HCS CHROMEBOOK ORDER FORM

All HCS middle school students receive a Chromebook when they enter the middle school. This Chromebook is theirs for as long as they attend HCMS. When graduating or leaving HCMS they will be able to take their Chromebook with them. (Students not attending for the full three years will be able to purchase their Chromebook at a reduced price.)

All Chromebooks come with a one-year manufacturer warranty that covers component failure that is not the fault of the owner. The warranty does not cover damage determined to be accidental or the result of negligent use or treatment; or the cost of replacement due to the loss of a Chromebook or power cords.

Parents must provide the following things before they receive their child's Chromebook:

- 1. This signed Technology Maintenance and Support Agreement with Option 1 or 2 below selected.
- 2. A check payable to Hudsonville Christian Middle School if you are ordering a touch screen.

3. *****	Signed parent and student <u>Technology Acceptable use form</u> . ************************************
Please	indicate which Chromebook you are ordering:
	Acer C740 Non-Touch screen Chromebook (No ordering cost)
	Acer C720 TOUCHSCREEN Chromebook @ \$40.00 upgrade charge per device
<u>Protecti</u> ●	ion and Repairs: A ruggedized or padded carrying case or sleeve is strongly recommended for your chromebook. "Always on" ruggedized cases provide the most protection. These can be purchased at many local retailers or online, just make sure you purchase one

- designed for the model chromebook you are purchasing.
 You will have an option to purchase an extended warranty/accidental damage coverage through Acer. (More information will be sent home in August) This is optional and school makes no money on this plan. You are encouraged to consider this plan,
- especially if you are ordering a touch screen due to the fact that the plan costs less than one screen repair.
 If you choose not to order the protection plan from Acer, you will be charged for parts and shipping of parts(outside of 1 year manufacturers warranty), but not labor for replacing parts while you are enrolled at HCS.
 - O Typical part costs are as follows (Prices subject to change with or without notification)
 - Non Touch LCD \$65
 - Touch LCD \$120
 - Battery \$37
 - Keyboard or Touchpad \$35
 - Mainboard \$145
 - Chromebook Replacement \$300
- All issues and repairs should first be brought to the HCMS technology staff to assess problems and see what parts are needed. Staff will then contact parents/guardians with options for proceeding.

My signature below indicates that I have read this agreement, understood it, and agree to be bound by the terms. I understand that this Maintenance and Support Agreement covers the Chromebook for all the years my child attends Hudsonville Christian Middle School.

Parent/Guardian Name:				Date:	
	Print		Signature		
Student Name:		Grade:	School Year:		
TOTAL AMOUNT on ATTACHED	CHECK:				
Cost of TOUCHSCREEN Chromebook\$40.00 per device					

This form must be signed and returned to the Middle School office no later than Friday, June 5. Payment made out to 'Hudsonville Christian Middle School' must be attached to the form if purchasing a touch screen. Failure to complete the form by June 5 will result in a C740 non-touch screen device to be ordered for your student, and loss of the option for a touch screen device.
