“I strongly believe in the power of technology to drive individual education for our students. Teaching our students how to use technology to educate themselves and as a tool for their future is our responsibility as educators. Use in classrooms is monitored in a safe, learning environment in which teachers teach about communication safety online and in text. Students, when given direct teacher permission, may use any technology device they choose to collaborate, create, explore and enrich their education. Students may not use devices outside of the classroom, unmonitored by CDMS staff. I appreciate your support of our technology policies and our efforts in ensuring our students are prepared for the workforce of the future.” Lori A. Sheffield, CDMS Principal.

Acceptable Use Policy for Mobile Devices

1. Purpose

1.1. The widespread ownership of mobile devices among young people requires that school administrators, teachers, students, parents/guardians take steps to ensure that these tools are used responsibly at school. This Acceptable Use Policy is designed to ensure that potential issues involving mobile phones, iPod Touches, iPhones, iPads and other personal devices can be clearly identified and addressed, ensuring the educational benefits of such devices can to be enjoyed by our students.

1.2. Castle Dome Middle School has established the following Acceptable Use Policy for mobile devices that provides teachers, students, parents/guardians guidelines and instructions for the appropriate use of devices during school hours.

1.3. Students and their parents/guardians must read and understand the Acceptable Use Policy before students are given permission to bring mobile phones to school.

1.4. The Acceptable Use Policy for mobile devices applies to all times students are on school grounds, including during school activities, and extra-curricular activities.

1.5. This Policy will be available as a Google doc for staff access, on Edmodo CDMS site and on CDMS website. A paper copy in both Spanish and English will be available upon request in the main office.

2. Rationale

2.1. Personal safety and security

Castle Dome Middle School accepts that parents/guardians give their children mobile phones to protect them from everyday risks involving personal security and safety. There is also the desire to keep in contact with students participating in extra curricular activities after school. It is acknowledged that providing a child with a mobile phone gives parents reassurance that they can contact their child if they need to speak to them urgently.

2.2. Technology era

The world of work is rapidly changing. Expectations for collaboration and management of tasks using technology exist in nearly all careers. At CDMS, we acknowledge the fact that in most homes there are more technology devices than

toothbrushes. Our students live in a digital age. Powering down for education is not teaching them the skills required for life.

2.3. Rapid Growth in Technology

Due to the rapid rate of growth and change in the world of mobile devices, this document is to be considered a “living” document, subject to regular changes and modifications. Such changes will be designed to ensure effective integration of technology to drive education and student learning; ensure student safety in regards to digital content and reinforce acceptable usage.

3. Responsibility

3.1. It is the responsibility of students who bring mobile phones to school to abide by the guidelines outlined in this document.

3.2. The decision to provide a mobile device to their children should be made by parents/guardians.

3.3. Parents/guardians shall be aware if their child takes a mobile device to school.

3.4. Permission to have a mobile device at school while under the school’s supervision is contingent on parent/guardian permission in the form of a signed copy of this policy. Parents/guardians may revoke approval at any time. School administration may revoke approval due to improper use of technology.

3.5. Students and families are responsible for keeping the school informed of their current mobile phone number and any changes.

3.6. The school agrees that both home and school are responsible for teaching digital citizenship. At school, regular discussions regarding proper etiquette, safety and responsible use will be infused into assignments and activities across classrooms. Formal lesson plans regarding digital citizenship are taught within our Computers courses and 6th grade Citizenship wheel course.

3.7. Students are responsible for connecting to YETC_Student network wifi while on any mobile device on school grounds. This is a secured network with security blocks enabled to meet school district mandates. Staff is responsible for clearly posting in classrooms how to log into YETC_Student network.

Acceptable Use Policy for Mobile Devices

3.8. Students are responsible for keeping personal devices charged. School does not have charging stations for personal devices.

4. Acceptable Uses

4.1 The school recognizes the importance of emerging technologies present in modern mobile devices e.g. camera and video recording, Internet access, MP3 and MP4 playback, blogging etc. Some teachers may wish to utilize these functions to aid teaching and learning. Pupils will have the opportunity to use their mobile devices in the classroom. On these occasions pupils will use their mobile devices in the classroom when the teacher has given express permission.

4.2. Parents/guardians are reminded that in cases of emergency, the school office remains a vital and appropriate point of contact and can ensure your child is reached quickly and assisted in any appropriate way. Distractions to the educational process due to phone calls or text to and from home should be avoided. During school hours, student phone calls will take place in the school office. Phones will be turned on only with teacher permission for educational purposes.

