

Cumulative Risk Diagnostic Clinic Confirmation Letter of Prenatal Alcohol Exposure

As part of intake process we are requesting the following information as we are not able to make a Fetal Alcohol Spectrum Disorder (FASD) diagnosis without confirmation of prenatal alcohol consumption. This information must be reported by the birth mother or by someone who witnessed the birth mother consume alcohol during her pregnancy. If report is gathered via other sources please attach documentation i.e. extended family report, child welfare report, medical records, adoption files etc.
