marijuana in less than a usable amount. (For illegal drugs, alcohol, and inhalants see DAEP Placement and Expulsion.)
- Possess, use, give, or sell paraphernalia related to any prohibited substance. (See glossary for “paraphernalia.”)

- Abuse over-the counter drugs. (See glossary for “abuse.”) Be under the influence of prescription or over-the-counter drugs that cause impairment of the physical or mental faculties. (See glossary for “under the influence.”)

- Have or take prescription drugs or over-the-counter drugs at school other than as provided by district policy.

## **Misuse of Technology Resources and the Internet**

Students shall not:

- Violate policies, rules, or agreements signed by the student or the student's parent regarding the use of technology resources.
- Attempt to access or circumvent passwords or other security-related information of the district, students, or employees or upload or create computer viruses, including off school property if the conduct causes a substantial disruption to the educational environment.

## **Safety Transgressions**

Students shall not:

- Possess published or electronic material that is designed to promote or encourage illegal behavior or that could threaten school safety.
- Engage in verbal (oral or written) exchanges that threaten the safety of another student, a school employee, or school property.
- Make false accusations or perpetrate hoaxes regarding school safety.
- Engage in any conduct that school officials might reasonably believe will substantially disrupt the school program or incite violence.

- Gamble.
- Falsify records, passes, or other school-related documents.
- Engage in actions or demonstrations that substantially disrupt or materially interfere with school activities.
- Repeatedly violate other communicated campus or classroom standards of conduct.

The district may impose campus or classroom rules in addition to those found in the Code. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Code.

## **Discipline Management Techniques**

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community.

Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative discipline practices. Discipline shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense, including misconduct in a district vehicle owned or operated by the district, unless otherwise specified by law, may bring into consideration varying techniques and responses.

## **Students with Disabilities**

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, state and/or federal law shall prevail.

In accordance with the Educational Code, a student who is enrolled in a special education program may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists (see glossary) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

## **Techniques**

The following discipline management techniques may be used alone, or in combination, or as part of progressive interventions for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Verbal correction, oral or written.
- Cooling-off time or "time-out."
- Seating changes within the classroom or vehicles owned or operated by the district.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.
- Counseling by teachers, school counselors, or administrative personnel.
- Parent-teacher conferences.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
- Detention, including outside regular school hours.
- Sending the student to the office or other assigned area, or to in-school suspension.
- Assignment of school duties such as cleaning or picking up litter.
- Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Penalties identified in individual student organizations' extracurricular standards of behavior.
- Restriction or revocation of district transportation privileges.
- School-assessed and school-administered probation.
- Corporal punishment, unless the student's parent or guardian has provided a signed statement prohibiting its use.
- Out-of-school suspension, as specified in the Out-of School Suspension section of this Code.
- Placement in a DAEP, as specified in the DAEP section of this Code.
- Placement and/or expulsion in an alternative educational setting, as specified in the Placement and/or Expulsion for Certain Offenses section of this Code.
- Expulsion, as specified in the Expulsion section of this Code.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
- Other strategies and consequences as determined by school officials.

## **Notification**

The campus behavior coordinator shall promptly notify a student's parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide the student for delivery to the student's parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

## **Appeals**

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG(LOCAL). A copy of the policy may be obtained from the principal's office, the campus behavior coordinator's office, or the central administration office or through Policy On Line at the following address: <http://www.ecisd.us/>

Consequences shall not be deferred pending the outcome of a grievance.

## **Removal from the School Bus**

A bus driver may refer a student to the principal's office to maintain effective discipline on the bus. The principal must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges.

Since the district's primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal may restrict or revoke a student's transportation privileges, in accordance with law.

## **Removal from the Regular Educational Setting**

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

### **Routine Referral**

A routine referral occurs when a teacher sends a student to the campus behavior coordinator's office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom.

