## **Bowel Disease Study Day:**

An essential update for GPs on  
the diagnosis and management  
of bowel diseases

---

### **Including:**

- Bowel cancer screening
- IBD, IBS and diverticular disease
- Anal problems, rectal bleeding,  
diarrhoea and constipation

**Manchester, 7 March 2013 | Birmingham, 19 March 2013**

The Department of Health has assisted with the funding of these events.

# Bowel Disease Study Day

These free study days are designed for GPs and GP trainees to aid early detection of bowel cancer and to ensure best practice in the diagnosis and management of both minor and serious bowel problems.

## **The study day aims to:**

- Increase knowledge of screening and the management and referral guidelines for high risk individuals
- Increase knowledge of how to differentiate patients who need further assessment and by whom
- Increase knowledge on how to differentiate minor from more serious bowel symptoms and their management.

## **Delegate registration**

These study days are free however there are limited places and the charity reserves the right to make a charge of £60 if delegates are unable to attend and do not notify the charity before the event.

## **CPD accreditation:**

These events are currently being assessed for CPD accreditation. Updates on this can be found on our website.

# Programme

Start: 09.30 | Lunch: 12.45 | Finish: 16.45

## HOW CAN WE DECREASE BOWEL CANCER MORTALITY?

- **Update on the national bowel screening programme and flexible sigmoidoscopy**
- **Update on screening and surveillance for those with a family history / at higher risk**
- **New diagnostic techniques**

## UPDATE ON THE MANAGEMENT OF BOWEL DISEASE

- **Update on the medical management of diverticular disease**
- **Update on the medical management of Inflammatory Bowel Disease and Irritable Bowel Syndrome**

## MANAGEMENT OF RECTAL BLEEDING AND ANAL PROBLEMS

- **Update on the assessment and management of rectal bleeding**
- **Update on the management of local anal problems**

## MANAGEMENT OF DIARRHOEA

- **Update on the assessment and management of diarrhoea including those with IBD, IBS, coeliac disease and colorectal cancer**

## MANAGEMENT OF CONSTIPATION

- **Update on the assessment and management of constipation and it's causes**

There will be an opportunity at the end of each session for Q&A.  
Speakers are still being confirmed. The most current information can be found at [www.bowelcanceruk.org.uk](http://www.bowelcanceruk.org.uk)
