AAU Member Club Compliance Form

CONCUSSION LAW REQUIREMENTS / SUDDEN CARDIAC ARREST AWARENESS

Required by AAU Event Operators to participate in AAU Licensed Events

HB1824, otherwise known as the Zachery Lystedt Law, was signed into law on May 14, 2009. It requires, as of July 26, 2009, that additional steps be taken regarding concussions in private nonprofit youth athletic programs using school district facilities, furthermore any facility used for athletic programs. This bill requires training and documentation which AAU Member Clubs must adhere to. AAU players and their parents/guardians must meet these minimum requirements and submit the required documents along with the tournament entry form.

SB 5083, otherwise known as Sudden Cardiac Arrest Awareness legislation requires that all coaches complete an online course and print a certificate of proof prior to the start of the basketball season. That certificate must be remitted to the Wenatchee Youth Basketball office prior to participation in any events sponsored by Wenatchee AAU.

1. All AAU member coaches will have to take training on the nature and risk of concussions and head injury including continuing to play after a concussion or head injury. All AAU member coaches must complete Sudden Cardiac Arrest Awareness training as well.
2. On a yearly basis, a Concussion and Head Injury Waiver, as well as a Sudden Cardiac Awareness Waiver shall be signed and returned by the youth athlete and athlete's parents/guardian prior to the youth athlete's initiating practice or competition.
3. All athletes suspected of suffering a concussion or brain injury will be removed from practice or competition and not returned to play until cleared in writing by a licensed health care provider trained in the evaluation and management of concussions (Medical Doctors, Doctor of Osteopathy, Advanced Registered Nurse Practitioner, Physicians Assistants, and *Certified Athletic Trainers*). If a player is suspected of suffering Sudden Cardiac Arrest – call 911 – and follow the instructions as presented in the training. All athletes suspected of Sudden Cardiac Arrest, must be cleared by a health care provider – such as a physician assistant, advanced practice nurse or cardiologist.
