

For Mounting Equipment on Most Steel, Wood, or Concrete Poles

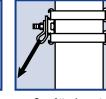

Wood, or Concrete Poles Bolt-A-Band[™] lets you mount equipment on round, square or irregular shaped poles without drilling holes. Bolt-A-Band[™] features a pre-cut, high quality stainless steel band with accompanying installation hardware. Adjusts easily to fit most any size pole. Installs in just minutes with no special tools required. Use it as shown, for equipment mounting... or create your own applications! Call Aluma-Form inside sales for more information.

How to Select Proper Size

Band Width – Bolt-A-BandTM is available in 3/4" and $1^{1}/4$ " band widths and many lengths for mounting a variety of equipment. Generally, use 3/4" band for lighter loads (cabinets, telephone drops, U-Guards, co-axial cable, etc.), and $1^{1}/4$ " band for high tension loads.

Band Length – Proper length is easily determined by placing equipment to mounted against pole or structure at mounting position. Measure total length needed around structure, add six (6) inches and round up to next standard length to determine correct length to order. Installation instructions are always included with each Bolt-A-BandTM order.

STANDARD LENGTH SINGLE BAND

SPECIFICATIONS

Stainless Steel Band – Type 201 annealed Stainless Steel with minimum tensile of 95,000 P.S.I., and minimum yield of 45,000 P.S.I. Furnished in sizes of .030" thickness x 3/4" width and .044" thickness x 11/4"width.

Aluminum Hardware Extrusions -

6061-T6 Aluminum Alloy. This alloy conforms to ASTM B 221. A minimum tensile strength 38,000 P.S.I., and minimum yield strength of 35,000 P.S.I.

Carriage Bolt – High strength Grade 5 carriage bolt (ASTM A-449), furnished in $\frac{3}{8}$ " x 6" and $\frac{5}{6}$ " x 8" sizes.

BANDING STRENGTH TESTS

MAXIMUM BAND CAPACITY

These tests were conducted with special large steel fittings to illustrate the maximum recommended loadings of the stainless steel bands. Aluminum alloy fittings such as the BGA, HDBB, or BB are generally weaker than these values. For stronger hardware, contact the factory.