### **Formal Removal**

A teacher **may** also initiate a formal removal from class if:

1. The student's behavior has been documented by the teacher as repeatedly interfering with the teacher's ability to teach his or her class or with the student's classmates' ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student's parent; the student; the teacher, in the case of removal by a teacher; and any other administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the misconduct for which he or she is charged and the consequences. The student shall have an opportunity to give his or her vision of the incident.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator **must** remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion will be followed.

## **Returning Student to Classroom**

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher's class without the teacher's consent.

When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher's class without the teacher's consent, if the placement review committee determines that the teacher's class is the best or only alternative available.

## **Out-Of-School Suspension**

### **Misconduct**

Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

### **Process**

State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the conduct of which he or she is accused. The student shall be given the opportunity to explain his or her version of the incident before the administrator's decision is made.

The number of days of a student's suspension shall be determined by the campus behavior coordinator, but shall not exceed three school days.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. A student's disciplinary history.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and cocurricular activities.

## **Disciplinary Alternative Education Program (DAEP) Placement**

The DAEP shall be provided in a setting other than the student's regular classroom. An elementary school student may not be placed in a DAEP with a student who is not an elementary school student. For purposes of DAEP, elementary classification shall be kindergarten-grade 5 and secondary classification shall be grades 6-12.

Summer programs provided by the district shall serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the district shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.

### **Discretionary Placement: Misconduct That May Result in DAEP Placement**

A student **may** be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code.

#### **Misconduct Identified in State Law**

In accordance with state law, a student **may** be placed in a DAEP for any one of the following offenses:

- Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See glossary.)
- Involvement in criminal street gang activity. (See glossary.)
- Any criminal mischief, including a felony.
- Assault by offensive or provocative physical contact.

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent's designee has reasonable belief (see glossary) that the student has engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses involving injury to a person in Title 5 (see glossary) of the Texas Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student's presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator **may**, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

### **Mandatory Placement: Misconduct That Requires DAEP Placement**

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See glossary.)
- Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property.
  - Engages in conduct punishable as a felony.
  - Commits an assault (see glossary) under Texas Penal Code 22.01 (a)(1).
  - Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (School-related felony drug offenses are addressed in the Expulsion section.) (See glossary for "under the influence.")
  - Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in the Expulsion section.)
  - Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
  - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure.
- Engages in expellable conduct and is between six and nine years of age.
- Commits a federal firearms violation and is younger than six years of age.

- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in the Expulsion section of this Code.)
- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Texas Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
  1. The student receives deferred prosecution (see glossary),
  2. A court or jury finds that the student has engaged in delinquent conduct (see glossary), or
  3. The superintendent or designee has a reasonable belief (see glossary) that the student engaged in the conduct.

## **Sexual Assault and Campus Assignments**

If a student has been convicted of continuous sexual abuse of a young child or children or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim's parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the district. If there is no other campus in the district serving the grade level of the offending student, the offending student will be transferred to a DAEP.

## **Emergencies**

In an emergency, the principal or the principal's designee may order the immediate placement of a student in a DAEP for any reason for which placement in a DAEP may be made on a nonemergency basis.

## **Process**

Removals to a DAEP shall be made by the campus behavior coordinator.

## **Conference**

When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student's parent, the student, and the teacher, in the case of a teacher removal.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student, orally or in writing, of the reasons for the removal and shall give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

## **Consideration of Mitigating Factors**

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.

## **Placement Order**

After the conference, if the student is placed in the DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order shall be sent to the student and the student's parent.

Not later than the second business day after the conference, the board's designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency.

## **Coursework Notice**

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

## **Length of Placement**

The duration of a student's placement in a DAEP shall be determined by the campus behavior coordinator.

The duration of a student's placement shall be determined on a case-by-case basis. DAEP placement shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year except as provided below.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

## **Exceeds One Year**

Placement in a DAEP may exceed one year when a review by the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended placement is in the best interest of the student.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

## **Exceeds School Year**

Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of the placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board's designee must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
2. The student has engaged in serious or persistent misbehavior (see glossary) that violates the district's Code.