4.3. While on school premises; students will use soundless features such as text messaging, answering services, call diversion and vibration alert to receive important calls.

4.4. Mobile devices shall not be used in any manner or place that is disruptive to the normal routine of the school.

4.5. Students will protect their phone numbers by only giving them to friends and keeping a note of which they have given them to. This can help protect the student's number from falling into the wrong hands and guard against the unwanted contact of voice, text and picture messages.

5. Unacceptable Uses

5.1. Unless express permission is granted, mobile devices will not be used to make calls, send SMS messages, surf the Internet, take photos, video record or use any other application during school lessons and other educational activities.

5.2. The Bluetooth function of a mobile device must be switched off at all times and not be used to send images or files to other mobile devices.

Acceptable Use Policy for Mobile Devices

5.3. Mobile devices must not disrupt classroom lessons with ringtones, music or beeping.

5.4. Using mobile devices to bully and threaten other students is unacceptable and will not be tolerated. In some cases it can constitute criminal behavior.

5.5. It is forbidden for students to “gang up” on another student and use their mobile devices to take videos and pictures of acts to denigrate and humiliate that student and then send the pictures to other students or upload it to a website for public viewing. This also includes using mobile devices to photograph or film any student or teacher without their consent. It is a criminal offence to use a mobile phone to menace, harass or offend another person and almost all calls, text messages and emails can be traced.

5.6. Mobile devices are not to be used or taken into changing rooms or toilets or used in any situation that will cause embarrassment or discomfort to their fellow students, staff or visitors to the school.

5.7. Should there be repeated disruptions to lessons caused by a mobile device, the responsible student will face disciplinary actions as sanctioned by administration and district Discipline Matrix.

6. Theft or Damage

6.1. Students shall mark their mobile device clearly with their names.

6.2. Students who bring a mobile device to school must keep it in their bag when they arrive. To reduce the risk of theft during school hours, students who carry mobile devices are advised to keep them well concealed and not ‘advertise’ they have them.

6.3. Mobile devices that are found in the school and whose owner cannot be located must be handed to front office reception.

6.4. The school accepts no responsibility for replacing lost, stolen or damaged mobile devices.

6.5. The school accepts no responsibility for students who lose or have their mobile devices stolen while travelling to and from school.

Acceptable Use Policy for Mobile Devices

6.6. It is strongly advised that students use passwords/pin numbers to ensure that unauthorized phone calls cannot be made on their phones (e.g. by other students, or if stolen). Students must keep their password/pin numbers confidential. Mobile devices and/or passwords may not be shared.

7. Inappropriate Conduct

7.1. Any student/s caught using a mobile device to cheat in exams or assessments will face disciplinary action as sanctioned by the principal and YESD1 Discipline Matrix.

7.2. Any student who uses vulgar, derogatory, or obscene language while using a mobile device will face disciplinary action as sanctioned by principal and YESD1 Discipline Matrix.

7.3. Students with mobile devices may not engage in personal attacks, harass another person, or post private information about another person using SMS messages, taking/sending photos or objectionable images, and phone calls. Students using mobile phones to bully other students will face disciplinary action as sanctioned by the principal and YESD1 Discipline Matrix.

It shall be noted that it is a criminal offense to use a mobile device to menace, harass or offend another person. As such, if action as sanctioned by the principal is deemed ineffective, as with all such incidents, the school may consider it appropriate to involve the police.

8. Sanctions

8.1. Students who infringe the rules set out in this document could face having their phones confiscated by teachers and/or school administration.

8.2. Depending on severity and type of offense, the first infringement of this policy will minimally result in the mobile device being confiscated by the teacher and taken to a secure place within the school office. The student will be able to collect the mobile device at the end of the school day and a record will be made of the incident. A letter will also be sent to the parent/guardian to inform them of the incident. The location and form of the secure place will be one deemed appropriate by the school administration. Depending on severity, the school reserves the right to withdraw the agreement to allow the student to bring the mobile device to school.

Depending on severity and type of offense, the third infringement of this policy will minimally result in the mobile phone being confiscated by the teacher and taken to a secure place within the school office. Parents will be notified and the pupil will not be permitted to collect the phone without a parent/guardian present. After the third infringement, the school will withdraw the agreement to allow the student to bring the mobile device to school.

8.5. As set out in the previous section, failure to heed the rules set out in this document will result in an alleged incident being referred to the police for investigation. In such cases, the parent/guardian will be notified immediately.
