The **Georgia Board of Dentistry** has eleven members who are appointed by the Governor, and is comprised of nine dentists, one dental hygienist, and one consumer member. The Board carries out its responsibility for protecting the public health in the practice of dentistry by regulating and enforcing the standards of practice.

Through the Dental Board's licensure process, the Board ensures that those applying for licensure in this state as a dentist or dental hygienist have acceptable education, training, and personal character to safely practice in Georgia. In carrying out its regulatory functions, the Board sets and defines standards to draw the line between safe and dangerous dental practices.

The Georgia Board of Dentistry regulates approximately 4,914 dentists; 5,489 dental hygienists; 62 dental teachers, and 13 dental hygiene teachers. It fulfills its enforcement responsibilities by identifying and sanctioning those who practice below the accepted standards of the profession, or without the necessary qualifications. The Georgia Board of Dentistry generally meets once each month.
