## Update from the Choir Director Search Committee...

Our search for a Choir Director is underway. A special committee made up of Kathy Bixler, Kyle Bixler, Roger Emily, Becky Herald, Brian Herald, Ray Knight and Sandy Locke, with Don Summerfield as an ex-officio member, is currently at work gathering input from the music staff and choir, and drafting a job description and posting for the position of Choir Director at First Presbyterian Church of Jeffersonville.

The committee's hope is to advertise the opening and invite applications soon after Easter, to begin interviewing candidates in early-to-mid-May, and to fill the position by the middle of June.

As the committee goes about its work, please be in prayer that the search process will lead us to someone under whose leadership our choir will continue to thrive and make a joyful noise to the Lord.

Additionally, we give thanks to David Wagner and Steve Inman for their leadership of the choir during this interim period.

## A Word from Our Pastor . . .

There's a verse in Ephesians 4 that commends "speaking the truth in love" to one another within the church, and that's what a couple people did for me a while back. What they said was, "we've heard enough about the troubles in the Presbyterian Church (U.S.A) and about the challenges facing us as a congregation. What we'd like to hear more of are the possibilities and opportunities that we might build on."

Reflecting on that brought to mind a couple verses in Revelation 3. Both appear in messages dictated by the Risen Lord to John, who is told to write down what he's heard and pass it along to specific congregations. To the church in Philadelphia, among other things, the Lord says "Look, I have set before you and open door, which no one is able to shut. . ." And to the church in Laodicea he says, "Listen! I am standing at the door, knocking; if you hear my voice and open the door, I will come in to you and eat with you, and you with me."

In terms of the kind of fruitful, inviting and sustainable ministry we spent time talking about last year, it seems to me that "open doors" might represent opportunities that are right before us—at our feet, so to speak. One example is that we have a number of deeply committed, active adult women in our church who are already involved in groups like the Quilters, Church Ladies, Kitchen and Bazaar Committees. Recently, there've been some who've seen this as an open door to forming a Presbyterian Women's Group to meet together locally and connect with other PW's, both within the Presbytery and from the larger church. Likewise, we presently have over a dozen wonderful, enthusiastic youth in our congregation, along with a pool and ping-pong table equipped youth room, Karaoke machine, gym and bus. That's an open door as well, just waiting to be walked through.

As for "standing at the door and knocking," to me this speaks more of possibilities that are present but require some exploration (much like when you hear a knock and have to go see whether it's at the back, front or side door of the house). One knock we heard just last month came in the form of an invitation to apply (which we did) for a grant to fund a solar power system—something we already have on our list of Session approved unfunded projects and toward which we've received some initial gifts. Another "knocking sound" lies in the fact that we're in a neighborhood that's coming alive in all kinds of ways, and we're already out in it with some creative ministries like the outdoor worship events and Ecumenical Vacation Bible School we hold with our sister downtown churches, our partnership with Exit 0, and our own unique offerings of Wednesday and Saturday evening worship. What possibilities might these, and things we've yet to think of, hold for connecting us with our neighbors and introducing new friends to the life of our First Prez family?

We talked about these things in worship on 222 Day Weekend, and our Session plans to pursue the conversation further at its March 5 R&D (Reflection & Discernment) Night. In addition, let me encourage you to be thinking and praying about these things as well. Where do you see an open door? Do you hear any knocking sounds? They're out there—some are right under our noses! Our call is to be alert to them, to answer and to enter into them, as we seek to live into a fruitful, inviting and sustainable ministry, both in this 185<sup>th</sup> Anniversary year and for many years to come.

Grace and peace to all,

Don Summerfield

## Sheltering the Homeless . . .

Rev. Don asked me to give a report on Exit 0's recent cold weather sheltering at First Presbyterian Church.

I walked into the Taggart Hall gym on Thursday, February 19 (as I usually do on Thursday evenings) and immediately noticed a big change. I was experiencing things I had not seen before, and it was all happening right in front of my face. We all take the comforts of our homes and surroundings for granted, but the homeless do not have these 24/7 safe havens.

Mattresses with blankets and pillows were all over the floor. Cots that were 2 and 3 tiers high were being assembled everywhere. There were bags and boxes of belongings, along with a big harmless pit bull dog on a leash and a cat in a cage, on the stage. There was a doctor in the gym taking blood pressures, bandaging a knee and discussing prescriptions with the homeless. As I stepped into the atrium to talk to Don, I saw a woman cutting hair for both the women and the men. That sight took my breath away, and tears welled up in this old boy's eyes. I was dumbfounded and at a loss for words. As I went back into the gym, I saw ambulances at the street side entrance with their lights flashing in the parking lot and medics everywhere. One of the homeless men was experiencing some chest pains. After he was examined, it was determined that he had health concerns and was transported to the hospital.

We had 19 people on Tuesday February 17, the first night of the shelter's operation, and ended up with around 50 on Friday. Thanks to the congregation of First Presbyterian, 50 people with nowhere to go found a safe haven from the cold for the week. Paul and the helpers of Exit 0 are grateful to you for opening your doors during this emergency situation. My experience with it as a helper was an emotional rollercoaster ride, and I am humbled by your generosity.

## First Prez Green Team Task of the Month

*Each month, the First Prez Green Team is suggesting a task to help you be a more faithful steward of the Creation, while saving energy and money. Here's the task for March ...*

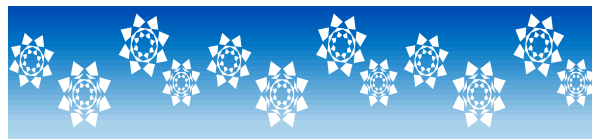

### Install a Programmable Thermostat

and set it to heat or cool your space only when needed

Through proper use of a programmable thermostat you can save about \$180 every year in energy costs.

Did you know that properly using a programmable thermostat in your home is one of the easiest ways you can save energy, money, and help fight global warming? A programmable thermostat helps make it easy for you to save by offering four pre-programmed settings to regulate your home's temperature in both summer and winter - when you are asleep or away. ## Immediate Help Needed for Snow & Ice Removal

The Property Committee needs 3 or 4 able-bodied individuals to assist with snow and ice removal this winter and possibly this weekend. We will be contracting with a company for heavy snow removal but will need to handle the 1 – 2 inch accumulations with volunteers. One volunteer per month for December, January, February and March would be most appreciated. If you can help, please contact Linda Keith at (812) 207-1403.
