I feel that BLM needs to keep their existing land and not let the Sonoran Desert Heritage try to put it in wilderness. I feel that BLM has all the laws for our trails and road we need. And we don't need to close it to wilderness. In closing it down to wilderness could cause some serious problems with the illegals and drug runners using this land for their gateway. Due to the fact that it would not be patrolled and can't be due to it will be wilderness. We are too close to the border for this. We need control. Not only for this but I do very much enjoy traveling the existing road and trail in the proposed area. We hunt, camp and jeep. I have brought family up in all of these areas. Thank you for letting me submit my comment. Darla Carter
