In accordance with NRS 450B.525, a parent or legal guardian of a minor may apply to the health authority for a do-not-resuscitate identification on behalf of a minor if the minor has been determined by his attending physician to be in a terminal condition and has been issued a do-not-resuscitate order pursuant to NRS 450B.510

An application submitted must include, without limitation; certification by the minor's attending physician that the minor suffers from a terminal condition and has been issued a do-not-resuscitate order pursuant to NRS 450B.510; a statement that the parent or legal guardian of the minor does not wish that life-resuscitating treatment be undertaken in the event of a cardiac or respiratory arrest; the name of the minor; the name, signature and telephone number of the minor's attending physician and the name, signature and telephone number of the minor's parent or legal guardian.

The parent or legal guardian of the minor may revoke the authorization to withhold life-resuscitating treatment by removing or destroying, or requesting the removal or destruction of the identification or otherwise indicating to the person that he wishes to have the identification removed or destroyed.

Do-Not-Resuscitate Identification will be a card and document issued by the Nevada State Health Division signifying the person is a qualified patient who wishes not to be resuscitated in the event of cardiac or respiratory arrest. NRS 450B.410.

Life-resuscitating treatment means cardiopulmonary resuscitation (CPR) or any of its components including chest compressions, defibrillation, cardioversion, assisted ventilation, airway intubation and administration of cardiotoxic medications.
