

BSW Final Evaluation Example

Introduction

The BSW Final Evaluation is a product of the Learning Agreement, which adheres to the practice competencies and their corresponding practice behaviors in generalist social work education that the Council on Social Work Education (CSWE) requires of all BSW programs. TUW expects that all students enrolled in the BSW program attempt to achieve these practice behaviors during their field placement (FP).

Please rate the student's ability to perform each practice behavior according to the scale below.

A rating of 3 is equitable to adequate competence for a beginning practitioner. If you'd like, you may make additional comments under any of the competency categories.