## **Exceeds 60 days**

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent will be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

## **Appeals**

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's placement in a DAEP should be addressed in accordance with FOC(LOCAL).

Disciplinary consequences shall not be deferred pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

## **Restrictions during Placement**

State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

The district shall provide transportation to students in a DAEP.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

## **Placement Review**

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without the teacher's consent.

## **Additional Misconduct**

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the appropriate administrator may enter an additional disciplinary order as a result of those proceedings.

## **Notice of Criminal Proceedings**

The office of the prosecuting attorney shall notify the district if a student was placed in a DAEP for certain offenses including any felony, unlawful restraint, indecent exposure, assault, deadly conduct, terroristic threats, organized crime, certain drug offenses, or possession of a weapon, and:

1. Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or
2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

## **Withdrawal during Process**

When a student violates the district's Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then reenrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

## **Newly Enrolled Students**

The district shall continue the DAEP placement of a student who enrolls in the district and was assigned to a DAEP in an open-enrollment charter school or another district.

A newly enrolled student with a DAEP placement from a district in another state shall be placed as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

If the student was placed in a DAEP by a school district in another state for a period that exceeds one year, this district, by state law, shall reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

## **Emergency Placement Procedure**

When an emergency placement occurs, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

## **Placement and/or Expulsion for Certain Offenses**

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

### **Registered Sex Offenders**

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the administration must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement will be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student's presence:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interests of the district's students.

### **Review Committee**

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student's placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

### **Newly Enrolled Student**

If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

### **Appeal**

A student or the student's parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student's parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

## Certain Felonies

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education code 37.0081, a student **may** be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see glossary) of the Texas Penal Code. The student must:

- Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
- Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The district may expel the student and order placement under these circumstances regardless of:

1. The date on which the student's conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

## Hearing and Required Findings

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interest of the district's students.

Any decision of the board or the board's designee under this section is final and may not be appealed.

## Length of Placement

The student is subject to the placement until:

1. The student graduates from high school,
2. The charges are dismissed or reduced to a misdemeanor offense, or
3. The student completes the term of the placement or is assigned to another program.

## Newly Enrolled Students

A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.

## Expulsion

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.

## **Discretionary Expulsion: Misconduct That May Result in Expulsion**

### **Any Location**

A student **may** be expelled for:

- Engaging in the following, no matter where it takes place:
  - Conduct that contains the elements of assault under Penal Code 22.01(a)(1) in retaliation against a school employee or volunteer.
  - Criminal mischief, if punishable as a felony.
- Engaging in conduct that contains the elements of one of the following offenses against another student, without regard to where the conduct occurs:
  - Aggravated assault.
  - Sexual assault.
  - Aggravated sexual assault.
  - Murder.
  - Capital murder.
  - Criminal attempt to commit murder or capital murder.
  - Aggravated robbery.
- Breach of computer security.
- Engaging in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school.

### **At School, Within 300 Feet, or at a School Event**

A student **may** be expelled for committing any of the following offenses on or within 300 feet of school property, as measured from any point on the school's real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:

- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, or a dangerous drug, if the conduct is not punishable as a felony. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (See glossary for "under the influence.")
- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol, if the conduct is not punishable as a felony.
- Engaging in conduct that contains the elements of an offense relating to abusable volatile chemicals.
- Engaging in conduct that contains the elements of assault under section 22.01(a)(1) against an employee or a volunteer.
- Engaging in deadly conduct. (See glossary.)

### **Within 300 Feet of School**

A student **may** be expelled for engaging in the following conduct while within 300 feet of school property, as measured from any point on the school's real property boundary line:

- Aggravated assault, sexual assault, or aggravated sexual assault.
- Arson. (See glossary.)
- Murder, capital murder, or criminal attempt to commit murder or capital murder.
- Indecency with a child, aggravated kidnapping, manslaughter, criminally negligent homicide, or aggravated robbery.
- Continuous sexual abuse of a young child or children.
- Felony drug- or alcohol-related offense.
- Use or possession of a firearm (as defined by state law), an illegal knife, a club, or prohibited weapon, or possession of a firearm (as defined by federal law).

