Habit 7- Sharpen the Saw

Sharpen the Saw means to have balance in your life. Just like a car needs four tires to operate smoothly, your child has four parts: body, brain, heart, and soul. All four parts are needed to operate smoothly.

Display this page where you and your child will see it. Sit and talk with your child. Write down things he/she can do to Sharpen the Saw.

These are things I can do to Sharpen My Saw!

I am a Leader – I Sharpen the Saw!
