PAYMENT MUST BE RECEIVED PRIOR TO ATTENDING THE FIRST CLASS

Over the years, AGC, NESCA and ECA has developed one of the most successful Supervisory Training Programs (STP) in the country...one-hundred and thirty-seven Superintendent Courses since the inception of the program some twenty-five plus years ago, training over 3,500 local supervisors, trades people, and office personnel.

Unit #3, Problem Solving & Decision Making will cover: Problems in the Construction Industry; Problem Prevention; The Problem Identification Process; The Decision Making Process; Solving Human Performance Problems; Labor Costs and Subcontractors; Effective Production Planning; Project-Wide Applications; and Risk, Emergencies, and Crisis.

v Problem Solving and Decision Making is for Superintendents and foremen, people who aspire to become superintendents and foremen; people who work with superintendents and foremen; estimators, project managers, field engineers, expeditors, office managers, and supervisors who work for subcontractors.

If you have any employees who may be interested or if you would like additional information on the STP, please call or e-mail Laura Regan at ECA (518-869-0961 or lauras@ecainc.org). The Program has been developed by the Associated General Contractors of America. More than 200,000 individuals have participated in STP courses nationally. It was developed by contractors for contractors. Give it a look if you haven't already done so!

6 Airline Drive ❖ Albany, New York 12205

ECA: 518-869-0961

NESCA: 518-869-9800