## Property of another District

A student **may** be expelled for committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the student is attending a school-sponsored or school-related activity of a school in another district in Texas.

## While in DAEP

A student **may** be expelled for engaging in documented serious misbehavior that violates the district's Code, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:

1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by Section 1.07, Penal Code; or
4. Conduct that constitutes the offense of:
  - a. Public lewdness under Section 21.07, Penal Code;
  - b. Indecent exposure under Section 21.08, Penal Code;
  - c. Criminal mischief under Section 28.03, Penal Code;
  - d. Personal hazing under Section 37.152; or
  - e. Harassment under Section 42.07(a)(1), Penal Code, of a student or district employee.

## Mandatory Expulsion: Misconduct that Requires Expulsion

A student **must** be expelled under federal or state law for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

### Under Federal Law

- Bringing to school a firearm, as defined by federal law. "Firearm" under federal law includes:
  - Any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of an explosive.
  - The frame or receiver of any such weapon.
  - Any firearm muffler or firearm weapon.
  - Any destructive device, such as any explosive, incendiary or poison gas bomb, or grenade.

### Under the Texas Penal Code

- Using or possessing the following, as defined by the Texas Penal Code:
  - A firearm (any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use), unless the use, exhibition, or possession of the firearm occurs at an off-campus approved target range facility while participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department or a shooting sports sanctioning organization working with the department.
  - An illegal knife, which includes a knife with a blade over 5½ inches; hand instrument, designed to cut or stab another by being thrown; dagger, including but not limited to a dirk, stiletto, and poniard; bowie knife; sword; or spear.
  - A club such as an instrument specially designed, made, or adapted for the purpose of inflicting serious bodily injury or death by striking a person with the instrument, including a blackjack, nightstick, mace, and tomahawk. (See glossary)
  - A prohibited weapon, such as an explosive weapon, a machine gun, a short barrel firearm, a firearm silencer, knuckles, armor-piercing ammunition, a chemical dispensing device, a zip gun, or a tire deflation device. (See glossary.)

- Behavior punishable as a felony that involves selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, a dangerous drug, or alcohol; or committing a serious act or offense while under the influence of alcohol.
- Engaging in retaliation against a school employee or volunteer combined with one of the above-listed mandatory expulsion offenses.

## **Under Age 10**

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

## **Emergency**

In an emergency, the principal or the principal's designee **may** order the immediate expulsion of a student for any reason for which expulsion may be made on a nonemergency basis.

## **Process**

If a student is believed to have committed an expellable offense, the campus behavior coordinator or other appropriate administrator shall schedule a hearing within a reasonable time. The student's parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

## **Hearing**

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

1. Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student's defense, and
3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.

The board of trustees delegates to the superintendent or superintendent's designee authority to conduct hearings and expel students.

## **Board Review of Expulsion**

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board shall hear statements made by the parties at the review and will base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

## **Expulsion Order**

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student's disciplinary history.

If the student is expelled, the board or its designee shall deliver to the student and the student's parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the superintendent's designee shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order will give notice of the inconsistency.

## **Length of Expulsion**

The length of an expulsion shall be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements.

The duration of a student's expulsion shall be determined on a case-by-case basis. The maximum period of expulsion in one calendar year except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:

1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and Federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

## **Withdrawal during Process**

When a student has violated the district's Code in a way that requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then reenrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

## **Additional Misconduct**

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.

## **Restrictions during Expulsion**

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

## **Newly Enrolled Students**

The district shall place a newly enrolled student expelled from another district or an open-enrollment charter school directly into a DAEP until the period of the expulsion is completed.

If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order, and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after review it is determined that:

1. The student is a threat to the safety of other students or district employees, or
2. Extended placement is in the best interest of the student.

## **Emergency Expulsion Procedures**
