## Three Day Course – \$1195

# AS9100B Internal Auditor

The AS9100B Internal Auditor course provides participants with the knowledge and skills to help manage and conduct an effective AS9100B internal audit program within your organization. It also prepares internal auditors to perform effective process audits that help you build value within your organization. The course includes exercises that help develop practical skills and experience with auditing to the AS9100 standard. The course also addresses the requirements of ISO 19011:2002, SAE AIR 5493A ('Requirements for the Development, Implementation and Control of Aerospace Auditor Training') and AS9104 ('Requirements for Certification/Registration of Aerospace Quality Management Systems').

## Course Materials Include:

AS9100 Revision B

ISO 19011:2002 Guidelines for Quality and/or Environmental Management Systems Auditing

AS9101C

## eLearning

CSA now offers a catalogue of on-line courses, tools, and solutions. Learn and practice skills at your own pace, wherever you are, in a cost-effective manner. Programs available include:

**An Introduction to ISO 27001.** Provides an overview of the Information Security Management System standard.

**Business in Balance:** An Introduction to ISO 14001:2004. This training tool is designed to help you understand the basics by observing the standard in action.

**Quality at Work:** An Introduction to ISO 9001:2000. Designed to help you understand the essentials and how implementing this standard can help your organization.

**Plus many more.** Click here for more information:
